

# MEMORANDUM

## JOINT BUDGET COMMITTEE

TO Joint Budget Committee  
FROM Amanda Bickel, JBC Staff  
DATE January 27, 2017  
SUBJECT Higher Education Supplemental Bill

---

On January 12, 2017, the JBC approved a recommendation from the analyst for the Governor's Office to increase History Colorado spending authority for FY 2016-17 by \$51,383 reappropriated funds (transferred from the Governor's Office) based on H.B. 14-1311 (Historic Preservation Tax Credit). This increase will be applied to the line item for the Office of Archeology and Historic Preservation in History Colorado.

As this is the only supplemental change in the Department of Higher Education at this point, there will be a higher education "add on" supplemental to the Long Bill, and History Colorado indicates that it does not need these funds immediately, **staff recommends that this supplemental change be included in the Long Bill "add on" supplemental, rather than run as a separate bill.**
