- lower than anticipated; and
- ! Local property tax and specific ownership taxes were greater than expected, thereby reducing the state share of total program funding.

The reduction in the funded pupil count and at-risk pupil counts has enabled the general assembly to reduce the dollar amount of the negative factor. Due to variations in the amounts of state aid distributed to school districts, the bill adjusts the minimum amount of total program funding for the 2015-16 budget year.

---

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 hereby finds and declares that:

4 (a) The actual funded pupil count and the actual at-risk pupil  
5 counts for the 2015-16 budget year are lower than anticipated when the  
6 general assembly appropriated money for total program funding for the  
7 2015-16 budget year during the 2015 regular legislative session, allowing  
8 the general assembly to reduce the difference between the actual  
9 statewide total program funding and calculated statewide total program  
10 funding for the 2015-16 budget year by twenty-four million four hundred  
11 seventy-three thousand seven hundred fifty-three dollars;

12 (b) Based on the actual amount of local property tax revenues and  
13 specific ownership tax revenues available to school districts for the  
14 2015-16 budget year, the local share of total program funding is one  
15 hundred thirty-three million five hundred forty-two thousand one hundred  
16 seventy-three dollars higher than anticipated when the general assembly  
17 appropriated moneys for total program funding for the 2015-16 budget  
18 year during the 2015 legislative session; and

19 (c) Therefore, the general assembly finds that maintaining the  
20 level of calculated total program funding for the 2015-16 budget year

1 results in a reduction in the amount of the negative factor. Variations in  
2 the amounts of state aid distributed to districts require an adjustment in  
3 the minium amount of total program funding for the 2015-16 budget year,  
4 after application of the negative factor described in section 22-54-104 (5)  
5 (g), Colorado Revised Statutes.

6 **SECTION 2.** In Colorado Revised Statutes, 22-54-104, **amend**  
7 (5) (g) (I) (F) as follows:

8 **22-54-104. District total program - definitions.** (5) For  
9 purposes of the formulas used in this section:

10 (g) (I) For the 2010-11 budget year and each budget year  
11 thereafter, the general assembly determines that stabilization of the state  
12 budget requires a reduction in the amount of the annual appropriation to  
13 fund the state's share of total program funding for all districts and the  
14 funding for institute charter schools. The department of education shall  
15 implement the reduction in total program funding through the application  
16 of a negative factor as provided in this paragraph (g). For the 2010-11  
17 budget year and each budget year thereafter, the department of education  
18 and the staff of the legislative council shall determine, based on budget  
19 projections, the amount of such reduction to ensure the following:

20 (F) That, for the 2015-16 budget year, the sum of the total  
21 program funding for all districts, including the funding for institute  
22 charter schools, after application of the negative factor, is not less than six  
23 billion two hundred thirty-three million ~~nine hundred fifty-five thousand~~  
24 ~~seven hundred thirty-seven~~ EIGHT HUNDRED THIRTY-FIVE THOUSAND  
25 FORTY-FOUR dollars (~~\$6,233,955,737~~) (\$6,233,835,044); except that the  
26 department of education and the staff of the legislative council shall make  
27 mid-year revisions to replace projections with actual figures, including

1 but not limited to actual pupil enrollment, assessed valuations, and  
2 specific ownership tax revenue from the prior year, to determine any  
3 necessary changes in the amount of the reduction to maintain a total  
4 program funding amount for the applicable budget year that is consistent  
5 with this sub-subparagraph (F). For the 2016-17 budget year, the  
6 difference between calculated statewide total program funding and actual  
7 statewide total program funding must not exceed the difference between  
8 calculated statewide total program funding and actual statewide total  
9 program funding for the 2015-16 budget year.
