BILL TOPIC: REGULATION OF VOTER REGISTRATION DRIVE CIRCULATORS

Fiscal Impact Summary	FY 2016-2017	FY 2017-2018
State Revenue		
State Expenditures	Minimal workload increase.	
Appropriation Required: None.		
Future Year Impacts: None.		

Summary of Legislation

This bill requires voter registration drive circulators to meet training requirements established by the Secretary of State prior to circulating any voter registration applications. This training is to be provided by the voter registration drive organizer. The voter registration drive organizer is required to maintain training records and make them available to the Secretary of State.

In addition, when a circulator accepts an application for registration less than 22 days prior to an election, they are required to inform the voter that they must submit an application for registration at a voter service and polling center, through the online voter registration system, or at their county clerks office in order to vote in the upcoming election.

State Expenditures

This bill minimally increases workload in the Secretary of State's Office. The department already has rules concerning the training of circulators and minimal staff time will be needed to update training materials to implement new requirements established by this bill. No additional appropriations are needed.

Effective Date

This bill was signed into law by the Governor and took effect on March 23, 2016.
