the bill:

- ! In various places, substitutes the term "authority" for the terms "governing body" or "municipality" and "taxing entity" for the term "public body". Defines "taxing entity" to mean any county, special district, or other public body that levies an ad valorem property tax on property within the urban renewal area subject to a tax allocation provision.
- ! Clarifies that the subject of the agreement about which the authority and the taxing bodies are required to negotiate under the 2015 legislation concerns the sharing of incremental property tax revenue allocated to the special fund of the authority.
- ! Clarifies that the shared tax revenues governed by the agreement are limited to incremental revenue generated by the taxes levied upon taxable property by the taxing entity within the area covered by the urban renewal plan in addition to any incremental sales tax generated within the area included within the urban renewal plan by the imposition of the municipal sales tax and, at the option of any other taxing entity levying a sales tax within the area covered by the urban renewal plan, any incremental sales tax revenues of such other taxing entity that is included within the agreement.
- ! Deletes language from the 2015 legislation that permitted the municipality to delegate to the authority the responsibility for negotiating the subject agreement.
- ! In connection with the subject of the required mediation between the authority and taxing entities, clarifies that the main issue of the mediation is the sharing of incremental property tax revenues and urban renewal project costs among the authority and any such taxing entities whose incremental property tax revenues will be allocated pursuant to an urban renewal plan and with whom an intergovernmental agreement with the authority has not been reached.
- ! Requires the mediation to be conducted by a mediator jointly selected by the parties. Specifies the method of selecting a 3-mediator panel if the parties are unable to agree on the selection of a single mediator. Specifies the minimum qualifications of the mediator and the method for allocating the payment of the fees and costs of the mediation.
- ! Clarifies that the mediator must issue his or her findings of fact as to the appropriate sharing of costs and incremental property tax revenues. Strikes language from the 2015

legislation that required the municipality to either agree to the mediator's findings by including in the urban renewal plan cost allocation provisions determined by the mediator or by entering into an intergovernmental agreement with the taxing entity providing an alternative cost allocation methodology. Instead, specifies that, with respect to the use of incremental property tax revenues of each other taxing entity, following the issuance of findings by the mediator, the municipality is required to:

- ! Incorporate the mediator's findings on the use of incremental property tax revenues of any taxing body into the urban renewal plan and proceed to adopt the plan;
 - ! Amend the urban renewal plan to delete authorization of the use of the incremental property tax revenues of any taxing body with whom an agreement has not been reached; or
 - ! Direct the authority to either incorporate the mediator's findings into one or more intergovernmental agreements with other taxing entities or to enter into new negotiations with one or more taxing entities and to enter into one or more intergovernmental agreements with such taxing entities that incorporate such new or different provisions concerning the sharing of costs and incremental property tax revenues with which the parties are in agreement.
- ! Clarifies that nothing in the 2015 legislation is intended to impair, jeopardize, or put at risk any existing bonds, investments, loans, contracts, or financial obligations of an urban renewal authority outstanding as of December 31, 2015, or the pledge of pledged revenues or assets to the payment thereof that occurred on or before December 31, 2015.

1 *Be it enacted by the General Assembly of the State of Colorado:*
