The Colorado "Procurement Code" (code) governs how executive branch agencies, other than institutions of higher education that have opted out of the code, buy goods and services. The code is administered by the department of personnel (department) and exists to help keep the public trust, promote fair competition, make efficient use of taxpayer dollars, and allow the state to effectively do the people's business. The

code has been amended many times over the years, but it has not been reviewed in total since the general assembly enacted it in 1982.

**General updates (Sections 5, 6, 9, 11, 13, 15 through 18, 21 through 23, 31, and 36).** The code is based on the 1979 American bar association model procurement code. When the state adopted the model code, much of the structure and terminology was adopted as drafted by the American bar association rather than conforming the structure and language to the Colorado Revised Statutes. The bill updates the terminology used in the code to make it consistent with common use, simplifies reporting requirements, and reorganizes provisions of the code for ease of use. In addition, the bill clarifies the authority of the executive director of the department to promulgate rules for the administration of the code.

**Promulgation of rules (Sections 8, 28, 32, 34, and 58).** The executive director of the department is currently required to promulgate rules in furtherance of the code. The bill makes promulgation of rules by the executive director of the department (executive director) permissive throughout the code and authorizes the director to delegate his or her authority to promulgate rules.

**Ethics (Sections 2 and 4).** State procurement professionals follow the "Procurement Code of Ethics and Guidelines" (guidelines), which were established by the Colorado procurement advisory council. The guidelines are often interpreted to apply only to procurement staff and not to other people involved in the procurement process. The bill clarifies that state procurement officials, end users, vendors and contractors, and interested third parties are required to adhere to ethical standards during all phases of the procurement process.

**Procurement training (Section 4).** The bill authorizes the chief procurement officer to develop and conduct a procurement education and training program for state employees and for vendors.

**Application of the code (Section 3).** Certain purchasing activities are currently exempt from the code, such as bridge and highway construction, the awarding of grants to political subdivisions, and procurement by institutions of higher education that have formally opted out of the code. The bill exempts the procurement of specified additional goods and services from the code.

**Grants (Sections 3 and 6).** Currently, the application, processing, and management of grants is inconsistent across state agencies. The bill amends the definition of "grant" to provide consistency and to comply with federal requirements including the office of management and budget uniform guidance.

**Multiyear contracts (Section 37).** Currently, the state may enter into a contract for any period as long as the contract term is included in the solicitation. If a contract term ultimately needs to exceed the period specified in the solicitation, the contract cannot be extended and a new

contract is required. The bill authorizes the state to extend an existing contract, with approval of the chief procurement officer, for a reasonable period if extenuating circumstances exist.

**Contract management system (Section 37).** The centralized contract management system and related requirements for contract provisions, monitoring, and reporting were established for the purpose of improving the state's contracting process. The bill repeals provisions related to contract monitoring and reporting and allows for remedies, including suspension or debarment, for contractors who do not perform.

**Contract terms and conditions (Section 38).** The process to negotiate vendor terms and conditions sometimes requires the state to agree to a requirement that the state indemnify the vendor and that the contract be governed by the vendor's choice of law rather than Colorado law. However, indemnification is in violation of the state constitution. The bill prohibits indemnification of vendors by the state and requires that state contracts be governed by Colorado law.

**Market research (Section 14).** A request for information (RFI) is a commonly used method for obtaining information about pending procurements and doing market research. Currently, RFIs are referenced in the procurement rules but not in the code. The bill establishes an RFI process in the code as a market assessment and information gathering tool and clarifies the appropriate methods to conduct market research.

**Administrative remedies (Sections 39 through 50).** The bill clarifies the administrative remedies provisions in the code and provides guidance regarding the remedies process. Specifically, the bill clarifies who may ratify a violation of the code, specifies when a stay will apply, authorizes the executive director to refer an appeal to the office of administrative courts, and states that only material issues may be appealed.

