(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. Under current law, each school district, board of cooperative services that operates a school, and charter school (local education provider) must adopt a written policy and procedure by which a parent may excuse his or her student from participating in the state assessments. The bill clarifies that the local education provider determines whether notice from the parent must be in writing.

Under current law, a local education provider shall not punish a student whose parent excuses him or her from taking a state assessment. The bill clarifies that a local education provider also shall not prohibit the student from participating in an activity or receiving any other form of reward that recognizes participation in the state assessments. If a local education provider does not comply with these restrictions, the department of education must note the failure to comply on the performance report prepared for the local education provider and for the specific public school if the local education provider is a school district or board of cooperative services. If a local education provider fails to comply 3 or more times during a school year, the state board of education must impose a significant penalty, as provided by rule, on the local education provider in calculating the local education provider's accreditation rating for that school year.

1 *Be it enacted by the General Assembly of the State of Colorado:*
