¹ This document provides a list of Colorado acts and codes that span more than one article. An article is a statutory subdivision of a title. For example, Title 2 of the Colorado Revised Statutes is divided into 7 articles - similar to chapters in a book. If an act encompasses more than one article, it will be documented in the following pages. To illustrate, the Uniform Election Code of 1992 is comprised of Articles 1 to 13 in Title 1 of the Colorado Revised Statutes. Because the uniform code includes more than one article, it is listed in this document. In contrast, acts and codes that are limited to one article or less are not shown.
