53 And to Representatives Tony Exum Sr. and Larry Liston, both of El Paso County,
54 welcome back!

1 And thanks to all members, old and new, for your energy and ideas. Many thanks for
2 your patience and devotion, which will be tested over the 500-plus hours we will be
3 working together here on the floor and in committee.
4
5 And to our family members, please know that you are always welcome to visit us
6 during the long hours ahead. Your support is critical to our success; so to all of the
7 family members here today -- thank you.
8
9 We are here because we care about Colorado.
10
11 All of it.
12
13 My district and my house are in Denver. But my home extends across Colorado. I
14 grew up in Arvada and Northglenn. And my family has a ranch that is just west of
15 Trinidad.
16
17 I care deeply about the people of our state – the city dwellers of my district, the
18 commuters of our fast-growing suburbs and the farmers and ranchers who, like my
19 family, have Colorado roots going back many generations.
20
21 In my family, each generation worked to make life a little bit better for the next.
22
23 My grandmother on my mom’s side could not read. She left school in the third grade
24 to help care for her younger brothers and sisters.
25
26 My grandfather on my dad’s side worked long hours at the CF&I steel mill in Pueblo
27 for 38 years, and is here with us today.
28
29 But they pushed their children to aim higher.
30
31 My dad worked in a tire shop to put himself through college. My mom raised three
32 kids and was the first in her family to go to college as well. With hard work and strong
33 families to rely on, they built middle-class lives for themselves and for my brother, for
34 my sister and for me.
35
36 My parents showed me the absolute value of hard work. They taught me the
37 importance of integrity -- that if you give your word, you must keep it. They showed
38 me that with education and dedication I could reach my full potential.
39
40 My story is unique but at the same time not at all uncommon. And that is how it
41 should be:
42
43 America should provide opportunity for people to succeed if they put in the hard work,
44 regardless of their background.
45
46 If I asked the other 64 of you, many of you probably have variations of the very same
47 story. Whether you’re a first- or a sixth-generation American or have roots dating back
48 to this country before it was one, many of you have shared in some way a similar path
49 toward prosperity and opportunity.
50
51 It’s the American story, but not one that we can take for granted.
52
53 Even today, eight years removed from America’s last great economic downturn, too
54 many Colorado families still face daunting challenges.
55

1 Some parents struggle with heavy debt and worry about being able to put their kids
2 through college.
3
4 Other Coloradans are being priced out of their homes in the very communities that
5 they grew up in.
6
7 Or they struggle with the high cost of childcare.
8
9 Some have a son or daughter who suffers from substance abuse, mental illness or
10 disability.
11
12 Or they have a sick loved one at home or must take care of an elderly parent, but
13 cannot afford to take a single day off work.
14
15 And it's astonishing that in the year 2017 too many women and too many Latinos and
16 African Americans still aren't paid equal pay for equal work.
17
18 Our work here for the next 120 days is to serve everyone in our state by making it
19 easier to succeed.
20
21 Government is not intended to work only for those at the top, or for those with the
22 lowest incomes. Government is intended to work for everyone.
23
24 Too often, those in the middle feel left out.
25
26 Let's strive to level the playing field for all and reward those who accept their
27 personal responsibility to work hard --
28
29 by valuing their work with fair pay --
30
31 By giving employees access to retirement savings accounts, so that middle-class
32 Coloradans can actually retire after years in the workforce --
33
34 Let's listen to the people who elected us by focusing on the issues they deal with
35 every day -- and working together to provide solutions.
36
37 Let's start this session by making housing more available to middle-class Coloradans
38 without jeopardizing the rights of consumers.
39
40 Before opening day, President Grantham and I said this may be the year when we can
41 make progress on construction defects reform.
42
43 Well today is the day. Today, progress has come.
44
45 President Grantham and I, with Assistant Minority Leader Wist and Senator Williams,
46 are introducing a bill that will address high insurance rates, one of the root causes
47 making it harder to build more new condos.
48
49 This bipartisan problem-solving is not new to Colorado.
50 Together, Republicans and Democrats, we've done things to improve the lives of
51 many -- like when we passed bipartisan legislation to open a pipeline between young
52 Coloradans just entering the workforce and the careers that await them in Colorado's
53 fast-growing advanced industries and technology sector.
54
55 The law created an internship program allowing Colorado high school and college
56 students to gain on-the-job experience in high-tech industries.

1 Relius Medical, a manufacturer of specialized medical devices in Colorado Springs,
2 won a spot in the program, hired three interns through Pikes Peak Community College
3 and recently promoted two of those interns to be full-time employees.

4
5 Emerson Hauptli, one of those former interns, is with us today, along with Eric
6 Knutson, the CFO of Relius. On behalf of more than 200 interns and more than 100
7 Colorado companies that have benefited from this program, gentlemen, please stand
8 to be recognized.

9
10 We also recognize that a good job may not be enough to be able to afford a decent
11 place to live, which is why we passed, with bipartisan support, tax-free savings
12 accounts for first-time homebuyers and a tax credit for developers to build or
13 redevelop affordable housing. Today we have with us Stan Strelecki, a Navy veteran
14 whose home was developed with the assistance of a credit from the program.

15
16 Mr. Strelecki, I'm glad that together we could assist you, along with thousands of
17 others across Colorado, to have a safe and affordable place to live. Please stand so we
18 can thank you for your service to our country.

19
20 Lastly, I want to recognize the bipartisan work that went into helping Coloradans who
21 otherwise would have had no chance at a college education reach their American
22 Dream.

23
24 In 2013 we passed a law called ASSET. The bill made in-state tuition available to
25 students who had grown up in Colorado and graduated from a Colorado high school,
26 regardless of their immigration status.

27
28 Now more than a thousand students – students who were brought to this country as
29 young children and are Coloradans in every way except for a piece of paper -- have a
30 chance to do what would otherwise be nearly impossible: earn a college degree.

31
32 One of those students is Daniela Murillo, a Denver resident since the age of 4 and now
33 a student at CU Denver. The state of Colorado invested in Daniela's K-12 education,
34 and now, under ASSET, we are helping her reach her potential by earning a college
35 degree and making a bigger contribution to Colorado's prosperity.

36
37 Daniela, thank you for joining us here today.

38
39 Emerson, Eric, Stan and Daniela are symbols of the progress we've made in Colorado.

40
41 They are real-life examples of what is possible when we put partisanship aside and put
42 people first.

43
44 For them and many thousands more, we have made Colorado's celebrated quality of
45 life more accessible.

46
47 This is Colorado's promise. Let's build on it by solving real problems.
48 Let's make the road to prosperity a little easier. Literally.

49
50 Let's reach bipartisan consensus on a statewide transportation plan – a plan that
51 overhauls our fast-decaying infrastructure and meets the needs of our rapidly growing
52 state.

53
54 We need a plan that focuses not just on moving cars down the road, but on moving
55 people. We need to accommodate our state's increasing productivity and population,
56 which is growing by 250 people per day.

1 Anyone who's been on I-25 at rush hour, anywhere from Fort Collins to Pueblo,
2 knows the need is real.
3
4 With a statewide transportation plan that infuses new resources into our state's most
5 critical needs, we put more Coloradans to work. We improve our state's quality of life.
6 And we increase the productivity of our Colorado businesses.
7
8 Almost half of our bridges need preventive maintenance. Almost eighty percent of our
9 highways will need repairs or major reconstruction in the next ten years.
10
11 We all know that potholes and rough roads are causing damage to our tires and cars.
12
13 Additional funding will allow us to improve our roads and bridges, to maintain our
14 existing infrastructure and avoid costly repairs, and to create more transportation
15 options for more people, including bus and rail service and flexible transportation
16 options for elderly Coloradans and those with disabilities.
17
18 I am pleased to say members of all four caucuses are engaged in promising discussions
19 to create a bipartisan proposal to send to Colorado voters that is comprehensive, that
20 will provide new resources, and that will benefit our entire state – from the rural
21 eastern plains and Western Slope to our busy urban corridor.
22
23 Let's send the voters a plan with dedicated transportation projects that are transparent
24 and accountable to taxpayers and won't take money from our schools. Let's make sure
25 that promises made are promises kept.
26
27 While transportation will be a big topic this year, there's another we cannot lose focus
28 on. Education remains one of our state's greatest challenges.
29
30 While some of our schools are thriving, others are struggling mightily.
31
32 The state simply doesn't have the money right now to make sure every boy and girl
33 in Colorado has the tools to succeed and reach their full potential.
34
35 Some students are being left behind. We're missing an opportunity to teach thousands
36 of young Coloradans who need vital 21st-century skills in computer science and digital
37 literacy.
38
39 The system is not serving all of the people of Colorado.
40 We've been getting by with band-aids for a while, but it is not enough.
41
42 I say let's have a real discussion about ways to actually solve our education issues for
43 the long term. Let's make a case to Coloradans that something needs to be done, and
44 offer some ideas to do it.
45
46 I have heard from many of you some very interesting ideas – some that are new, some
47 from years past – for how we begin to untangle our budget mess, which is the root
48 cause of our education struggles. These ideas are coming from both sides of the aisle.
49
50 Let me be clear: if we do nothing, our state's continued prosperity is at risk. If we
51 cannot fund our schools, if we cannot provide families an affordable college
52 education, then we are not delivering what the people of Colorado need.
53
54 My door is always open to anyone with a constructive concept to move us forward. I
55 don't care what it is or who it comes from.
56

1 Here's what I most definitely will not be receptive to: As speaker of the Colorado
2 House of Representatives I will stand firm against divisive language and divisive
3 policies that are sure to destroy Colorado communities and undermine our economy.
4
5 We cannot tolerate attacks on women and people of color. We must stand up for those
6 who might otherwise be shoved down or pushed aside.
7 Our continued success as a state and a nation are not guaranteed. There is a dangerous
8 movement afoot that threatens to rip our social fabric and unwind decades of good
9 work by members of both political parties.
10 It goes beyond mere partisan jockeying.
11 It is an elevation of hate and fear.
12
13 If we let it catch hold --
14
15 if we normalize language and behavior that is simply not normal --
16 if we do not call out hate and racism when we see it --
17 if we do not defend our foundational values --
18
19 Well then our democracy itself is at risk.
20
21 But it doesn't have to be.
22
23 I ask all of you in this room to join me in defending the ideal of an inclusive Colorado.
24 Of one that does not permit bullying of people because of their gender, race, religion,
25 nationality, or sexual orientation.
26
27 Inclusiveness cannot be dismissed as political correctness. It is a fundamental tenet of
28 our state and of our nation.
29
30 Inclusiveness is part of who I am. My parents named me Crisanta believing that in an
31 inclusive America it would not be a wall to my success.
32
33 Inclusiveness is not some recently discovered virtue. The leaders of our state
34 celebrated it in stained glass when they commissioned the portrait above us,
35 commemorating Barney Ford, a former slave who became a prominent Colorado
36 businessman and a civil rights leader.
37
38 Down the hall in the Old Supreme Court chamber are stained glass images of Native
39 Americans and African-Americans, as well as immigrants from Mexico and Asia. All
40 contributed to the development of our state.
41
42 Colorado's people and leaders have recognized throughout our history that
43 inclusiveness makes our state stronger.
44
45 It is why in 1893 Colorado was the first state to pass a referendum by popular vote
46 extending suffrage to women.
47
48 It is why during World War Two our former Governor Ralph Carr stood up -- at great
49 political expense -- when Japanese residents, many of them citizens of this nation,
50 were interned at a camp near Granada, Colorado.
51
52 And it's why in 2014 our current governor, John Hickenlooper, formally offered a
53 brave, belated apology to the descendants of the Sand Creek Massacre of 1864, saying
54 at the ceremony, "We should not be afraid to criticize and condemn that which is
55 inexcusable."
56

1 Members, none of us should be afraid to condemn that which is inexcusable. Let's
2 elevate inclusiveness, not tear it down.
3
4 We must rise above ugly politics to forge a new path forward.
5 The people of Colorado are depending on us to make a difference beyond the talking
6 points, the Twitter feeds and the headlines.
7
8 It is our time to govern -- together. It's our time to deliver results on the issues that
9 Coloradans care about most.
10
11 We must challenge ourselves to sit down with people who may have a different view
12 than our own and find common ground.
13
14 Anything is possible when everyone has a seat at the table and we pledge to work
15 together.
16
17 I know there's a lot of cynicism about government today. About legislative bodies like
18 this one. About the dark money spent on political campaigns.
19 I get it. People feel frustrated and at times even angry. They feel their concerns are
20 ignored and their families are getting left behind.
21
22 And it's true: there can be a disconnect between the issues people deal with daily and
23 the issues they hear about on the evening news.
24
25 That's on all of us to try to fix. And the way to do that is to keep Washington-style
26 politics outside of this room.
27
28 This is not Washington DC. This is Colorado -- and in my opinion, it's the best place
29 in the world.
30
31 People want to come here, to live here, to share all the things that make Colorado a
32 very special place to live, where we enjoy clean air, clean water, and our beautiful
33 mountain views.
34
35 Our task is not only to preserve what makes Colorado so great, but to make it even
36 better.
37
38 While I am speaker, I will always try to steer this body, and our state, toward the same
39 goal as my parents had for me -- making it better for the next generation.
40
41 Our goal must be a Colorado where no one is taken for granted and no one is left
42 behind.
43
44 Thank you.

