BILL TOPIC: HEALTH INSURANCE EXCHANGE INSURANCE BROKERS

Summary of Legislation

The *reengrossed bill, as amended by the House State, Veterans, and Military Affairs Committee*, requires the Colorado health benefit exchange, Connect for Health Colorado, to provide certain information about insurance brokers and health care navigators when consumers contact Connect for Health Colorado and request assistance. In addition, Connect for Health Colorado must maintain web-based tools that allow brokers to maintain client relationships with consumers eligible to enroll in private health insurance and who request broker assistance. This bill was originally recommended by the Colorado Health Insurance Exchange Oversight Committee.

Statutory Public Entity Impact

The bill may increase workload by a minimal amount for Connect for Health Colorado for staff to review their existing protocol and procedures when responding to consumer inquiries and requests for assistance. Connect for Health Colorado currently has established tools for brokers to use to manage client relationships with exchange consumers. Given that the existing broker tools appear to conform to the requirements of the bill, it is assumed that any impacts under the bill will be minimal.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