**Confidentiality and CORA (Sections 7 and 20).** Pursuant to current law, procurement records are public records, with some exceptions under the "Colorado Open Records Act". Procurement records, including bids and responses to RFIs, often contain information that is proprietary or confidential by the submitting entity. The bill clarifies that all responses to RFIs are confidential until after an award based on the RFI has been made or until the procurement official determines that the state will not pursue a solicitation based on the RFI. The bill also authorizes the executive director of the department to promulgate rules to clarify the process for classifying confidential or proprietary information.

**Procurement set asides, preferences, and goals (Sections 24 through 27).** Current law allows a set aside in state procurement for persons with severe disabilities. The bill streamlines the process by which state agencies and nonprofit agencies that employ people with severe disabilities may use the set aside program and authorizes the executive

director to promulgate rules for the administration of the program.

In addition, current law contains many procurement preferences and goals; however, these preferences and goals are located in various provisions of the code and in other provisions of the Colorado Revised Statutes. The various locations of these provisions, as well as inconsistent terminology in the preference and goal provisions, make it difficult for vendors and procurement officials to know how each preference and goal should be applied. The bill relocates currently existing procurement preferences and goals into a new part and makes the language of those provisions consistent where possible.

**Cooperative purchasing (Section 51).** Cooperative purchasing is procurement conducted by, with, or on behalf of more than one public procurement entity. It increases the opportunity for the state and local governments to obtain volume discounts through joint purchasing and it lowers the transaction costs of both purchasing agencies and vendors. The bill provides state agencies with more flexibility to use cooperative purchasing to increase efficiencies and maximize state resources.

**Conforming amendments (Sections 1, 10, 12, 19, 29, 30, 33, 35, 52 through 57, and 59 through 74).** The bill makes necessary conforming amendments.

27 this section, unless the context otherwise requires, "environmentally

1 preferable products" means products that have a lesser or reduced adverse  
2 effect on human health and the environment when compared with  
3 competing products that serve the same purpose. The product comparison  
4 may consider such factors as the availability of any raw materials used in  
5 the product being purchased and the availability, use, production, safe  
6 operation, maintenance, packaging, distribution, disposal, or recyclability  
7 of the product being purchased.

8 (2) All invitations for bids for products shall include language that  
9 describes the availability of the purchasing preference for environmental  
10 products. In connection with the purchase of products, a governmental  
11 body shall award the contract to a bidder who offers environmentally

22 the specification of the bid.

23 (b) The environmentally preferable products are suitable for the

2 exceed the lowest bid price for products that are not environmentally  
3 preferable by more than five percent.

4 (e) The head of the governmental body or other official charged  
5 by law with the duty to purchase products has made a determination that  
6 the governmental body is able to purchase the environmentally preferable  
7 products out of the governmental body's existing budget without any  
8 further supplemental or additional appropriation.

9 ~~(f) (Deleted by amendment, L. 2008, p. 575, § 1, effective August~~  
10 ~~5, 2008.)~~

11 (4) If the bid price for environmentally preferable products  
12 exceeds the bid price for products that are not environmentally preferable  
13 by more than five percent, a governmental body may award the contract  
14 to a bidder who offers environmentally preferable products where the  
15 governmental body demonstrates, on the basis of assessments such as the  
16 costs of ownership and a life-cycle analysis, that long-term savings to the  
17 state will result from environmentally preferable purchasing in  
18 accordance with the requirements of this section. Nothing in this section  
19 shall require that a governmental body perform an analysis of the costs of  
20 ownership or a life-cycle analysis in connection with the purchase of any

23 by subsection (2) of this section shall provide documentation to the  
24 governmental body inviting the bid that the products offered by the bidder  
25 are environmentally preferable. This requirement may be satisfied by  
26 submission of any of the following:

27 (I) A life-cycle analysis conducted on the applicable product that

1 has been conducted in accordance with applicable standards as  
2 determined by the purchasing governmental body or by the international  
3 organization for standardization or any successor organization;

4 (II) A reference to an existing environmentally preferable product  
5 list maintained by a state or the federal government that contains the  
6 product; or

7 (III) A reference to a nationally recognized third-party  
8 certification entity that has certified the product as environmentally  
9 preferable on the basis of a valid life-cycle analysis. The governor's  
10 energy office or successor office shall maintain a list of certification  
11 entities.