45
46
47 Minority Leader Neville addressed the members of the House of
48 Representatives:

49
50 Madam Speaker, Madam Majority Leader, esteemed colleagues and honored guests,
51 welcome to the First Regular Session of the 71st General Assembly. I would like to
52 congratulate our returning members and all of the newest members for winning the
53 support of their district. Representatives Beckman, Benavidez, Bridges, Catlin,
54 Coleman, Covarrubias, Exum, Gray, Hansen, Herod, Hooton, Jackson, Kennedy,
55 Lewis, Liston, Mckean, McLachlan, Michaelson Jenet, Valdez, Weissman, and
56 Williams. I remember my first day, and it will go fast, make sure you take a moment

1 to look around and let this amazing experience *sink in*. Serving in the state legislature
2 is a distinct honor, and I look forward to working with all of you.
3

4 I would like to thank Marilyn Eddins for her role in the continued renovation of this
5 chamber and the state capitol. I would also like to thank the teams from Spectrum, GH
6 Phipps, and Fransen and Pittman, and the members of the capitol complex who have
7 worked around the clock to ensure this historic building was ready for this session.
8 Thank you for your hard work, we all appreciate it.

9 I want to thank my wife Kristi and my family for their support, and think we should
10 take a minute to acknowledge all the family members supporting the representatives
11 in this room. While some of you may think we are crazy – *maybe some in this room*
12 *are* – the truth is we would not be here without the support of friends and family. I
13 think I can speak on behalf of all of us, thanks for your support.
14

15 To my fellow members, we have a lot of work to do this session. Many issues from
16 prior sessions remain unresolved today. Our state roads continue to deteriorate,
17 Coloradans are still struggling to purchase a home of their own, businesses continue
18 to be inundated with new regulations and many school districts are being forced to do
19 more with less. Yet while we may have philosophical differences about how to solve
20 some of these problems, we are all here to accomplish the same goals. My
21 commitment this session is to objectively evaluate every proposed solution to
22 Colorado’s most pressing problems and I hope everyone in this room makes that same
23 commitment.
24

25 This election cycle was contentious, but now we can begin embracing our strengths
26 to help solve Colorado’s problems. It is important to remember that while *most of us*
27 sit on our respective sides of this room, all of Colorado is represented here, and we all
28 aim to make *Colorado the best it can be*.
29

30 When I decided to run for representative there was one central tenet that has guided
31 me through this position – I will support government when it promotes freedom and
32 justice, and I will oppose it when it stands in the way and makes the life of an
33 individual, a family, or a business more difficult. Government serves very important
34 roles, but it is inherently intrusive and consumptive. Every law, rule and regulation
35 requires tax dollars to implement, enforce, and document. While well-intentioned,
36 every program we create in this building requires more tax dollars. We are all aware
37 of the challenges we have in our budget – but members, every year we have to make
38 difficult decisions. We will always have to prioritize how we spend peoples’ tax
39 dollars.

40 This year our budget will exceed \$28 billion dollars, potentially more than a billion
41 dollars over last year’s budget. Yet we are already hearing that we’ll need to make
42 deep cuts in order to balance the budget. How can we make deep cuts when we have
43 \$1 billion more than last year? Members we do not have a revenue problem, we have
44 a spending problem!

45 Every family must budget with a finite amount of money, simply getting more money
46 is not a viable option. We are no different here. We have the funds to solve our top
47 priorities, and yes, other programs may need to be reduced, but through greater fiscal
48 responsibility in this building we can help revive stagnant economies in this state –
49 and that will give us more budget flexibility in the future.

50 The bottom line is our general fund revenue continues to grow and we have the funds
51 to address Colorado’s most pressing needs. Members in this chamber and our
52 colleagues in the Senate simply need to focus on our top priorities and commit to
53 responsible spending.

54 We talk a lot about priorities in this building, but the truth is, if we have lots of top
55 priorities we actually have none. Once again, Republicans’ top priority will be
56 transportation. No other issue in front of us impacts commerce, education, public

1 safety and revenue more than transportation. Parents drive their kids to school on our
2 roads, businesses depend on employees and customers travelling to their facilities, oil,
3 gas and agricultural companies depend on roads to transport their product, and the
4 state depends on tourism. There are countless more examples of why transportation
5 must be our top priority, yet there are elected officials in this building that say funding
6 transportation is only something we can do when we have extra money.

7
8 Members, if we treat transportation funding as an afterthought our roads will get
9 worse. This legislature controls the General Fund and prioritizing that revenue for
10 transportation is something we can control without asking taxpayers for more money
11 and depending on an election. We have discussed bonding for new transportation
12 projects in the past and members on both sides of the aisle have supported that
13 proposal. This year let's finally give transportation the support it needs and prioritize
14 general fund revenue to service a TRANS bond bill.

15
16 Many of you might remember one of Minority Leader Brian DelGrosso's most
17 common phrases, 'the best way we can help the business community is to leave them
18 alone, to do no harm.' For five years Republicans have raised concerns about
19 excessive rules and regulations on the business community and tried to pass a
20 meaningful regulatory reform bill. Let me put this in perspective, since the
21 Republican's first attempt at reform in 2012, 2,592 rules have been adopted. That is
22 over 77,000 pages of rules Colorado's business community must read and implement.
23 Even the most well-intentioned rules still require business owners to review and
24 implement changes to their businesses, which takes time and resources away from
25 their normal operations. While there are ways for small businesses to be a part of the
26 discussion, owners seldom have the time to stay current on the rule making process
27 and engage in the discussion.

28 It is expensive for small businesses to comply with regulations, and too often
29 businesses are not consulted about rules that cost them money. This session
30 Republicans will once again try to help Colorado businesses with legislation that
31 places more responsibility on state agencies to study the potential impacts of new rules
32 ahead of promulgation , and look for ways to help businesses understand new rules
33 rather than to fine and penalize them. Rules and regulations serve an important role,
34 but they have become excessive and changes are necessary to keep Colorado welcome
35 to small business.

36 As Speaker Duran mentioned, helping people purchase a home is a critical issue. We
37 have had many conversations about attainable for-sale housing in past sessions, but
38 we have failed to enact any meaningful solutions. I want to be very clear, homeowners
39 should absolutely have recourse to remedy poor construction, but we cannot let a
40 dysfunctional system that only benefits lawyers continue to prevent people from
41 attaining a home of their own. Home ownership is the cornerstone of every sound
42 financial plan. This session Republicans are pushing for policies that will get builders
43 building for-sale attainable housing. While there are other issues contributing to this
44 problem, the lack of for-sale attainable homes is the primary cause, and if we don't
45 address it, Colorado's housing crisis will get worse.

46 We have strong bipartisan support for this legislation, and people are counting on us
47 to solve this problem. Let's make this the year we pass comprehensive construction
48 litigation reform.

49 Over 240 years ago our Declaration of Independence conveyed this message to Great
50 Britain – "We hold these truths to be self-evident, that all men are created equal, that
51 they are endowed by their Creator with certain unalienable Rights, that among these
52 are Life, Liberty and the pursuit of Happiness." This message forged a nation and we
53 have a duty to uphold these founding principles.

54 Out of all the individual rights, the right to life is the most sacred, without it, there can
55 be no liberty or the chance to pursue happiness. All life is sacred and deserving of the
56 unalienable rights that define our nation.

1 This session, Republicans will defend life and push for more individual rights.
2 Congress shall make no law respecting an establishment of religion, or prohibiting the
3 free exercise thereof. That is the First Amendment of our Constitution. *Prohibiting the*
4 *free exercise thereof.* Members no individual should be forced to participate in a
5 service that conflicts with their religion and this session Republicans will again seek
6 to give Coloradans religious freedom.

7 A well-regulated militia, being necessary to the security of a free state, the right of the
8 people to keep and bear arms, shall not be infringed. That is the second amendment
9 of our Constitution. *Right of the people to keep and bear arms, shall not be infringed.*
10 Members, the second amendment is about security of people and their property from
11 the ill intent of those who seek to do them harm. I take my right to keep and bear arms
12 very seriously and so in a safe way, as do millions of other law-abiding gun owners.
13 Sadly, criminals do not, and stripping rights from law abiding citizens has done and
14 will continue to do nothing to change that. Law abiding citizens should have the right
15 to carry firearms at any time in any place. They should have the right to protect our
16 kids at schools and other public places, and use their discretion to determine the type
17 of firearm that best suits their needs. Republicans will once again stand up for the
18 Second Amendment and the defense of one of our most sacred Constitutional rights.
19 We need to protect a parent's role in their child's life and realize that parents know
20 better than we in this room do. Parents should have the right to make decisions about
21 their children's education and their health. The ability of parents to pursue the best
22 education for their children should not be an option solely for the rich, but should be
23 an option for all parents. We need to fund every school option equally and give parents
24 the choice of what school best suits their children's needs. School funding should
25 follow students through their educational path, and we need to focus on trade schools
26 and ensure today's curriculum aligns with today's workforce.

27
28 Our Constitution was created to ensure freedom remains the foundation of our society,
29 it is what every service member swears to protect and what so many have paid the
30 ultimate sacrifice to defend. Freedom is the defining quality of this nation and we as
31 elected officials have an obligation to legislate for freedom, not against it. I hope my
32 support for more freedom is shared by everyone in this room and can be something
33 that unites rather than divides us.

34
35 We have seen the result when the government gets involved in the private sector, the
36 Affordable Care Act is a perfect example. Obamacare continues to fall short on goals
37 and projections and has been an unmitigated disaster leading to skyrocketing
38 healthcare costs. I am hopeful our healthcare system can find new life with purposeful
39 free market reforms that help lower the costs of premiums and address the impact
40 Medicaid has on our budget.

41 While Colorado's economy is *slowly* improving, but wages are not keeping up with
42 the cost of living, and many regions of this state are struggling. We need to make
43 Colorado a business friendly place again, give the private sector the space it needs to
44 innovate, add good-paying jobs and feel confident to invest in this state - *that is the*
45 *only way to get every part of Colorado's economy on track.*

46
47 The government picking winners and losers is a failed strategy and Colorado should
48 be the leader in energy production. It's time to revitalize Colorado's energy economy.
49 When it comes to oil, gas, and coal we need to be open for business. This is why I'm
50 calling on the Governor and his party to remove the regulatory noose around the necks
51 of oil, gas, and coal immediately.

52
53 Members, it *is* possible for us govern without resorting to more rules and regulations.
54 It's been almost a century since the Colorado Revised Statutes was one book. Today,
55 it takes 25 volumes to document our current laws. We cannot attempt to solve every
56 societal problem with a new statute in this book. I can tell you that strategy will

1 require far more money from taxpayers' pockets and result in far less individual
2 freedom. We have to let common-sense prevail, not every issue is black and white and
3 not every problem requires a statutory or regulatory fix.

4

5 Let's begin this session focused on prioritizing transportation, empowering small
6 business and looking for ways to get government out of the private sector's way. Let's
7 help lower the cost of doing business in Colorado, and help incentivize more growth.
8 Let's let the free market inspire more innovation. Let's support personal freedoms and
9 individual liberty.

10

11 I have worked with many of you and know our existing and new members bring
12 tremendous talent, intellect and devotion to this body. We can respect our differences
13 while still uniting our strengths. Let's work together to make this a successful year for
14 the people of Colorado.

15

16 Thank you and God bless.

The Joint Committee escorted the Governor to the rostrum where he addressed the Joint Session.

**ADDRESS BY THE HONORABLE
John Hickenlooper**

I couldn't sleep last night, so I thought about delivering this speech as a tweetstorm....

But I heard you were going to be here anyway...

Don't worry you'll be home in time for dinner.

Acknowledgments

President Grantham, Speaker Duran, Members of the General Assembly, Lieutenant Governor Lynne and her husband Jim, Justices of the Colorado Supreme Court, Attorney General Coffman, Treasurer Stapleton, Secretary of State Williams, Southern Ute Chairman Frost, Ute Mountain Ute Councilwoman Plentyholes, the State Board of Education, Denver Mayor Hancock, other elected officials in attendance, my hard-working cabinet and staff, my amazing wife Robin, my fellow Coloradans...

We thank our veterans and their families for their sacrifice and service.

And we thank the members of the Colorado National Guard nearly 400 of whom are deployed overseas, defending our democracy...

We recognize our Department of Public Safety, which last year helped mitigate 43 forest fires along with local first responders...

Any one of these small blazes could have grown into the next catastrophic wildfire...thank you.

