Under current law, if a person is growing adult-use marijuana in a residence and a person under 21 years of age lives at the residence, the grow site must be in an enclosed and locked space. If no one under 21 years of age lives in the residence but a person under 21 years of age enters the residence, the person growing the marijuana must ensure access to the grow site is reasonably restricted while the person under 21 years of age is staying at the residence. The bill applies the same conditions to a person growing medical marijuana.