12 (b) The governmental body may rely in good faith on any form of  
13 documentation that satisfies the requirement of ~~paragraph (a) of this~~  
14 ~~subsection (5)~~ SUBSECTION (5)(a) OF THIS SECTION.

15 (c) Notwithstanding any other provision of this section, if none of  
16 the forms of documentation specified in ~~paragraph (a) of this subsection~~  
17 ~~(5)~~ SUBSECTION (5)(a) OF THIS SECTION apply to the product being  
18 purchased, the requirements of this section shall not apply to the purchase  
19 of the product.

20 ~~(6) A governmental body shall report to the joint budget~~  
21 ~~committee of the general assembly the results of any analysis of the costs~~  
22 ~~of ownership and life-cycle analysis used to justify the purchase of any~~  
23 ~~environmentally preferable products in accordance with the requirements~~  
24 ~~of subsection (4) of this section during the previous fiscal year.~~

25 ~~(7)~~ (6) In connection with any cost of ownership analysis or

4 (4) The centralized contract management system required to be  
5 maintained by the department pursuant to ~~paragraph (a) of subsection (3)~~  
6 SUBSECTION (3)(a) of this section shall include information concerning

14 contract, the governmental body shall attempt to identify competing  
15 vendors by placing a notice on the state's ~~bid notification website~~  
16 ELECTRONIC PROCUREMENT SYSTEM for not less than three business days.  
17 If the governmental body receives ~~not less than two~~ ANY responses to the  
18 notice from qualified and responsible vendors that are able to meet the  
19 specifications identified in the notice and that are not otherwise  
20 prohibited from bidding on the contract, the sole-source selection method  
21 shall not be used.

22 ~~(b) Notwithstanding the requirements of paragraph (a) of this~~  
23 ~~subsection (5), the director of a governmental body or his or her designee~~  
24 ~~may enter into or authorize others to enter into an emergency sole-source~~  
25 ~~personal services contract on behalf of the governmental body where an~~  
26 ~~emergency condition is present and a sole-source personal services~~  
27 ~~contract is necessary to ensure that the required services are obtained in~~

1 sufficient time to address the emergency. Where the governmental body  
2 enters into an emergency sole-source personal services contract pursuant  
3 to this paragraph (b), the centralized contract management system  
4 required by paragraph (a) of subsection (3) of this section, and any  
5 contract file maintained thereunder, shall include a written determination  
6 that specifies the basis for the determination that an emergency condition  
7 is present and the basis for the selection of the vendor retained to perform  
8 the sole-source contract. A sole-source personal services contract  
9 authorized pursuant to this paragraph (b) shall be limited to the quantity  
10 of personal services and duration necessary to address the emergency.

11 (c) For purposes of paragraph (b) of this subsection (5),  
12 "emergency condition" means a situation that creates an imminent threat  
13 to the public health, welfare, or safety as may arise by reason of, without  
14 limitation, a flood, epidemic, riot, catastrophic equipment failure or  
15 similar threat to the public health, welfare, or safety as determined by the  
16 director of the governmental body or his or her designee.

17 (6) Upon the completion of each personal services contract, the  
18 governmental body that was a party to the contract shall evaluate the  
19 vendor that performed the contract. The evaluation performed by the  
20 governmental body shall be submitted to the vendor to allow the vendor  
21 to review the evaluation and to submit any comments in response to the  
22 evaluation, after which point the evaluation, including any response  
23 submitted by the vendor, shall be added to the centralized contract  
24 management system maintained by the department pursuant to paragraph  
25 (a) of subsection (3) of this section. The evaluation shall become publicly  
26 available thirty days after completion of the contract. The evaluation shall  
27 measure, without limitation, the performance of the vendor in meeting

1 contractual requirements relating to quality, cost, and deadlines. If the  
2 vendor disputes any information contained in the evaluation, the vendor  
3 may exercise the contract dispute rights specified in section 24-109-106,  
4 24-109-107, 24-109-201, or 24-109-202. If, upon completion of an appeal  
5 filed with the executive director or the Denver district court, as  
6 applicable, the vendor is not satisfied with the resolution of the appeal,  
7 the vendor may file a rebuttal statement that shall be maintained as part  
8 of the vendor evaluation record. The vendor's sole remedy in contesting  
9 any evaluation shall be removal of the evaluation, correction of the  
10 evaluation, or submission of the rebuttal statement in accordance with the  
11 requirements of this subsection (6).