And we want to recognize our neighbors and heroes in law enforcement who we've lost over the last two years:

Trooper Cody Donahue,

1 Trooper Jaimie Jursevics
2 and Trooper Taylor Thyfault
3 And Corporal Nathan Carrigan
4 Deputy Derek Geer,
5 and Marine Corps Captain Jeff Kuss...
6 Some of their families have joined us today...
7 we ask that they stand so we can show our support and love.
8
9 **Body**
10 Let's honor their memory by making our state a better place...
11 because that's why they served.
12
13 It's no secret that we've just been through one of the most toxic political
14 campaigns on record.
15 Regardless of who you supported, we can all agree:
16 last year was divisive.
17 But we'll soon have a new president, and it is clear that the new administration
18 and Congress seek a different relationship between the federal government and
19 the states.
20 In the early 20th century, Justice Louis Brandeis popularized the idea that states
21 are the laboratories of democracy...
22 And in the coming years, we expect more responsibility to be directed our way.
23
24 But in Colorado, we've always been trailblazers.
25 And now, more than ever, we need to move forward...chart our own
26 course...and focus on results.
27 Because Colorado deserves our best efforts.
28 And history has its eyes on us...
29
30 In 2011 when we started Coloradans were *hurting*.
31 Over 200,000 people were unemployed,
32 and countless more were UNDER-employed
33 Six years, and almost 400,000 new jobs later,
34 we have one of the lowest unemployment rates in Colorado's history
35 and the state of our state is STRONG.
36 We're the number one state for business and careers,
37 we have the best workforce, and we're one of the best states for innovation...
38 More people attend cultural events in Colorado than any other state...
39 more skiers and snowboarders choose Colorado...
40 we are the best place for outdoor recreation...
41 And we're home to seven professional sports teams and some of the greatest
42 college teams...
43 not to mention the world champion Denver Broncos.
44 *Colorado's future is bright*
45 And like anywhere with a strong economy, we have our challenges...
46 With an aging and insufficient infrastructure...
47 lagging recovery in certain areas
48 and a growing cost of living...
49 that future is too far out of reach for too many.
50 Today, we won't frame solutions in partisan terms.
51 We are called to these chambers to tap into our state's deep reservoir of ideas...
52 no matter where they come from...
53 and demonstrate that an accountable government solves problems...
54 stimulates growth, and improves lives...
55 across Colorado.
56 This morning, we talk about solutions

1 Tomorrow, working together, *we begin to make them happen.*
2 We've had a lot of conversations about where we're going...
3 but not enough about how we get there
4
5 We have 725 days left together...
6 and as the late, great, Muhammad Ali said,
7 "*Don't count the days, make the days count.*"
8 Every bill we write, negotiate, and sign...
9 every time we enter this building
10 let's *make our days count.*
11 As we evaluate each solution, let's ask ourselves:
12 Does it keep our communities safe?
13 Does it help those unable to care for themselves?
14 Does it create good-paying jobs?
15 Does it help small business?
16 Does it improve quality of life?
17 Thomas Jefferson said that the future of the country is in the West.
18 It was true at the turn of the 19th century
19 And it's true today.
20 But that promising future didn't just happen on its own
21 our founders invested in railroads, farms, and people.
22 Today, 8 of the 10 fastest growing economies in the country are west of the
23 Mississippi and we want to be the best of the West and of the nation
24 the best state for jobs, the best state for business, and the best place to live
25 To do all this we need to invest in our future.
26 We need a comprehensive focus on infrastructure that supports not just
27 transportation, but also broadband education, healthcare, and our environment.
28 *These are not luxuries...*
29 Infrastructure investments lead to jobs.
30 And quality of life starts with a good job.
31 If we want to be the best, we need to lead in Colorado.
32 One way to get started is right before us...
33
34 Talking about the hospital provider fee on the second floor of the Capitol is
35 about as popular as the Oakland Raiders
36 BUT it's a sensible way to solve *some* of our problems...
37 though it won't solve *all* of them
38
39 Let's see if we can take a fresh look at the hospital provider fee itself
40 and see if it can be modified as a vehicle to control costs,
41 to build more *transparency* and *accountability*
42 *and better serve rural clinics and hospitals.*
43 We can free up the money we already have, from *existing revenue*, to begin
44 building the infrastructure we need to support our growth.
45
46 **Transportation**
47 Over the next decade, Colorado has *\$9 billion* dollars of unmet transportation
48 needs and that need will only grow.
49 Voters are tired of us kicking the can down the road...because they know it's
50 gonna land in a pothole.
51 In our neighboring state of Utah, infrastructure investment is a priority.
52 Utah has about half as many people as Colorado but invests *four times* what we
53 do to expand their road capacity--*every year.*
54 It's economics 101: smart investments in infrastructure create jobs and
55 strengthen the economy.
56

1 Two years ago, on the west steps of the Capitol, we said it was time for a
2 continuous third lane on I-25 from Wyoming to New Mexico.
3 This past summer, working with local officials, we secured \$15 million in
4 federal funds to help build a new express lane from Fort Collins to Loveland.
5 And just last week, CDOT leveraged funding to start the planning process to
6 add a third lane from Castle Rock to Monument.
7 This means that the required planning will be completed in under three years.
8
9 These are good first steps, but the cost of construction to bring I-25 into the
10 modern world is still over \$2 billion.
11 That's more than CDOT's total annual budget...which is almost entirely
12 dedicated to maintenance.
13 We're already squeezing *every penny* out of our transportation revenue
14 But efficiencies can only get us so far.
15 With the gas tax unchanged since 1992, more fuel efficient cars and normal
16 inflation it's basic math *it's a funding problem*.
17 We've had this debate for too long...
18 If *talk* could fill *potholes* we'd have the best roads in the country...
19 But the General Fund cannot adequately support the demands of core
20 government services and capacity improvements in transportation...
21 There are some who believe we can pay for our infrastructure needs through
22 cuts alone. But that can only happen if we demand major sacrifices from
23 Coloradans.
24 If that's what you want, introduce that bill. Make that case.
25 Tell us who loses healthcare or what schools have to close to *add a mile of*
26 *highway*.
27 Coloradans share our desire to make these investments.
28 They know that our future economy demands a modern infrastructure.
29 Let's examine all our options whether it's new revenue, simplifying or replacing
30 old tax streams, or a combination of both.
31 We can find a solution that clearly spells out to Coloradans exactly what they're
32 getting and how the money will be spent...
33 And how that funding can benefit rural and urban communities, support local
34 needs and statewide projects, and balance transit options with highway
35 expansions.
36
37 Lincoln once said: "I am a firm believer in the people. If given the truth, they
38 can be depended upon to meet any national crisis. The great point is to bring
39 them the real facts *and beer*."
40
41 Let's decide what we take to voters in November, and let's make our case to the
42 public...
43
44 **Broadband/Jobs/Economy**
45 Infrastructure is more than laying new roads and expanding transit: it's running
46 the fiber and deploying new technologies for reliable, affordable internet in
47 every part of the state.
48 Businesses should be able to open their doors wherever they want...
49 especially in smaller communities.
50 Every school, hospital, clinic and home should have high speed internet.
51 In rural Colorado, only 7 in 10 households have access.
52 Tonight, somewhere in one of these communities a high school student will sit
53 in a parked car outside her town library.
54 She'll huddle over her laptop, face glowing from the screen as she tries to finish
55 her paper...
56 Because it's the only place she can get wifi.

1 This isn't right.
2 Today, I'm announcing the creation of a broadband office to help us get from
3 70% to 85% coverage by the time we leave office and 100% by 2020.
4 We'll work with industry and local civic leaders people like Katelin Cook... Rio
5 Blanco County's economic development coordinator
6 who recently helped Meeker and Rangely become some of the very first rural
7 giga-bit communities in the entire country...
8 and she is here with us today.
9 In 1936, a Republican U.S. senator from our neighboring Nebraska championed
10 the Rural Electrification Act... to run the power lines that made countless family
11 farms across the country more competitive.
12 Fiber optic cables are *today's power lines* for farmers, ranchers and rural small
13 businesses.
14 These entrepreneurs helped pull us out of the Great Recession now, we need to
15 pull together for them.
16 We need to make sure they're fairly connected to other counties and countries...
17 If they can't play on a level field, our economy suffers and we all lose.
18
19 **Education/Workforce**
20 Thousands of Coloradans' careers have shifted beneath their feet there are still
21 thousands of *new* jobs that need to be filled... many of which don't require
22 college degrees.
23 But they do require skills, knowledge, and expertise.
24 We need to include pathways not just to four-year degrees but also to technical
25 training and skills certificates... *for the many jobs in Colorado that require*
26 *advanced skills like cybersecurity training.*
27 ...
28 Last year, when we created the National Cybersecurity Center--
29 which is already a national leader in this critical area--we learned from industry
30 that less than half of the 10,000 job openings in this field require a university
31 degree.
32 Cybersecurity isn't just about high profile breaches against big business and
33 federal agencies
34 anyone with information or money to steal is at risk...
35 and hackers are reaching through new windows and doors every day.
36 Colorado Springs is known as the place where world-class olympians train.
37 Now, it is becoming a world-class destination to train our cyber workforce.
38 And even beyond cybersecurity, there is increasing demand for technical skills.
39
40 From high school students wanting to work as apprentices--to the many
41 Coloradans who want a new career...
42 either from passion or necessity...
43 these jobs should be available for everyone.
44
45 If we do this right, there should be an opportunity for thousands of Coloradans
46 to acquire skills...
47
48 either in classrooms or on the job... that are career-focused and transferrable to
49 different industries in the future.
50 In the last 18 months, foundations, corporations and the federal government
51 have joined our cause and provided more than \$15 million in grants to fund
52 innovative public-private partnerships like Skillful and CareerWise
53 Colorado... helping students and job seekers develop *new skills* for *new careers*.
54
55 Today, we are a national model for matching education with skills based
56 training.

1 Sean Wybrant is Colorado's Teacher of the Year.
2 He has been teaching for 11 years at Palmer High in Colorado Springs, as he
3 said, to "change the world."
4 And he's changing it by focusing on the one-third of our kids who won't go on
5 to four year or two year colleges.
6 He's preparing the next generation for the career and technical jobs of
7 tomorrow
8
9 Tim Kistler is the Superintendent of the Peyton School District in El Paso
10 County... where he helped open the Woods Manufacturing Program in an empty
11 middle school.
12
13 It teaches students cutting edge skills needed in the woodworking industry.
14
15 We thank both Sean and Tim for helping to close the skills gap...
16 and for making sure *all* students realize their potential.
17 Closing the gap means giving students a solid foundation for success at every
18 step of their education...
19 as they move from preschool through K-12, toward college, certificate, or
20 apprenticeship...and onto a good job.
21 Part of that work includes a common sense plan to fund education.
22 The constitutional budget constraints for school finance are the thorniest part
23 of our fiscal thicket.
24 This July, the Gallagher Amendment will cause property taxes for schools to
25 drop by \$170 million.
26 In addition to addressing transportation...Speaker Duran, President Grantham,
27 and minority leaders Guzman and Neville...
28 let's get our best minds together and find a way out of this thicket that respects
29 taxpayers and gives all of our children the education they deserve.
30
31 **Blueprint 2.0**
32 From Towaoc to Julesburg, from Dinosaur to Campo, we are working to
33 support business and stimulate growth.
34 We have one of the best economies in the country,
35 but some rural communities struggle...
36 That's why we have invested significant resources and focused all cabinet
37 agencies in an effort to fully realize the expansion of our economy across the
38 entire state.
39 Last summer, Blueprint 2.0 announced their support for initiatives that local
40 communities identified:
41 From tourism promotion and outdoor recreation, to tiny homes and affordable
42 housing.
43 Our small towns represent a fraction of our total population, but they are a
44 crucial piece of the fabric of our economy and when small communities flourish,
45 the whole state benefits.
46 We have improved access to the outdoors, partnered with local government and
47 communities to improve and ultimately complete and connect 16 priority trails
48 across the state.
49 Outdoor recreation generates 313,000 jobs in our state and over \$34 billion in
50 economic output, much of it in rural Colorado.
51 It is also one of the top reasons businesses and talented workers choose to come
52 here.
53 As part of our Colorado the Beautiful initiative...this summer we'll be
54 launching an interactive statewide trails map that will--for the first time ever--
55 pull together over 20,000 miles of Colorado trails managed by over 100 local,
56 state, and federal agencies.

1 Anyone hiking or biking will be able to see where they are and where they're
2 going on a map, take photos along the way and share those photos with others
3 on the same trail.
4 This is one piece of our vision to get kids outside and exercising.
5 And thanks to the generosity of people like Jake Steinfeld--a nationally
6 recognized fitness expert--three schools in the state will have a chance to win
7 a brand new \$100,000 dollar fitness center to help students get fit and stay
8 healthy.
9 We want *everyone* to experience the beauty of our *entire* state...
10 and we also want to make sure *all* regions have access to these tourism dollars.
11 We can't wave a magic wand to diversify the economy throughout the state...
12 But if we work together, we *can* support growth in *any community that wants*
13 *it*.
14 We're asking to establish a point person on the ground for rural economic
15 development issues to expedite and speed resources to communities that need
16 them...
17 *in communities like Montrose* where Colorado's Job Training helped Al
18 Head...here with us today, and his employees at Western Skyways...a company
19 that re-manufactures one of the finest piston engines in the aviation
20 industry...and markets it worldwide...
21 It's why we have programs like Rural Jumpstart...
22 to encourage companies to move into rural areas.
23 companies like Prostar Geocorp and its employees in Grand Junction...where
24 they provide geospatial intelligence software, and just last year won the APEX
25 award for entrepreneurship.
26 It's why we partner with small business owners and farmers on energy
27 efficiency programs...
28 People like dairy farmer Mary Kraft from Morgan County, who will save up to
29 \$5000 a year in expenses, allowing her to focus on her bottom line.
30 Please join me in recognizing Al and Mary
31 And promoting growth means allowing these companies the chance to compete
32 *equally* on the *global stage*.
33 They can't afford tariffs or trade wars.
34 Some may think job training and rural incentives aren't glamorous--and there
35 certainly aren't legions of lobbyists for the thousands who are unemployed or
36 *underemployed*--but it's how we build on our momentum and engage the rural
37 economies at the same time.
38 Our economic engine should be strong enough to pull everyone. Anyone willing
39 to work hard enough should have a fair shot at a good paying job.
40 ...
41 **Environment Oil & Gas**
42 We're bullish on partnering with rural economies on every intractable issue:
43 from broadband to job training...to our energy economy and clean air and
44 water.
45 With the support of both Republicans and Democrats, we have quadrupled the
46 amount of energy we get from wind and sun in recent years...
47 Costs of these technologies are *dropping like a rock*--while the clean energy
48 industry provides jobs to over 60,000 Coloradans.
49 We've protected thousands of acres of open lands and rivers while we've
50 become one of the best states in the country for natural gas production
51 We have put the energy needs and costs of hard working Coloradans before any
52 special interest agenda or false promise.
53 Clean, safe, and affordable Colorado-made energy is the best approach.
54 Colorado has led the country on moving to cleaner energy sources we can--and
55 working together--we should have cleaner air at little--or no--additional cost to
56 consumers.

