BY REPRESENTATIVE(S) Exum and Van Winkle, Bacon, Benavidez, Bernett, Bird, Boesenecker, Caraveo, Cutter, Duran, Esgar, Gonzales-Gutierrez, Gray, Hooton, Jodeh, Kipp, Lindsay, Lontine, McCluskie, Michaelson Jenet, Ortiz, Ricks, Roberts, Sirota, Snyder, Titone, Valdez A., Valdez D., Weissman, Young, Garnett, Herod, Daugherty; also SENATOR(S) Kolker and Hinrichsen, Bridges, Buckner, Coleman, Cooke, Coram, Danielson, Donovan, Fields, Ginal, Gonzales, Hansen, Hisey, Holbert, Jaquez Lewis, Kirkmeyer, Lee, Moreno, Pettersen, Priola, Rankin, Rodriguez, Smallwood, Sonnenberg, Story, Winter, Woodward, Zenzinger, Fenberg.

CONCERNING PROGRAMS THAT PROVIDE FUNDING TO IMPROVE SCHOOL SAFETY, AND, IN CONNECTION THEREWITH, MAKING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) The federal government enacted the "American Rescue Plan Act of 2021" (ARPA), Pub.L. 117-2, pursuant to which Colorado received

\$3,828,761,790 to mitigate the fiscal effects stemming from the COVID-19 public health emergency;

(b) Government recipients of ARPA funds may use the funds to provide resources for governments to meet the public health and economic needs of those impacted by the pandemic in their communities. Pursuant to ARPA and subsequent federal regulations, when providing behavioral health services, government recipients may presume that the general public was impacted by the pandemic, and they can therefore use ARPA funds to provide a broad range of behavioral health services to the public, including services for children and youth in schools; and

(c) The expenditures in this bill for the behavioral health care professional matching grant program, which provides grants to increase the funding education providers allocate to school health professionals to provide behavioral health care to students, is considered an allowable use under ARPA and is necessary to respond to the COVID-19 public health emergency.

(2) The general assembly further finds and declares that:

(a) Ensuring that students, educators, and school staff are safe in school is a top priority in Colorado;

(b) Addressing school safety includes, but is not limited to, efforts to ensure that schools have the security infrastructure necessary to prevent unauthorized entry and prevent students, educators, and individuals from physical harm;

(c) School safety, climate, and learning are linked, and students cannot learn if they do not feel safe, welcome, and supported;

(d) For the 2019-20 school year in Colorado, Black students were 3.1 times more likely to be suspended than white students, and Hispanic students were 1.8 times more likely to be suspended than white students;

(e) When implementing efforts to improve school safety, education professionals and law enforcement must take a proactive approach to prevent any effort that would increase discipline disparities;

(f) Colorado schools have been fundamentally rethinking school safety by centering the social, emotional, and mental health needs of young people and providing the resources and supports necessary to address the root causes of students' pain, trauma, and isolation;

(g) Colorado's school health professional ratio currently falls well below the national average, and funding behavioral health-care professionals and services in schools is part of a multifaceted approach to maintaining safe schools;

(h) As of January 2022, Colorado's "I Matter" program provided more than 1,300 therapy sessions, with over 3,000 scheduled appointments, helping to provide a free avenue for youth to find mental health supports; and

(i) Therefore, the general assembly finds that providing additional resources for school safety, including school security investments and behavioral health supports, is necessary to ensure that Colorado children are safe in school and their communities.