12 (7)(a) Commencing on September 30, 2007, until such time as the  
13 development of the system created in paragraph (a) of subsection (3) of  
14 this section is complete, the department shall provide reports on a  
15 quarterly basis to the joint budget committee of the general assembly  
16 concerning the status of the development of the system.

17 (b) The department shall annually report information on personal  
18 services contracts contained in the centralized contract management  
19 system created in paragraph (a) of subsection (3) of this section to the  
20 standing legislative committees of reference in each house of the general  
21 assembly with oversight responsibilities over the department's affairs.

22 (c) With respect to any sole-source personal services contract  
23 identified in the system required to be maintained by the department  
24 pursuant to paragraph (a) of subsection (3) of this section, the department  
25 shall submit an annual report to the legislative council of the general  
26 assembly created in section 2-3-301 (1), C.R.S., concerning any new  
27 contract entered into by the state during the prior calendar year. Each

1 report shall describe, without limitation, the following:

2 (I) The number and aggregate value of the sole-source personal  
3 services contracts for each category of services specified in subsection (4)  
4 of this section; and

5 (II) The justification provided by the governmental body for the  
6 use of the sole-source contracting provisions in section 24-103-205 and  
7 the steps taken to determine if a vendor is the only available source for  
8 the required supply, service, or construction item.

9 (8) The implementation of the database required to be maintained  
10 by the department pursuant to paragraph (a) of subsection (3) of this  
11 section shall be funded in two phases, with a portion of the funding  
12 provided in the 2007-08 state fiscal year, and a portion of the funding  
13 provided in the 2008-09 state fiscal year.

14 (9) To accomplish the legislative intent underlying subparagraph  
15 (III) of paragraph (a) of subsection (1) of this section, the office of  
16 contract administration is hereby created in the department, which office  
17 shall be funded within existing appropriations.

18 **24-106-104. [Formerly 24-103-501] Types of contracts.** Subject  
19 to the limitations of this section, any type of contract which will promote  
20 the best interests of the state may be used; except that the use of a  
21 cost-plus-a-percentage-of-cost contract is prohibited. A  
22 CONTINGENCY-BASED CONTRACT MAY BE USED ONLY UPON APPROVAL BY  
23 THE GOVERNOR'S OFFICE OF STATE PLANNING AND BUDGETING PURSUANT  
24 TO SECTION 24-17-204. A cost-reimbursement contract may be used only  
25 when a determination is made in writing that such contract is likely to be  
26 less costly to the state than any other type of contract or that it is  
27 impracticable to obtain the supplies, services, or construction required

1 unless the cost-reimbursement contract is used.

2 **24-106-105. [Formerly 24-103-503] Multiyear contracts.**

3 (1) Unless otherwise provided by law, a contract for supplies or services  
4 may be entered into for any period of time deemed to be in the best  
5 interests of the state if the term of the contract and conditions of renewal  
6 or extension, if any, are included in the solicitation and if funds are  
7 available for the first year at the time of contracting. IF THE CHIEF  
8 PROCUREMENT OFFICER DETERMINES THAT EXTENUATING CIRCUMSTANCES  
9 EXIST AND AN EXTENSION OF THE CONTRACT BEYOND THE TERM INCLUDED  
10 IN THE SOLICITATION IS IN THE BEST INTEREST OF THE GOVERNMENTAL  
11 BODY, THEN THE CHIEF PROCUREMENT OFFICER MAY APPROVE A LONGER  
12 TERM FOR A REASONABLE TIME BASED ON WHAT IS PRACTICABLE AND  
13 NECESSARY GIVEN THE CIRCUMSTANCES. The state shall initiate the  
14 renewal or extension of a contract for supplies or services. Payment and  
15 performance obligations for succeeding fiscal years shall be subject to the  
16 availability and appropriation of funds therefor.