1 When we come together, we create an environment that's good for business and
2 people.
3 Likewise, in the first year of Colorado's water plan, we made progress on every
4 measurable goal.
5 The Water Conservation Board has a strong funding plan to ensure we stay on
6 track so farmers can keep feeding millions while we protect our environment.
7 And as with all of our infrastructure, Colorado should lead...
8 because we all know states are the laboratories of democracy.

9
10 **MJ**

11 We are relentlessly innovative--in the face of challenges old *and* new
12 Several years ago Colorado voters asked us to be the nation's laboratory for
13 marijuana legalization.
14 Many of us in this room myself included had serious doubts.
15 But we rolled up our sleeves, and though it's still in the experimental phase, we
16 are trying to create a reasonable and efficient system for a new industry while
17 responding to health and safety challenges.
18 We enacted new safety protections making edibles less enticing to kids requiring
19 that they're contained in safe, childproof packaging.
20 We've dedicated \$7 million this year to educate youth, their parents, and trusted
21 adults about underage use.
22 But loopholes in our home grow and caregiver laws have helped fuel abuses of
23 our system and a continuing black market...
24 when we ended alcohol prohibition 84 years ago, we worked hard to wipe out
25 organized crime
26 We should develop common-sense guard rails around our home grow and
27 caregiver laws so that we can end organized crime here, as well.
28 We've also requested \$6 million to provide financial resources to local law
29 enforcement to increase training and detection, shut down illegal grows and
30 prosecute criminals.
31 Almost two thirds of Americans now live in a state that has legalized marijuana
32 in some form we're showing that a state can craft a responsive regulatory
33 framework--that works.

34
35 In 20 years when historians look back *they'll see* how Colorado led the way in
36 creating a responsible and accountable industry

37
38 **Homelessness/Affordable Housing**

39 And they'll look back on how we used this new revenue...
40 not just to improve our schools and regulate the industry
41 but also to address some of the unintended consequences of legalization.
42 There's no question that marijuana and other drugs--in combination with mental
43 illness or other disabling conditions--are essential contributors to chronic
44 homelessness.
45 Tax revenue from marijuana sales *can* and *should* be used to help those who fall
46 through the cracks...
47 including hundreds of homeless vets...
48 helping them find stable, supportive housing.
49 And we will also help provide training so they can find and keep jobs...
50 This is a problem across the state, from the Western Slope to the Eastern
51 Plains and a national problem, too.
52 This investment will not only change the lives of those most affected by
53 substance abuse...
54 it will save the state money.
55 We currently spend more than \$40,000 per person to perpetuate lives of misery
56 among the chronically homeless...

1 But for less than a third of that we could invest up front in housing, wraparound
2 supportive services and job training.
3 In every booming economy in the country--like ours--homelessness of all types
4 is a growing concern.
5 ...
6 Across our state, on almost every rung of the economic ladder, Coloradans are
7 being priced out of housing they can afford.
8 We have a housing crisis, plain and simple.
9 Many families are stuck or held down.
10 Too much of their income goes to rent...
11 and homeownership is too far out of reach.
12 *Too many people and not enough units* adds up to *unaffordable rents* and
13 *skyrocketing home prices*.
14 I've said it before: we need more affordable housing.
15 Part of the answer is the construction defects legislation we *almost* passed last
16 year and we WILL pass this year.
17 There has to be a compromise that balances homeowner protections for faulty
18 construction and still allows developers to build affordable housing throughout
19 Colorado.
20
21 **Health**
22 And this isn't the only pocketbook issue we need to address.
23 Our prosperity doesn't amount to a hill of beans if Coloradans can't afford
24 health insurance...
25 if they're not healthy enough to work or enjoy this great state
26 We committed to making Colorado the Healthiest State in the nation.
27 And we've made great progress in this goal:
28 Since 2011 we've helped over 600,000 people get basic health insurance, and
29 94% of Coloradans now have coverage.
30 We believe that basic health care is a right, not a privilege...
31 and thanks to the tireless work of our health cabinet and legislators, expanded
32 coverage means more people will seek the right care in the right place, at the
33 right time.
34 We all save money when people stay healthy or get treatment in doctor's offices
35 instead of emergency rooms.
36 Over the last six years we've launched transformative programs to control our
37 Medicaid costs.
38 We're emphasizing preventive care and giving people the tools to manage their
39 diseases
40 And with the leadership of Lieutenant Governor Donna Lynne, we will address
41 underlying drivers of health care costs...to make it more affordable.
42
43 That's a lot of good news, but we all know actions in Washington could
44 threaten the progress we've made.
45 I think most of us would agree that the last thing we ~~would~~ want is Congress
46 making all of our decisions around healthcare.
47 If changes are inevitable I will fight for a replacement plan that protects the
48 people who are covered now and doesn't take us backward.
49 We look forward to working with all of you to pass commonsense proposals to
50 increase transparency, provide more choices, cover more people, and lower the
51 cost of health insurance for all Coloradans.
52
53 Being the healthiest state means caring for our bodies...*and also our minds*.
54 We've made important strides in mental health by expanding access to
55 coverage, integrating primary care and behavioral health.
56 But behavioral health demands our attention at *all points*...

1 and not just as one-off efforts when problems get too big to ignore.
2 There is remarkable consensus around the issue.
3 From doctors to legislators to patient advocates to sheriffs...nearly everyone is
4 in agreement on how we can improve behavioral health outcomes for
5 Coloradans.
6 Let's not leave it to be addressed in our jails, and emergency rooms, and
7 prisons.
8 Let's use this momentum to bring together the work we've already begun to
9 create a comprehensive, statewide behavioral health plan that makes our system
10 easier to navigate, more efficient, and more responsive.

11

12 **Innovation/efficiency**

13 In *everything* we do--from building our infrastructure to incentivizing
14 businesses to creating jobs to being the healthiest state in the country, we can
15 always be better.

16 Much of what government does can be measured.

17 And by evaluating our results, we can make government more efficient, more
18 effective and more responsive.

19 That's why two months ago we released the Governor's Dashboard--the latest
20 step in our goal in making Colorado the most accountable state in the country.

21 Think of it as the scoreboard that shows how government is performing--on
22 clean rivers and streams, quick service at the DMV, or job placement at our
23 workforce centers.

24 It's an easy way for Coloradans to see where we've been where we're going and
25 how we're going to get there.

26 We're also using technology to make life easier for our customers--we've hired
27 the country's first digital transformation officer, and later this year we'll be
28 combining a number of services across multiple agencies into a single, easy to
29 use app.

30

31 **Conclusion**

32 yes, history has its eyes on us...

33 In Colorado, we know how to get things done

34 And acknowledge the limits of a government that shouldn't attempt to solve
35 every problem...

36 In Colorado, we ignore a system that tries to force us into corners--left or right,
37 urban or rural.-

38 Because we operate in the space between where compromise isn't a dirty
39 word where success comes from listening where we embrace the wisdom and
40 experience of everyone in our state.

41

42 It's the space where disagreements are a starting point for change...

43

44 and problems are just opportunities in disguise.

45

46 In this space, and in this building, we don't serve political parties.

47 We don't serve special interests.

48 We serve Coloradans.

49 Giddyup. Let's get to work.

50 Thank you. God bless the State of Colorado

**ADDRESS BY THE HONORABLE
Nancy E. Rice**

23

24

25 Welcome, everybody. I want to thank you, President Grantham and Speaker Duran, for
26 your kindness in being here and inviting me over to speak. And I certainly want to
27 thank my escort committee. I don't think I could find my way without an escort
28 committee. So, Senator Gardner, Senator Guzman and Representatives Kennedy,
29 Benavidez, and Wist, thank you so much for doing that. May it please all of you -- and
30 I suppose that's the way I always start, since I'm sort of a judge-like person -- may it
31 please all of you, I'm just delighted to be here. Every couple of years, I get to come and
32 talk to you about my favorite topic, which is the judiciary, and I'm really looking
33 forward to doing so today. Before I do that, I'd like to introduce a couple of people. We
34 have our State Court Administrator here, Jerry Marroney, and seated next to him is his
35 number two person, Mindy Masias. We also have some honored guests here. My
36 partner, Holly Russell. Seated next to her is our very good friend, Laurie Steenrod,
37 noted best for having a "three" golf handicap, which we tell everybody about. And next
38 to her are Tom and Pat Gallagher, very old friends of mine from way, way back. Now,
39 because I'm totally incapable of writing out a speech and because you need a written
40 version of my speech today, we tried to figure out how we could do this, so I have a
41 court reporter, just like the old days. It actually makes me feel very comfortable; I
42 hardly would know how to talk without a court reporter taking down my every word.
43 So, Tammy, thank you for being here, and you can see actually what court reporting
44 looks like -- in this particular instance, what the real-time court reporting looks like,
45 which means, as I talk it comes right out on the screen. So, if you miss any of my
46 jokes, you can get them about 10 seconds later. Ladies and gentlemen and members,
47 what I want to do is spend a little time talking about the Court; that is, the Supreme
48 Court, and try to let you know the breadth of what we do. I'm not going to be here
49 today to talk to you about the number of cases we try and how many cases go to trial
50 and this kind of thing. Rather, what I want to do is share with you really what, in my
51 mind, is the brilliance of the judicial system and how we organize ourselves. I think
52 probably the most interesting thing about the judicial system is that we are not a linear
53 organization. Everybody keeps wanting me to be the boss. I am not the boss. I am the
54 Chief Justice. The bosses are those people right there, including me -- the supreme
55 court. So when you talk about the authority of the court, the authority of the judicial
56 branch, it always comes from the supreme court, and that's the seven of us. My power

1 derives from them. And something that's really, really interesting in Colorado that's
2 different than you probably hear of other places is that, in Colorado, the supreme court
3 elects the chief. You know, federally, John Roberts, for example, was appointed by
4 the president, and even in Denver County Court -- I know some of you were interested
5 in that -- the mayor appoints the chief. But, in Colorado, the justices themselves elect
6 the chief. We have this little tiny election, as you can imagine, just the seven of us, and
7 we choose somebody to be a chief. Now, if they don't want me to be the chief
8 anymore, they can vote me out tomorrow. I serve at their pleasure. It's an interesting
9 role, and it works extraordinarily well. Because of that process and because I am the
10 public face of the judicial branch, sometimes the tremendous achievements of my
11 colleagues get overlooked, and so I want to talk about those today. In talking about
12 them, I think you'll get a good sense of just what kinds of things our court does and
13 what, in fact, the judicial branch does. Now, the first person I want to talk about is
14 Justice Ben Coats. As I always say, Justice Coats and I have having a little contest for
15 best hair on the supreme court. I think I'm winning, but sometimes he thinks he is, but
16 in any event, the two of us do have that contest going. Now, let me tell you about
17 something really, really interesting that Justice Coats has done in the last few years
18 along with Court of Appeals Judge John Daily. You're going to think this is boring,
19 but it's not. What I'm going to tell you about is criminal jury instructions. So don't sit
20 back in your seats. The General Assembly, of course, makes the laws; you come up
21 with the crimes, and I don't know whether you know this or not, but at this particular
22 point there are 870 crimes in Colorado. Now, some of those are duplicates. In other
23 words, you can commit murder a number of different ways, and those all count as
24 different crimes, but there are 870 different ways that crimes can be committed. What
25 happens after General Assembly decides that something is a crime? Somebody gets
26 charged and it goes to trial. At the end of the trial, the judge has to do what we call
27 "instruct" on that crime. So, at that point, we have to tell the juries who are listening
28 to these cases what you meant when you passed this statute or when you created a
29 crime. You will probably not find it surprising to hear that sometimes it is difficult
30 to figure out what you all meant when you passed a statute, when you use certain
31 words, when you use commas in one place or a semicolon in another. So Justice Coats
32 and Judge Daily have created a committee on criminal jury instructions over the last
33 two years and have looked at each one of these 870 crimes. The committee has drafted
34 jury instructions explaining what the elements of the crimes are and what it takes
35 to prove them in court, so that there is a consistency of understanding among everyone
36 in criminal law as to what a crime is and how it should be defined. This has been a very,
37 very big job. Nothing has been done in this area since 1983, and Justice Coats and
38 Judge Daily took this on, and the instructions take up about 3,320 pages. What's really,
39 really cool, however, is that it's online, and it's free. We're giving this work product
40 away. Nobody has to pay for it. The development of criminal jury instructions is a big
41 accomplishment for the branch, and lots of thanks are due to Justice Coats and Judge
42 Daily. Next, I want to talk about Justice Eid. Now, do you know why some of us are
43 justices and some are judges? I know everybody stumbles over that. Well, the reason is
44 that if you sit on the highest court of a jurisdiction, you're a justice. No other reason,
45 that's it. If you're on less than the highest court of a jurisdiction, you're a judge. So the
46 only justices in Colorado are on the supreme court; the only justices in The federal
47 system are on the U.S. supreme court. Everybody else is a judge. I wanted to give a
48 quick explanation on how that works. So I'm now going to talk about Justice --
49 someone who sits on the highest court -- Justice Eid. Justice Eid is what we call the
50 "rules czar," the "rules wonk" or the "rules nerd," if we're not being quite so nice, but
51 she is the person who actually deals with these hundreds of rules that we have in our
52 system. Let me explain rules to you. Rules have the effect of law. We, in the branch,
53 have the constitutional authority to make rules, and we're supposed to promulgate and
54 make rules governing all of the procedures that happen. The rules committees deal with
55 everything that happens inside and outside of the court, so for example: Civil rules,
56 probate rules, juvenile rules, evidence rules, appellate rules, water rules, magistrate

