BILL TOPIC: HUNTER SAFETY PINK

Fiscal Impact Summary	FY 2016-2017	FY 2017-2018
State Revenue		
State Expenditures	Minimal workload increase.	
Appropriation Required: None.		
Future Year Impacts: None.		

Summary of Legislation

Under current law, hunters are required to wear daylight fluorescent orange garments when hunting or taking elk, deer, pronghorn, moose, or black bear with any firearm. This bill adds the option for hunters to wear fluorescent pink.

State Expenditures

This bill will result in a minimal workload increase for Colorado Parks and Wildlife (CPW), in the Department of Natural Resources, to communicate the fluorescent pink option through press releases, the CPW website, social media, and other low-cost or no-cost options. Printed material for the fall 2016 and spring 2017 hunting seasons will be published prior to the effective date of this bill, so the option will not appear in CPW publications until the printing of the fall 2017 publications. This workload increase can be addressed within existing appropriations.

Effective Date

The bill was signed into law by the Governor on April 12, 2016, and takes effect August 10, 2016, assuming no referendum petition is filed.
