personal property.

For purposes of the documentary fee, the bill changes the determination of the consideration paid for the grant or conveyance of residential real property as follows:

- ! Eliminates any reduction for a separate consideration paid for personal property from the total sales price;
- ! Generally requires the consideration amount listed on the grant or conveyance document to be used to determine the documentary fee; and
- ! If there is no consideration amount or the amount listed on the grant or conveyance document is \$500 or less, and there is a related declaration filed, then the total sales price listed on the declaration is used to determine the documentary fee.

The bill also specifies that, unless indicated as commercial or industrial real property at the time of recording, a grant or conveyance is deemed to be of residential real property for the purpose of determining the documentary fee.