1 rules, small-claim rules, county courtrules. If it happens, there are rules.And Allison
2 Eidis basically the liaison for all of our rules. It's a very big job.So what do these
3 rules do?How do they makea difference?Well, for example, some of you arefamiliar
4 with the problems in civil cases.Some complain about those cases being too expensive;
5 thatpeople can't get in and they can't try cases. They think the experts are too
6 expensive, discovery is too expensive. Lots of the cases with smaller damages can't
7 be heard. Basically, we're blocking folks out.So, recently, we had a biginitiative,
8 which we called the "Civil Access Pilot Project," where we would rewrite the rules
9 so litigation would be more efficient and user friendly. That took two or three
10 years.Justice Eid was very much on top of that, and she hadhelp from Judge Mike
11 Berger, who is from the Court ofAppeals.These rules committees are
12 incredible.They're made up of judges, they're made up of lawyers, they're often made
13 of court clerks. People who actually know what's going on.We have a system set up
14 where judges on the Court of Appealschair of all these committees, and the Justices
15 act as liaisons between the supreme court and the committees. So, we have
16 ruleshaving to do with juveniles. Judge Karen Ashby is the person who helps us with
17 all of that.We also have appellate rules, and ChiefJudge Alan Loeb is in charge of that.
18 We have evidence rules, meaning what evidence gets in and what staysout.What's
19 hearsay, what isn't?Judge Gale Miller assists with that.And Judge Diana Terry, who's
20 not here, is incharge of probate rules.Probate is an issue that you all have taken up
21 in past years and might take up this year.It's a tough issue, one that's ripe to have some
22 attention.The probate rules committee is doingthat.They're going over all of the rules
23 and trying to see how things can be made better.Which brings me to a larger point:
24 How is a rule made? It's almost like your process.Somebody proposes a rule, it goes
25 through a committee, it comes to the full court, the court will then have a hearing.We
26 have people come in and testify. Lots of times after the testimony we will send it back
27 to the committee. I don't know that the General Assembly does that very often, but we
28 do that pretty often. We'll get more information, and then we'll decide whether to
29 adopt the rule. Once a rule is passed by the supreme court, which, as I say, is a pretty
30 burdensome process, it has the effect of law.

31
32 Let me talk now about Justice MonicaMarquez.Monica came to us from the
33 AttorneyGeneral's Office, as did Justice Eid.Both of them, Ithink, were also in private
34 practice and brought all ofthat Attorney General and private practice experiencewith
35 them.One of the things that we've asked JusticeMarquez to do, and Justice Coats helps
36 out with this aswell, is assist with attorney regulation.Now, let me talk to you
37 aboutattorney regulation; and this, I think, is somethingelse that people don't really
38 understand.Those of youwho are attorneys do, but everybody else doesn't really
39 know.Is it the bar association?Howare attorneys really organized?In fact, the
40 supremecourt is responsible for all attorneys, literally fromtheir cradle to their
41 grave.So, for example, of the40,000 lawyers -- yes, we have 40,000 lawyers
42 inColorado -- we are responsible for admitting them,making sure that they stay
43 competent, making sure thatthey do their continuing legal education, those kinds
44 ofthings.But then also -- and this is really veryinteresting -- if they die and they leave
45 a bunch ofclients, we're responsible for making sure that thoseclients are taken care
46 of.Something like this happened a fewweeks ago.An attorney died very
47 unexpectedly.He was a solo practitioner and died in his office. We,the Court, through
48 the people who work for us, the attorney regulation people, went into this gentleman's
49 office and started looking at his files. There was really nobody else to takecare of
50 these particular client files. They were basically abandoned. While they were looking
51 through these files and this gentleman's drawers and whatnot, they came upon \$18,500
52 in cash, taped underneath the drawer. I don't know who that money belonged to. It was
53 not the state's money.We have to make sure thatit gets back to somebody, the heirs or
54 the attorneys orsomeone else.But, in any event, that's the kind ofstrange thing that we,
55 the supreme court, through the many people who work for us, are responsible for.No
56 one spends much time thinking about that, but that's the way it works in

1 Colorado. Now, in some states, the bar association is the same as attorney regulation,
2 but not in Colorado. Everybody has to be licensed by the supreme court, and that's why
3 we're ultimately responsible. It's a very big part of what we do, and that's why we have
4 two justices, both Justice Marquez and Justice Coats, handling that. Another very
5 important thing that Justice Marquez does is she deals with what we call "public
6 access," which is how people on the outside get information from our branch, and that
7 has become an active area of interest. Justice Marquez, along with a Court of Appeals
8 Judge by the name of Jerry Jones, who isn't with us here today, have enhanced the
9 public access discussion by bringing in people broader than just the courts. We now
10 have press groups who are who are members. So I think we are doing a good job with
11 our public access. Let's move on to Justice Boatright, Justice Brian Boatright. Justice
12 Boatright is a busy guy. I give him a lot of jobs, in part, he and I, along with
13 Justice Hood, are the only ones on the Court who were previously trial
14 judges. Sometimes I think that we, as trial judges, have a bigger insight into what's
15 going on in the trial courts. That certainly is correct with respect to Justice
16 Boatright. One of the most important things he does is he deals with all family and
17 juvenile issues, along with Judge Ashby who I already introduced you to. The General
18 Assembly has dealt with two issues in the last couple of years related to family
19 and juvenile issues that have come to our attention. One is truancy and whether or not
20 there should be any detentions with respect to truancy, and the other is shackling of
21 juveniles in the courtroom. Let's talk about shackling first.

22
23 Many people feel that juveniles should not be shackled, period, and there is nobody
24 who disagrees with that. Juveniles should not be shackled. It's hard on them; it's bad
25 for the system. But the devil's always in the details, isn't it? So how are we going to
26 handle all of our different courthouses? We have 22 judicial districts, and we have
27 courthouses in every county. Some of which are tiny, some of which have very little,
28 if any, security, some of which have windy, difficult halls. And let's remember that
29 some of these juveniles are almost 18, big guys, and sometimes very dangerous. So how
30 are we going to handle these different situations without doing a little bit of
31 shackling? What I've done, along with Justice Boatright, is put together a statewide task
32 force. All 22 districts, run by their Chief Judges, along with their sheriffs, along with
33 their DAs, along with their public defenders, have gotten together and tried to figure
34 out a plan. This is the way things really ought to work. We should try to figure out
35 solutions on the lowest level possible. If we don't need a statewide solution, we
36 shouldn't go there. So, on the lowest level possible, we tried to figure out how we can
37 have less juvenile shackling. I think every single judicial district has a plan, and I'm
38 really proud to say that we have much less shackling of juveniles, by far, now, than
39 we did two to three years ago. And thanks to you for bringing this to the forefront. The
40 same thing with truancy. The issue with truancy is these kids don't go to school, the
41 schools call the courts, and the courts file a truancy petition. The courts then are in the
42 position of trying to get these kids to go to school. The issue then is, once you're put in
43 the position of trying to get these kids to go to school, one option is to put them in some
44 kind of a detention. A lot of people believe that detention is absolutely not
45 appropriate. We have, once again through a statewide task force, greatly, greatly, by
46 hundreds of percent, reduced the number of children who are put on some kind of
47 detention as a result of truancy. We've been very successful in this area. We're really
48 pleased with how this is working out, and that's primarily because of Justice Boatright
49 literally going around, talking to the judges, talking to the sheriffs, and talking to the
50 schools. Another thing Justice Boatright does is judicial education. Yes, we do have a
51 lot of education; and no, we don't know everything there is from the minute we get
52 appointed. We have what we call a "baby judge school." It's a week long and intense.
53 This is followed by a teenage judge school. The teenage judge school a little less
54 intense. It's harder to control those teenagers, don't you know? We also have what we
55 call "performance plans," if there are judges having some troubles, people go out trying
56 to help them and give them personalized attention. Finally, we have our

1 judicial conference to provide education to our judges. We're working constantly on
2 judicial education. Justice Boatright recently had a very great idea of creating videos,
3 which he called "So You're Going to Be": So you're going to be a probate judge, so
4 you're going to be a juvenile judge, so you're going to be a criminal judge, so you're
5 going to be a civil judge, where you can go in and find out the latest information. He's just
6 done an excellent job with that, and I really appreciate the time and attention that
7 it's taken. All right. I'm going to move now to Justice Will Hood. Will comes to us from
8 private practice and also from Denver District Court. Will has been primarily
9 responsible for this huge area called "access to justice." I talk about access to justice all
10 the time, and so often that I forget that people don't really immediately understand what
11 it is, so I'm going to give you an example.

12
13 When I was a trial judge, a long time ago in Denver District Court, probably 28 or 29
14 years ago, I was trying a case. It was a divorce case, and the husband was represented
15 by kind of a big law firm, and the woman was not represented by an attorney at all. We
16 now call a person like this an unrepresented litigant or a *pro se* litigant, but the bottom
17 line is that she didn't have a lawyer. The issue was maintenance, which is how much
18 money she gets from her husband after this divorce. I tried my best, and I made a pretty
19 good decision, I thought, but it evidently was a decision that she didn't like very well.
20 At the end of my decision, this woman, who I still can see and remember very, very
21 clearly, started yelling and screaming. You know, I'm afraid to demonstrate, but just
22 really yelling and screaming. I was sitting on the bench, and I tried to tell her, "Let's
23 have some order in the court." She starts yelling and screaming more, and then she
24 starts taking off her clothes. She took off her shirt. She took off her pants. She starts
25 throwing them around. I'll let you imagine. At this point, I am scared and don't know
26 what to do. I ran off the bench and locked myself in the bathroom. I'm thinking, "This
27 is a little crazy. I just became a judge; I don't need this, thank you very much. Is this
28 really what the rest of my life is going to be like?" She ran out of the courtroom and
29 into the halls, clothing trailing behind her. It must have been a horrible decision on my
30 part, that's all I can tell you, because she was not at all happy. The marshals came, and
31 she went to a detention facility for about an hour and calmed down, and that was that,
32 but it was such a lesson to me about how difficult it is for people who don't have
33 lawyers to come into the courts. I mean, that's a funny example -- kind of -- but it's a
34 very, very true example. It is just terrifying. And that, remember, that problem
35 I'm describing to you is something that happened a long time ago.

36
37 Now, we have a much more difficult situation. The problem got so bad that two or
38 three years ago we came up with a brand new position, that we call a
39 "Sherlock." "Sherlock" is a made-up name for a self-represented litigant coordinator;
40 in other words, someone to assist an individual that doesn't have a lawyer. The
41 Sherlock is supposed to go out and search out answers, and we have these people at
42 every single courthouse. That's a really good thing. You might think, well, that
43 probably will help a few people. It doesn't help just a few people.

44
45 In 2014, we had about 100,000 people coming in wanting this kind of help. In 2015, we
46 had 125,000 people coming in wanting this kind of help. And last year, we had 137,000
47 people coming in and wanting this kind of help. Providing adequate help for
48 unrepresented individuals is a problem that is not going away, and it's not a problem
49 which is necessarily related to people who can't afford attorneys. Of these 137,000
50 people, many of them can afford a reasonably priced attorney. Many of these people
51 think they can represent themselves or they just don't want to pay for an attorney.
52 Even with our Sherlocks, this issue is coming very much to a head in the courts. Poor
53 Justice Hood is the guy who has to deal with this; he has to figure out the solutions.
54 He does this through all sorts of committees. The bar association is working with us.
55 We have a website which is about to start very shortly where people can go online for
56 help. They can even do it on their telephones and what not to get some information.

1 So he's working very hard to try to figure out how to handle this problem of 137,000
2 people last year who came to the court to ask for help.

3
4 Another thing that we're trying to do is not make people come down to courts but to
5 go to the library. You have to just drive down Broadway to know how many people
6 are outside the big centrallibrary. Those people probably need legal help. If they can
7 go to the library and have access to someone who can help them navigate the system --
8 not be their attorneys -- but help them navigate the system, that's what we're trying to
9 do. We and the bar association are working very hard on this, and Justice Hood is
10 doing a great job in this area.

