**Measure:** Initiative 328 – CONGRESSIONAL REDISTRICTING

**Analyst:** Hamza Syed, hamza.syed@coleg.gov, 303-866-4976

**Date:** April 13, 2026

---

### Fiscal Summary of Initiative 328

This fiscal summary, prepared by the nonpartisan Director of Research of the Legislative Council, contains a preliminary assessment of the measure's fiscal impact. A full fiscal impact statement for this initiative is or will be available at [leg.colorado.gov/bluebook](http://leg.colorado.gov/bluebook). This fiscal summary identifies the following impact.

#### State Expenditures and Revenue

By creating a new congressional map to be used in the 2028 and 2030 elections, the measure minimally increases workload for the Department of State to make adjustments to the statewide voter database, revise communications with county clerks, and update voter information materials. The department may also have increased workload to remedy any errors with the measure's map. The measure also increases workload for district courts to review the new map.

#### Local Government

Counties will have increased workload to update their address libraries and precincts for changes to congressional voting districts. County clerks may need to update submissions to the statewide voter database and inform voters on the changes to their district.

#### Economic Impact

The measure has no impact on the state's economy.
