Summary of Legislation

The bill changes the date on which the Office of Dropout Prevention and Student Re-engagement within the Colorado Department of Education (CDE) must submit a report to the state board, the General Assembly, and to the Governor, from February 15 to March 15, starting in 2017 and for every year thereafter.

The bill removes the requirement that CDE submit to the General Assembly an executive summary of reports submitted by school districts and removes the requirement that CDE study and report on the enrollment options available throughout the public school system. The bill repeals the part of statute allowing CDE to store electronically any data collected as part of the study.

State Expenditures

This bill may decrease workload by a minimal amount for CDE, which will be required to produce shorter reports. No change in appropriations are required at this time.

Effective Date

The bill was signed into law by the Governor on March 22, 2016, and takes effect August 10, 2016, assuming no referendum petition is filed.