11
12 Another thing that goes hand in hand with access to justice is interpreters. This is one
13 of the few things we're asking for this year in our budget. We're asking for more
14 interpreters, and we're asking for the interpreters to be paid a little bit better.
15 In 2016, 71,500 people needed interpreting services. Now, that's a lot, and it's all sorts
16 of languages, because Colorado and Denver has become such a melting pot. When I
17 was a trial judge, I remember trying a case where it was all Russians in the courtroom;
18 Russian-speaking parties, Russian-speaking lawyers. The only person who couldn't
19 speak Russian in the entire courtroom was me. If I didn't have interpreters, I would
20 not have been able to do that case. We are asking for slightly more pay for these
21 people who are doing just yeoman's service. Once again, that's something that the
22 courts are very much having to deal with. So, I will, thank you. You are doing a great
23 job in that area.

24
25 Let's move on to Justice Rich Gabriel. Rich is our newest justice. He comes to us
26 from the Court of Appeals, which was great preparation for our court, and private
27 practice before that. Rich has been thrown into the administrative hassle of being a
28 justice. Rich deals with our problem-solving courts, also called specialty courts, and
29 that's something I know that you all have interest in. I got some questions about it at
30 the joint judiciary hearing. We have a lot of problem-solving courts in Colorado -- 81,
31 as a matter of fact. These problem-solving courts arise in the area of drugs, alcohol,
32 mental health, DUI and most recently veterans affairs. They're organic, I would say.
33 They come from the districts as opposed to a statewide approach. What usually
34 happens is that there is be a judge and usually a probation officer who feel very
35 strongly that they want to help people, and one of the best ways to help people and
36 have a one-on-one impact is through these problem-solving courts. They're really very
37 cool. People come in, they see the judge not just once every six or eight months, but
38 almost once a week. When participants graduate there are big elaborate celebrations,
39 which are quite fun.

40
41 One problem with problem-solving courts is that they have grown so much, they've
42 proliferated -- 81 in a state of our size -- and it's really hard to not only keep track of
43 them, but also to make sure that they're all effective. And so we have developed a
44 committee, which will start accrediting these problem-solving courts, and Rich will
45 be overseeing that. So, Rich, thank you very much. We appreciate your good work on
46 that.

47 Another thing that all of the justices have to do, including myself, is nominating
48 commissions. I want to talk about that for just a second, because the nominating
49 commissions are really important to the way we are as justices and judges in this state.
50 I always think that everybody understands the process, but it bears repeating. When
51 there is a judicial vacancy, there is immediately a commission formed to fill that
52 vacancy. It happens by statute. If I were to die tomorrow, God forbid, in 30 days you
53 would have a replacement nominated for my job. Fifteen days after that replacement
54 is nominated, the governor has to pick. So, in 45 days, you have a new justice.
55 Sometimes it seems like the process goes too fast, but we get our judges replaced. It's
56 a good system that way.

1 Now, the people who nominate the replacements for judges and justices are
2 nominating commissions. The governor appoints all of the non-attorneys on these
3 commissions. I and the governor and the Attorney General appoint the attorneys.
4 There are 154 people throughout the state who do this, and 15 people at the supreme
5 court level. There's not supposed to be a majority of a political party on any of these
6 nominating commissions. Interestingly, every one of these nominating commissions
7 is chaired by a justice of the supreme court who doesn't have a vote and frankly isn't
8 supposed to say very much. Sometimes it feels like all we do is arrange for the coffee
9 and doughnuts. The justices went to 16 of the 22 judicial districts last year.

10

11 The most interesting place I went was Nucla, actually, which I never even knew
12 existed, but that was fun. We meet with these commissioners, and they pick three
13 candidates for the vacancy.

14

15 The second most interesting thing about it is to watch the politics of it, because you
16 would think, with democrats and republicans serving on the commissions, that
17 somehow politics would show up. A couple of years into being on the court, I tried
18 very hard to not know ahead of time who were the democrats and who were the
19 republicans on the commissions. I thought maybe I'll be able to sort it out just from
20 listening to people. And the reality is, I never was. And the reality is that what people
21 are doing who are on these commissions is not playing politics in the least. They're
22 trying to figure out who the best people are who they could nominate to be judges. It
23 is so stunningly not political that it's almost hard to express, but if you talk to any of
24 these commissioners, they'll tell you the same thing.

25

26 These nominating commissions work. We get great judges as a result. It's a
27 wonderful system, followed up by the judicial performance system which is very
28 intensive. I have been evaluated under judicial performance standards four times.
29 Each time, I have to tell you it was miserable. I don't know any other way to say it.
30 It was just plain miserable. I see all my colleagues nodding. Through the evaluation
31 process, you get lots and lots of comments, most of which are fair, some of which
32 aren't, but they always make you be a better judge, and that's the whole point of the
33 thing.

34

35 I've given you an awful lot of information, and I know most of you came here because
36 you just wanted me to talk about the bats; is that right? I kind of thought so, and I
37 saved that for the last, because most people see me and they think of that. Well, thank
38 you for asking. Sorry that I had to give you so much heavy information before we got
39 to it. Yes, we have gotten rid of the bats in Walsenburg and their various by products.
40 You'll recall that we were able to do that primarily because you helped us out so much
41 with under-funded facilities program. Thank you. Our rural courthouses are doing
42 much, much better. We're not asking for more money for that program this year; we
43 may next year.

44

45 We, frankly, don't need any more money this year, so we're not asking for it. But I'm
46 glad you heard me, even if I wasn't as appropriate as I should have been a couple years
47 ago.

48

49 Mostly then, in closing, I just want to tell you thank you for giving me and my court
50 the opportunity to come and talk to you. Thank you all for being here on Friday before
51 a three-day holiday. I absolutely love the judicial branch. I love to talk about it. I
52 love being a judge. It's been a very meaningful life for me, so thank you so much. I
53 appreciate all of the help you give us.

11 **"SECTION 1. Legislative declaration.** (1) The general
12 assembly finds and declares that:

13
14 (a) Although military installations once operated as self-contained
15 communities, today they are increasingly integrated with their host
16 communities; and

17 (b) Communities that host military installations face unique
18 challenges and opportunities, including potential cost savings, increased
19 efficiencies, and reduced government overhead through shared services.

20 (2) The general assembly further finds that:

21 (a) With the passage of section 331 of the "2013 National Defense
22 Authorization Act", 10 U.S.C. sec. 2679, which created an
23 intergovernmental support agreement program between the federal
24 department of defense and state and local entities, the United States
25 congress demonstrated its awareness of, and support for, cooperative
26 agreements between military installations and their host communities;

27 (b) Cooperative intergovernmental agreements that allow military
28 installations and local governments to share support services can produce
29 significant cost savings to local communities by identifying:

30 (I) Shared services that local governments can provide to military
31 installations that could help pay for fixed costs and overhead; and

32 (II) Services that local communities can purchase from military
33 installations at a reduced cost; and

34 (c) The federal department of defense is encouraging these unique
35 partnerships between military installations and their host communities
36 around the country.

37 (3) Now, therefore, the general assembly encourages Colorado
38 communities, especially those that host military installations, to work in
39 partnership with those installations and explore areas of mutual benefit.

APPOINTMENT

The Speaker announced the following temporary committee appointment for March 7, 2017 only:

Judiciary

Representative McKean to replace Representative Wist

REPORT(S) OF COMMITTEE(S) OF REFERENCE**FINANCE**

After consideration on the merits, the Committee recommends the following:

HB17-1221 be amended as follows, and as so amended, be referred to the Committee on Appropriations with favorable recommendation:

Amend printed bill, strike everything below the enacting clause and substitute:

"SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) Through citizen-initiated measures, Colorado provided its citizens protections for the cultivation and use of medical marijuana in 2000 and recreational marijuana in 2012;

(b) One of the reasons behind these citizen-initiated measures was to erode the black market for marijuana in Colorado;

(c) The constitutional provisions for both medical marijuana and recreational marijuana provide protections for personal marijuana cultivation, but are silent on the question of where marijuana plants may be grown or processed for medical or recreational use;

(d) Although the authority for marijuana cultivation for both medical and recreational marijuana is generally limited to six plants per person, there are some provisions that can allow individuals to grow more plants. Both the medical marijuana and recreational constitutional provisions allow a citizen to assist another citizen in the cultivation of marijuana.

(e) The assist provisions have created a situation in which individuals are cultivating large quantities of marijuana in residential properties;

(f) These large-scale cultivation sites in residential properties create a public safety issue and are a public nuisance. A site in a residential property can overburden the property's electrical system, resulting in excessive power use and creating a fire hazard that puts first responders at risk. A site can also cause water damage and mold in the residential property. A site in a residential property can produce a noxious smell that limits the ability of others who live in the area to enjoy the quiet of their homes. Often the site is a rental home, and the renters cause significant damage to the home by retrofitting the home to be used as a large-scale cultivation site. When a residential property is used for a large-scale cultivation site, it often lowers the property value of the property and thus the property value of the rest of the neighborhood.

1 Finally, a site in a residential property can serve as a target for criminal
2 activity, creating an untenable public safety hazard.

3 (g) Large-scale, multi-national crime organizations have exploited
4 Colorado laws, rented multiple residential properties for large-scale
5 cultivation sites, and caused an influx of human trafficking and large
6 amounts of weapons as well as the potential for violent crimes in
7 residential neighborhoods;

8 (h) These large-scale cultivation sites in residential properties
9 have been used to divert marijuana out of state and to children; and

10 (i) In awarding grants under the gray and black market marijuana
11 enforcement grant program, the department of local affairs shall give
12 priority to local governments in rural areas that have limited law
13 enforcement resources.

14 (2) Therefore, the general assembly determines that it is necessary
15 to impose reasonable limits on residential marijuana cultivation that do
16 not encroach on the protections afforded Colorado citizens in the
17 Colorado constitution.

18 **SECTION 2.** In Colorado Revised Statutes, 18-18-406, **add** (3.5)
19 as follows:

20 **18-18-406. Offenses relating to marijuana and marijuana**

37 **"SECTION 1. Legislative declaration.** (1) The general
38 assembly finds and declares that:

39 (a) Many Coloradans currently serve in the Armed Forces, and
40 Colorado is home to more than 400,000 veterans;

41 (b) These members of our community spend significant time
42 receiving training and education for jobs serving our country and
43 safeguarding our freedom and liberty;

- 1 (c) The Armed Forces invest taxpayer dollars to provide
2 high-quality education and training to service members;
3 (d) Upon separation from the military, former service members
4 are offered a GI bill;
5 (e) The GI bill generally covers only thirty-six months of
6 education, and guidance targeted to veterans is necessary to ensure the
7 optimal use of these limited GI benefits; and
8 (f) Veterans face an increased risk of poverty and failure to
9 complete their postsecondary education if they are placed in college
10 courses without appropriate recognition of college-level learning acquired
11 while in the military and targeted guidance from the institution to ensure
12 that GI bill benefits are used effectively to complete a chosen program of
13 study.

14 (2) Now, therefore, by requiring state institutions of higher
15 education to adopt a policy for awarding credit for college-level learning
16 acquired in the military and provide appropriate guidance to veterans,
17 Colorado can ensure an easier pathway to career and financial success for
18 our veterans.

19 **SECTION 2.** In Colorado Revised Statutes, **add** 23-5-144 as
20 follows:

21 **23-5-144. Credit for military education and training - policy**
22 **- repeal.** (1) AS USED IN THIS SECTION, UNLESS THE CONTEXT OTHERWISE
23 REQUIRES, "STATE INSTITUTION OF HIGHER EDUCATION" OR "INSTITUTION"
24 HAS THE SAME MEANING AS PROVIDED IN SECTION 23-18-102 (10); EXCEPT
25 THAT "STATE INSTITUTION OF HIGHER EDUCATION" OR "INSTITUTION"
26 INCLUDES EACH LOCAL DISTRICT COLLEGE THAT IS PART OF A LOCAL
27 COLLEGE DISTRICT ORGANIZED PURSUANT TO ARTICLE 71 OF THIS TITLE 23
28 AND THE AREA TECHNICAL COLLEGES, AS DEFINED IN SECTION 23-60-103.

29 (2) ON OR BEFORE JANUARY 1, 2018, EACH GOVERNING BOARD OF
30 A STATE INSTITUTION OF HIGHER EDUCATION SHALL ADOPT, MAKE PUBLIC,
31 AND IMPLEMENT A PRIOR LEARNING ASSESSMENT POLICY FOR AWARDING
32 ACADEMIC CREDIT FOR COLLEGE-LEVEL LEARNING ACQUIRED WHILE IN
33 THE MILITARY. THE POLICY ADOPTED BY THE GOVERNING BOARD MUST
34 REQUIRE EACH CAMPUS OF THE INSTITUTION TO:

35 (a) USE THE AMERICAN COUNCIL ON EDUCATION'S
36 RECOMMENDATIONS ON THE JOINT SERVICES TRANSCRIPT, AMONG OTHER
37 FACTORS, TO EVALUATE COLLEGE-LEVEL LEARNING ACQUIRED BY A
38 STUDENT WHILE IN THE MILITARY AND, AT THE DISCRETION OF THE
39 CAMPUS, ASSIGN APPROPRIATE PRIOR LEARNING ASSESSMENT CREDIT;

40 (b) PROVIDE SPECIFIC GUIDANCE TO ACTIVE DUTY AND VETERAN
41 MILITARY MEMBERS IN SELECTING A PROGRAM OF STUDY AND IN
42 OPTIMIZING THE USE OF PRIOR LEARNING ASSESSMENT CREDIT TO
43 ACCELERATE THE STUDENT'S PATH TO DEGREE OR CERTIFICATE
44 COMPLETION IN THE CHOSEN PROGRAM OF STUDY; AND

45 (c) ACCEPT IN TRANSFER FROM WITHIN THE INSTITUTION AND
46 FROM OTHER STATE INSTITUTIONS OF HIGHER EDUCATION PRIOR LEARNING
47 ASSESSMENT CREDIT AWARDED FOR COURSES WITH
48 GUARANTEED-TRANSFER DESIGNATION. EACH CAMPUS MAY ALSO ACCEPT
49 OTHER PRIOR LEARNING ASSESSMENT CREDIT TOWARD THE STUDENT'S
50 PROGRAM OF STUDY IF THE CREDIT MEETS STANDARDS ESTABLISHED BY
51 THE CAMPUS.

