Current Appropriations Clause in Bill

The bill includes an appropriation clause that provides a total of \$132,251 cash funds from the marijuana cash fund to the Department of Revenue for FY 2016-17 and is based on the assumption that the Department will require an additional 2.0 FTE. This provision also transfers \$9,501 of the appropriation provided to the Department of Revenue to the Department of Law for the provision of legal services.

Points to Consider

TABOR/ Excess State Revenues Impact

The Joint Budget Committee (JBC) has proposed a budget package for FY 2016-17 based on the March 2016 Legislative Council Staff revenue forecast. Based on the legislation that is included as part of the budget package, revenues are projected to be \$64.2 million lower than the threshold above which money will be required to be refunded under TABOR for FY 2016-17. This bill is projected to increase cash fund revenues by \$173,600 in FY 2016-17, and is thus not projected to trigger a TABOR refund for FY 2016-17. This bill would, however, increase the projected TABOR refund

for FY 2017-18 by \$55,200. As TABOR refunds are paid from the General Fund, this bill would reduce the amount of General Fund available for other purposes in FY 2017-18.
