**Section 1** of the bill defines the term "affidavit".

**Section 2** clarifies that the date upon which a special district director's term of office commences is calculated based on the date that election results are certified, rather than a date following the survey of returns.

With regard to submission of self-nomination and acceptance forms or letters, **section 3** requires an amended form or letter to be submitted until the normal close of business on the 67th day prior to an election.

**Sections 4 and 7** prohibit a candidate or a member of a candidate's immediate family from serving as an election judge or watcher, respectively. Section 4 also reorganizes existing law for clarification.

Current law requires a designated election official to give notice of a court-ordered special district election. **Section 5** directs a designated election official to also take any other action a court may order in such circumstances.

**Section 6** sets forth the circumstances under which a designated election official may recertify a previously certified ballot.

Ballots for elections conducted under the code must feature both a stub and a duplicate stub. **Section 8** removes the requirement for ballots to contain a duplicate stub for elections conducted as independent mail ballot elections under the code.

With regard to applications for absentee voter ballots, **section 9**:

! Changes the day of the week, from the Friday before a local government election to the Tuesday before such an election, by which applications for such ballots must be filed; and

! Requires identification return envelopes to contain a nonforwarding instruction.

**Section 10** provides that the secretary of the local government processes applications for permanent absentee voter status when there is no presently appointed designated election official.

**Section 11** aligns terminology with respect to entities that may conduct an independent mail ballot election under the code.

**Section 12** clarifies that a designated election official must send a mail ballot to each covered elector, as that term is defined by the "Uniform Military and Overseas Voter Act", residing within the boundaries of a local government.

**Section 13** removes the requirement that a mail ballot return envelope have a flap covering the elector's signature.

**Section 14** makes a grammatical correction.

**Section 15** relocates provisions requiring that a copy of any certificate of election be filed with the division of local affairs in the department of local government.

Regarding contests of elections conducted under the code:

- ! Currently, a statement of intent to contest an election may be verified by affidavit executed by either the contestor or any eligible elector of the local government that conducted the election. **Section 16** removes the latter so that the contestor himself or herself must execute the verifying documentation.
- ! **Section 17** requires a contestor's statement, or a contestee's answer, to list the persons, rather than the number of persons, whose votes caused the contest.

Currently, the laws governing recall of municipal officers apply to recall of special district directors. **Section 18** clarifies that provision.