52 (3) THE STATE INSTITUTION OF HIGHER EDUCATION SHALL GRANT
53 PRIOR LEARNING ASSESSMENT CREDIT FREE OF TUITION BUT MAY CHARGE
54 A REASONABLE FEE FOR THE PRIOR LEARNING ASSESSMENT.

55 (4) (a) DURING THE 2018 REGULAR SESSION, THE DEPARTMENT OF
56 HIGHER EDUCATION SHALL REPORT TO THE EDUCATION AND STATE,

1 VETERANS, AND MILITARY AFFAIRS COMMITTEES OF THE SENATE AND
 2 HOUSE OF REPRESENTATIVES, OR ANY SUCCESSOR COMMITTEES,
 3 REGARDING THE ADOPTION AND IMPLEMENTATION OF THE INSTITUTIONS'
 4 POLICIES ADOPTED PURSUANT TO THIS SECTION.

5 (b) THIS SUBSECTION (4) IS REPEALED, EFFECTIVE JULY 1, 2019.

32 **"SECTION 1. Legislative declaration.** (1) The general
33 assembly finds and declares that:

34 (a) Colorado's medicaid program provides critical health care
35 services to many of the state's residents;

36 (b) It is in the best interest of Colorado to do everything possible
37 to minimize error, inefficiency, and fraud in the medicaid program to
38 ensure the long-term viability of this safety-net program and to protect
39 clients from prohibited billing practices that harm them financially and
40 hurt their credit;

41 (c) The vast majority of providers enrolled in the medicaid
42 program are in compliance with the department of health care policy and
43 financing's (state department) rules, billing manuals, and provider
44 bulletins, and serve medicaid clients well;

45 (d) For the small number of providers out of compliance with the
46 state department's rules, billing manuals, and provider bulletins, the state
47 department has limited options to help those providers come into
48 compliance before terminating the provider from the national medicaid
49 provider network; and

50 (e) The state department should have intermediate options to
51 ensure that providers out of compliance can come into compliance and
52 remained enrolled in the medicaid program.

53 (2) Now, therefore, it is the intent of the general assembly that the
54 state department use the intermediate options outlined in this legislation
55 judiciously and that the state department collaborate with providers and

1 provider associations to improve compliance and understanding of the
2 state department's rules and policies.

12 who has reason to believe that a manufacturer, distributor, or
13 manufacturer representative has violated section 12-6-523 (1)(d) or (1)(v)
14 may appeal to the board by filing a complaint with:

15 (a) The executive director; OR

20 (2) ~~Upon receiving the~~ FILING A VERIFIED complaint ~~and upon a~~
21 ~~showing of specific facts that a violation has occurred, the executive~~
22 ~~director shall summarily issue a cease-and-desist order under section~~
23 ~~12-6-505 (1)(h) staying~~ ALLEGING WITH SPECIFIC FACTS THAT A
24 VIOLATION HAS OCCURRED UNDER THIS SECTION, the termination,
25 elimination, modification, or nonrenewal of the franchise agreement IS
26 AUTOMATICALLY STAYED, WITHOUT THE MOTOR VEHICLE DEALER POSTING
27 A BOND, UNTIL A FINAL DETERMINATION IS MADE ON EACH ISSUE RAISED
28 IN THE COMPLAINT; EXCEPT THAT THE EXECUTIVE DIRECTOR,
29 ADMINISTRATIVE LAW JUDGE, OR COURT MAY CANCEL THE STAY UPON
30 FINDING THAT THE CANCELLATION, TERMINATION, OR NONRENEWAL OF
31 THE FRANCHISE AGREEMENT WAS FOR ANY OF THE REASONS SPECIFIED IN
32 SECTION 12-6-120 (1)(d)(III). THE AUTOMATIC STAY MAINTAINS ALL
33 RIGHTS UNDER THE FRANCHISE AGREEMENT UNTIL THE FINAL
34 DETERMINATION OF THE ISSUES RAISED IN THE VERIFIED COMPLAINT. THE
35 MANUFACTURER, DISTRIBUTOR, OR MANUFACTURER REPRESENTATIVE
36 SHALL NOT NAME A REPLACEMENT MOTOR VEHICLE DEALER FOR THE

44 ~~franchise agreement until the later of the executive director issuing a~~
45 ~~decision or ninety days after the manufacturer, distributor, or~~
46 ~~manufacturer's representative provides the notice of termination unless~~
47 ~~the executive director finds that the termination, cancellation, or~~
48 ~~nonrenewal was for fraud, a misrepresentation, or committing a crime~~
49 ~~within the scope of the franchise agreement or in the operation of the~~
50 ~~dealership, in which case the franchise rights terminate immediately~~ IF A
51 VERIFIED COMPLAINT IS FILED WITH THE EXECUTIVE DIRECTOR, THE
52 EXECUTIVE DIRECTOR SHALL REFER THE COMPLAINT TO AN
53 ADMINISTRATIVE LAW JUDGE WITH THE OFFICE OF ADMINISTRATIVE
54 COURTS FOR FINAL AGENCY ACTION.

55 (4) IN RESOLVING A TERMINATION COMPLAINT, THE

1 MANUFACTURER, DISTRIBUTOR, OR MANUFACTURER REPRESENTATIVE HAS

4 OR NONRENEWAL.

5 (5) THE PREVAILING PARTY IN A CLAIM THAT A TERMINATION,
6 CANCELLATION, OR NONRENEWAL VIOLATES SECTION 12-6-523 (1)(d) OR

11 follows:

12 **12-6-538. Stop-sale directives - used powersports vehicles -**

14 OTHERWISE REQUIRES:

15 (a) "AVERAGE TRADE-IN VALUE" MEANS THE VALUE OF A USED

17 PUBLISHED, THIRD-PARTY USED VEHICLE RESOURCE.

18 (b) "STOP-SALE DIRECTIVE" MEANS AN UNCONDITIONAL DIRECTIVE
19 FROM A MANUFACTURER OR DISTRIBUTOR TO A POWERSPORTS VEHICLE
20 DEALER TO STOP SELLING A TYPE OF POWERSPORTS VEHICLE
21 MANUFACTURED BY THE MANUFACTURER OR DISTRIBUTED BY THE
22 DISTRIBUTOR BECAUSE OF A SAFETY DEFECT.

23 (2) THE MANUFACTURER OR DISTRIBUTOR SHALL REIMBURSE A
24 POWERSPORTS VEHICLE DEALER IN ACCORDANCE WITH SUBSECTION (3) OF
25 THIS SECTION IF:

26 (a) THE MANUFACTURER OR DISTRIBUTOR ISSUES A STOP-SALE
27 DIRECTIVE FOR A POWERSPORTS VEHICLE MANUFACTURED OR
28 DISTRIBUTED BY THE ISSUER OF THE STOP-SALE DIRECTIVE;

29 (b) THE POWERSPORTS VEHICLE DEALER HOLDS AN ACTIVE SALES,
30 SERVICE, AND PARTS AGREEMENT WITH THE MANUFACTURER OR
31 DISTRIBUTOR FOR THE LINE-MAKE OF THE USED POWERSPORTS VEHICLE
32 COVERED BY THE STOP-SALE DIRECTIVE;

33 (c) THE USED POWERSPORTS VEHICLE COVERED BY THE STOP-SALE
34 DIRECTIVE IS HELD IN THE INVENTORY OF THE POWERSPORTS VEHICLE
35 DEALER ON THE DATE THE STOP-SALE DIRECTIVE IS ISSUED OR TAKEN BY

37 SAME LINE-MAKE; AND

38 (d) THE MANUFACTURER OR DISTRIBUTOR HAS NOT PROVIDED A
39 REMEDY PROCEDURE OR MADE PARTS AVAILABLE TO REPAIR THE USED

43 MET, THE MANUFACTURER OR DISTRIBUTOR SHALL, UPON APPLICATION BY
44 THE POWERSPORTS VEHICLE DEALER, PAY OR CREDIT THE DEALER ONE AND
45 ONE-HALF PERCENT PER MONTH OF THE AVERAGE TRADE-IN VALUE OF

51 PROCEDURE AND ANY NECESSARY PARTS FOR ORDERING TO REPAIR THE
52 USED POWERSPORTS VEHICLE; OR

53 (b) THE DATE THE POWERSPORTS VEHICLE DEALER TRANSFERS THE
54 POWERSPORTS VEHICLE.

55 (4) A MANUFACTURER OR DISTRIBUTOR MAY DETERMINE THE
56 REASONABLE MANNER AND METHOD REQUIRED FOR A POWERSPORTS

1 VEHICLE DEALER TO DEMONSTRATE THE INVENTORY STATUS OF A USED
2 POWERSPORTS VEHICLE TO DETERMINE ELIGIBILITY FOR REIMBURSEMENT.

3 (5) (a) THIS SECTION APPLIES ONLY TO USED POWERSPORTS
4 VEHICLES.

5 (b) THIS SECTION IS NOT INTENDED TO PREVENT A MANUFACTURER
6 OR DISTRIBUTOR FROM REQUIRING THAT A POWERSPORTS VEHICLE NOT BE
7 SUBJECT TO AN OPEN RECALL OR STOP-SALE DIRECTIVE AS A CONDITION
8 FOR THE POWERSPORTS VEHICLE TO BE QUALIFIED OR SOLD AS A CERTIFIED
9 PREOWNED VEHICLE OR SUBSTANTIALLY SIMILAR DESIGNATION.

10 (c) THIS SECTION DOES NOT REQUIRE A MANUFACTURER OR
11 DISTRIBUTOR TO PROVIDE TOTAL COMPENSATION TO A POWERSPORTS
12 VEHICLE DEALER THAT WOULD EXCEED THE TOTAL AVERAGE WHOLESALE
13 VALUATION OF THE AFFECTED USED POWERSPORTS VEHICLE.

14 (d) THIS SECTION DOES NOT PRECLUDE A POWERSPORTS VEHICLE
15 DEALER AND A MANUFACTURER OR DISTRIBUTOR FROM AGREEING TO
16 REIMBURSEMENT TERMS THAT DIFFER FROM THOSE SPECIFIED IN THIS
17 SECTION.

18 (e) COMPENSATION PROVIDED TO A POWERSPORTS VEHICLE
19 DEALER UNDER THIS SECTION IS EXCLUSIVE AND MAY NOT BE COMBINED
20 WITH ANY OTHER REMEDY UNDER STATE OR FEDERAL LAW."

44 **"SECTION 1. Legislative declaration.** (1) The general
45 assembly finds and declares that:

46 (a) Behavioral health problems and disorders affect a wide range
47 of Americans and include problems ranging from unhealthy stress or
48 subclinical conditions to diagnosable and treatable disorders, such as
49 serious mental health and substance use disorders. These illnesses and
50 disorders are often chronic in nature, but individuals can, and do, recover
51 from them with the help of a variety of interventions, including medical
52 and psychosocial treatments, self-help, mutual aid, and recovery supports;

53 (b) The substance abuse and mental health services administration
54 (SAMHSA) offers the national behavioral health quality framework as a
55 guiding document for the identification and implementation of key

1 behavioral health quality measures for use in agency or system funding
 2 decisions, monitoring the behavioral health of the nation, and the delivery
 3 of behavioral health care;

4 (c) SAMHSA recognizes the importance of looking beyond
 5 national quality strategy endorsement for measures that capture the
 6 breadth of behavioral health activities addressed by SAMHSA and the
 7 federal department of health and human services, particularly those for
 8 which the evidence base is not mature or areas in which data collection
 9 is still evolving because the field of behavioral health quality
 10 measurement is relatively young in its development; and

11 (d) SAMHSA, health and human services partners, other federal
 12 colleagues, and many private sector behavioral health entities are
 13 committed to appropriately describing, measuring, and implementing
 14 quality behavioral health care.

15 (2) Therefore, the general assembly finds it is critical to use
 16 appropriate terminology regarding behavioral health, including mental
 17 health and substance use disorders, throughout the Colorado Revised
 18 Statutes.

