## Summary of Legislation

The bill amends statutes related to state office recall elections, and filling local government vacancies. Notable among its many changes, this bill:

- standardizes the process to replace city council members, mayors, and public trustees when a vacancy occurs or a municipal official is removed or recalled from office; and,
- requires city clerks to call special elections to fill municipal vacancies if the city council lacks a quorum to appoint a replacement; and,
- makes several changes to the requirements for municipal recall elections, including clarifying signature requirements and deadlines.

## State Expenditures

The Department of State (DOS) will have a minimal increase in workload to adjust internal documents and update public information resources. No appropriation is required for these efforts.

## Local Government

Workload will minimally increase for municipalities to update policies, procedures, and public information sources to align with the bill's requirements and clarifications. Overall, the bill is not expected to change current practices for municipalities regarding appointing replacement officers or holding special elections in the event of vacancies in the offices covered by the bill.

## Effective Date

The bill was signed into law by the Governor on April 17, 2023, and takes effect on August 7, 2023, assuming no referendum petition is filed.