19 **SECTION 2.** In Colorado Revised Statutes, 2-4-401, **amend** (1);
 20 and **add** (1.1) as follows:

21 **2-4-401. Definitions.** The following definitions apply to every
 22 statute, unless the context otherwise requires:

23 (1) ~~"Child" includes child by adoption~~ "BEHAVIORAL HEALTH"
 24 REFERS TO AN INDIVIDUAL'S MENTAL AND EMOTIONAL WELL-BEING AND
 25 ACTIONS THAT AFFECT AN INDIVIDUAL'S OVERALL WELLNESS.
 26 BEHAVIORAL HEALTH PROBLEMS AND DISORDERS INCLUDE SUBSTANCE
 27 USE DISORDERS, SERIOUS PSYCHOLOGICAL DISTRESS, SUICIDE, AND OTHER
 28 MENTAL HEALTH DISORDERS. PROBLEMS RANGING FROM UNHEALTHY
 29 STRESS OR SUBCLINICAL CONDITIONS TO DIAGNOSABLE AND TREATABLE
 30 DISEASES ARE INCLUDED IN THE TERM "BEHAVIORAL HEALTH". THE TERM
 31 "BEHAVIORAL HEALTH" IS ALSO USED TO DESCRIBE SERVICE SYSTEMS
 32 THAT ENCOMPASS PREVENTION AND PROMOTION OF EMOTIONAL HEALTH,
 33 PREVENTION AND TREATMENT SERVICES FOR MENTAL HEALTH AND
 34 SUBSTANCE USE DISORDERS, AND RECOVERY SUPPORT.

35 (1.1) "CHILD" INCLUDES CHILD BY ADOPTION."

54 **13-80-103.7. General limitation of actions - sexual assault or**
 55 **sexual offense against a child - six years.** (3.5) (a) For the purpose of

1 this section, "person under disability" means any person who is a minor
 2 under eighteen years of age, a person who has been declared mentally
 3 incompetent, or a person under other legal disability and who does not
 4 have a legal guardian. "Person under disability" also includes a victim of
 5 a sexual assault when the victim is in a special relationship with the
 6 perpetrator of the assault or is a victim of a sexual offense against a child
 7 or is a victim who is residing in an institutional facility, such as a nursing
 8 home, regional center, or residential facility for the treatment and care of
 9 persons with a BEHAVIORAL OR mental ~~illness~~ HEALTH DISORDER or for
 10 the care of persons with intellectual and developmental disabilities and
 11 where the victim is psychologically or emotionally unable to acknowledge
 12 the assault or offense and the resulting harm. For the purpose of this
 13 subsection (3.5), "special relationship" means a relationship between the
 14 victim and the perpetrator of the sexual assault which is a confidential,
 15 trust-based relationship, such as attorney-client, doctor-patient,
 16 psychotherapist-patient, minister-parishioner, teacher-student, or familial
 17 relationship. It is the intent of the general assembly to leave in place the
 18 six-year limitation for adults subjected to a sexual assault except in the
 19 situations described in this subsection (3.5)(a) in which the victim is in a
 20 special relationship with the perpetrator of the assault. In the
 21 circumstances in which a victim is in a special relationship with the
 22 perpetrator of the assault or is a victim of a sexual offense against a child
 23 or a victim who is residing in an institutional facility, such as a nursing
 24 home, regional center, or residential facility for the treatment and care of
 25 persons with a BEHAVIORAL OR mental ~~illness~~ HEALTH DISORDER or for
 26 the care of persons with intellectual and developmental disabilities and
 27 where the victim is psychologically or emotionally unable to acknowledge
 28 the assault or offense and the resulting harm, the six-year limitation ~~shall~~
 29 ~~be~~ IS tolled until the disability is removed. For the purpose of this section,
 30 where the plaintiff is a victim of a series of sexual assaults or sexual
 31 offenses against a child, the plaintiff need not establish which act of a
 32 series of acts caused the plaintiff's injury, and the statute of limitations set
 33 forth in this section commences with the last in the series of acts, subject
 34 to the provisions of this section regarding disability. However, as
 35 elements of the cause of action, a person under disability who is
 36 psychologically or emotionally unable to acknowledge the assault or
 37 offense and the resulting harm has the burden of proving that the assault
 38 or offense occurred and that ~~the person~~ HE OR SHE was actually
 39 psychologically or emotionally unable to acknowledge the assault or
 40 offense and the resulting harm."

26 THE TOTAL AMOUNT OF ADDITIONAL MILL LEVY REVENUE THAT A
27 PARTICIPATING SCHOOL DISTRICT COLLECTS FOR A BUDGET YEAR DIVIDED
28 BY THE SCHOOL DISTRICT'S FUNDED PUPIL COUNT, AS DEFINED IN SECTION

30 (h) "PER PUPIL PROGRAM SHARE" MEANS AN AMOUNT EQUAL TO
31 THE AMOUNT OF ADDITIONAL MILL LEVY REVENUE ALLOCATED TO A

49 IN PART 4 OF ARTICLE 11 OF THIS TITLE 22.

50 (3) FOR THE 2019-20 BUDGET YEAR AND FOR EACH BUDGET YEAR
51 THEREAFTER, THE LOCAL SCHOOL BOARD OF EACH PARTICIPATING SCHOOL

3 APPLICABLE BUDGET YEAR MULTIPLIED BY THE NUMBER OF STUDENTS
4 ENROLLED IN THE CHARTER SCHOOL OR THE INNOVATION SCHOOL FOR THE
5 APPLICABLE BUDGET YEAR, AS DESCRIBED IN SUBSECTION (5) OF THIS

24 SHARE TO PROVIDE A PROGRAM OR SERVICES, AS SELECTED BY THE
25 CHARTER SCHOOL OR INNOVATION SCHOOL, TO BENEFIT THE STUDENTS
26 FOR WHOM IT RECEIVED THE PER PUPIL PROGRAM SHARE. THE LOCAL
27 SCHOOL BOARD SHALL ENSURE THAT THE DETERMINATION OF THE
28 AMOUNT OF ADDITIONAL MILL LEVY REVENUE THAT A SCHOOL OF THE
29 PARTICIPATING SCHOOL DISTRICT RECEIVES AS A DISTRIBUTION OR
30 THROUGH PARTICIPATION IN A PROGRAM IS NOT BASED ON AND DOES NOT
31 TAKE INTO ACCOUNT THE SCHOOL'S TYPE. THE LOCAL SCHOOL BOARD
32 SHALL ENSURE THAT EQUITABLE DISTRIBUTION OF THE ADDITIONAL MILL
33 LEVY REVENUE IS FULLY IMPLEMENTED IN THE 2019-20 BUDGET YEAR AND

45 SCHOOL IN WHICH THE STUDENT IS ENROLLED.

46 (c) EACH PLAN MUST REQUIRE THE LOCAL SCHOOL BOARD TO
47 EQUITABLY DISTRIBUTE ALL OF THE PARTICIPATING SCHOOL DISTRICT'S
48 ADDITIONAL MILL LEVY REVENUE THAT IS NOT DISTRIBUTED FOR SPECIFIC

50 (4)(a) AND (4)(b) OF THIS SECTION, TO THE SCHOOLS OF THE

24 PARTICIPATING SCHOOL DISTRICT THAT CHOOSES NOT TO ADOPT A PLAN
25 SHALL DISTRIBUTE TO EACH CHARTER SCHOOL AND INNOVATION SCHOOL
26 OF THE PARTICIPATING SCHOOL DISTRICT AN AMOUNT EQUAL TO AT LEAST
27 NINETY-FIVE PERCENT OF THE PARTICIPATING SCHOOL DISTRICT'S PER
28 PUPIL MILL LEVY SHARE FOR THE APPLICABLE BUDGET YEAR MULTIPLIED
29 BY THE NUMBER OF STUDENTS ENROLLED IN THE CHARTER SCHOOL OR THE
30 INNOVATION SCHOOL FOR THE APPLICABLE BUDGET YEAR. IN COUNTING
31 THE NUMBER OF PUPILS ENROLLED IN A CHARTER SCHOOL OR INNOVATION
32 SCHOOL, THE SCHOOL DISTRICT SHALL COUNT A PUPIL ENROLLED IN
33 KINDERGARTEN OR IN A PRESCHOOL PROGRAM AS AT LEAST A HALF-DAY

41 CAMPUSES, STUDENTS WHO QUALIFY FOR FREE OR REDUCED-PRICE MEALS
42 UNDER THE FEDERAL "RICHARD B. RUSSELL NATIONAL SCHOOL LUNCH
43 ACT", 42 U.S.C. SEC. 1751 ET SEQ., STUDENTS WHO ARE IDENTIFIED AS
44 ENGLISH LANGUAGE LEARNERS UNDER SECTION 22-24-105, OR STUDENTS
45 WHO HAVE INDIVIDUALIZED EDUCATION PROGRAMS UNDER PART 1 OF
46 ARTICLE 20 OF THIS TITLE 22, THE PARTICIPATING SCHOOL DISTRICT MAY
47 CONTINUE DISTRIBUTING THE REVENUE FOR THESE PURPOSES, SO LONG AS:
- 48 (I) THE AMOUNT DISTRIBUTED FOR EACH STUDENT IS THE SAME
49 REGARDLESS OF THE TYPE OF SCHOOL IN WHICH THE STUDENT IS
50 ENROLLED; AND
- 51 (II) THE PARTICIPATING SCHOOL DISTRICT DISTRIBUTES ANY
52 AMOUNT OF ADDITIONAL MILL LEVY REVENUE THAT REMAINS AFTER
53 DISTRIBUTION FOR THESE PURPOSES IN ACCORDANCE WITH SUBSECTION

1 2016-17 BUDGET YEAR TO THE CHARTER SCHOOLS OR INNOVATION
 2 SCHOOLS OF THE PARTICIPATING SCHOOL DISTRICT BY PERCENTAGE, BY
 3 DISTRIBUTION OF A PER PUPIL AMOUNT, OR BY A COMBINATION OF
 4 PERCENTAGE AND PER PUPIL AMOUNT, THE LOCAL SCHOOL BOARD SHALL
 5 ENSURE THAT THE PERCENTAGE OF THE TOTAL ADDITIONAL MILL LEVY
 6 REVENUE AND THE PER PUPIL AMOUNT THAT IS DISTRIBUTED TO THE
 7 CHARTER SCHOOLS AND INNOVATION SCHOOLS OF THE PARTICIPATING
 8 SCHOOL DISTRICT IS NOT REDUCED FOR THE 2017-18 AND 2018-19 BUDGET
 9 YEARS. AN AUTHORIZING SCHOOL DISTRICT OR THE CHARTER SCHOOL MAY
 10 RENEGOTIATE CONTRACT PROVISIONS CONCERNING SERVICES OR FEES FOR
 11 SERVICES AS A MATERIAL REVISION TO THE CHARTER CONTRACT, SUBJECT
 12 TO THE PROVISIONS OF SECTION 22-30.5-105 (4), WHICH RENEGOTIATION
 13 SHALL NOT INCLUDE NEGOTIATIONS REGARDING REAUTHORIZATION OF
 14 THE CHARTER SCHOOL.

15 (7) THE AMOUNT OF ADDITIONAL MILL LEVY REVENUE THAT A
 16 CHARTER SCHOOL RECEIVES PURSUANT TO THIS SECTION IS IN ADDITION TO
 17 THE AMOUNT OF MONEY THAT THE CHARTER SCHOOL RECEIVES FROM THE
 18 SCHOOL DISTRICT PURSUANT TO PART 1 OF ARTICLE 30.5 OF THIS TITLE 22.
 19 THE AMOUNT OF ADDITIONAL MILL LEVY REVENUE THAT AN INNOVATION
 20 SCHOOL RECEIVES PURSUANT TO THIS SECTION IS IN ADDITION TO ANY
 21 AMOUNT OF MONEY THAT THE INNOVATION SCHOOL RECEIVES THROUGH
 22 THE SCHOOL'S INNOVATION PLAN AS PROVIDED IN ARTICLE 32.5 OF THIS
 23 TITLE 22.

24 (8) NOTWITHSTANDING ANY PROVISION OF THIS SECTION TO THE
 25 CONTRARY, IF A SCHOOL DISTRICT AUTHORIZES A CHARTER SCHOOL THAT
 26 IS PHYSICALLY LOCATED WITHIN THE GEOGRAPHIC BOUNDARIES OF
 27 ANOTHER SCHOOL DISTRICT, THE CHARTERING SCHOOL DISTRICT IS NOT
 28 REQUIRED TO INCLUDE IN THE PLAN DESCRIBED IN SUBSECTION (4) OF THIS
 29 SECTION OR IN THE DISTRIBUTION DESCRIBED IN SUBSECTION (5) OF THIS
 30 SECTION ANY AMOUNT OF ADDITIONAL MILL LEVY REVENUE FOR STUDENTS

 36 A COPY OF THE PLAN ON THE PARTICIPATING SCHOOL DISTRICT'S WEBSITE
 37 AS PROVIDED IN SECTION 22-44-304 AND ANNUALLY UPDATE THE PLAN AS
 38 NECESSARY; OR

39 (b) IF THE LOCAL SCHOOL BOARD CHOOSES NOT TO ADOPT A PLAN,

 49 A PER-PUPIL BASIS TO EACH CHARTER SCHOOL AND INNOVATION SCHOOL,
 50 AS A PERCENTAGE AND AS A DOLLAR AMOUNT.

51 **SECTION 11.** In Colorado Revised Statutes, 22-30.5-105,

1 CONTAINED WITHIN A WIRE CENTER SERVING AREA THAT WAS PREVIOUSLY
 2 DEEMED EFFECTIVELY COMPETITIVE, THE COMMISSION MAY REEVALUATE