17 (2) Prior to the utilization of a multiyear contract, it shall be  
18 determined in writing:

19 (a) That estimated requirements cover the period of the contract  
20 and are reasonably firm and continuing; and

21 (b) That such a contract will serve the best interests of the state by  
22 encouraging effective competition or otherwise promoting economies in  
23 state procurement.

24 (3) When funds are not appropriated or otherwise made available  
25 to support continuation of performance in a subsequent fiscal year, the  
26 contract shall be cancelled, and the contractor may be reimbursed for the  
27 reasonable value of any nonrecurring costs incurred but not amortized in

1 the price of the supplies or services delivered under the contract.

2 **24-106-106. [Formerly 24-103-601] Right to audit records.**

3 ~~(1) (Deleted by amendment, L. 2007, p. 1237, § 2, effective August 3,~~  
4 ~~2007.)~~

5 ~~(2)~~ The state shall be entitled to audit the books and records of any  
6 contractor or subcontractor under any negotiated contract or subcontract  
7 to the extent that the books and records relate to the performance of a  
8 state contract or subcontract, if the state is able, in conducting any such  
9 audit, to maintain the confidentiality of any information contained in the  
10 books and records that is deemed proprietary as determined by the state.  
11 Such books and records shall be maintained by the contractor for a period  
12 of ~~three~~ SIX years after the date of final payment under the prime contract  
13 and by the subcontractor for a period of ~~three~~ SIX years after the date of  
14 final payment under the subcontract, unless a shorter period is otherwise  
15 authorized in writing.

16 **24-106-107. [Formerly 24-103.5-101] Monitoring of vendor**  
17 **performance - definitions.** (1) ~~(a)~~ For purposes of this section,  
18 "governmental body" ~~shall have~~ HAS the same meaning as set forth in  
19 ~~section 24-101-301 (10)~~ SECTION 24-101-301 (18); except that, for  
20 purposes of this section, "governmental body" shall also include elected  
21 officials.

22 ~~(b) (Deleted by amendment, L. 2010, (SB 10-003), ch. 391, p.~~  
23 ~~1853, § 32, effective June 9, 2010.)~~

24 (2) Each personal services contract entered into pursuant to this  
25 code with a value of one hundred thousand dollars or more shall contain:

26 (a) Performance measures and standards developed specifically  
27 for the contract by the governmental body administering the contract. The

1 performance measures and standards shall be negotiated by the  
2 governmental body and the vendor prior to execution of the contract and  
3 shall be incorporated into the contract. The measures and standards shall  
4 be used by the governmental body to evaluate the performance of ~~the~~  
5 ~~governmental body and~~ the vendor under the contract.

6 (b) An accountability section that requires the vendor to report  
7 regularly on achievement of the performance measures and standards  
8 specified in the contract and that allows the governmental body to  
9 withhold payment until successful completion of all or part of the contract  
10 and the achievement of established performance standards. The  
11 accountability section shall include a requirement that payment by the  
12 governmental body to the vendor shall be made without delay upon  
13 successful completion of all or any part of the contract in accordance with  
14 the payment schedule specified in the contract or as otherwise agreed  
15 upon by the parties.

16 (c) Monitoring requirements that specify how the governmental  
17 body ~~and the vendor will evaluate each other's~~ THE VENDOR'S  
18 performance, including progress reports, site visits, inspections, and  
19 reviews of performance data. The governmental body shall use one or  
20 more monitoring processes to ensure that the results, objectives, and  
21 obligations of the contract are met.

22 (d) Methods and mechanisms to resolve any situation in which the  
23 governmental body's monitoring assessment determines noncompliance,  
24 including termination of the contract.

25 (3) Each governmental body administering the personal services  
26 contract shall, within existing resources of the governmental body,  
27 designate ~~at least one person~~ A CONTRACT MANAGER WITH SUBJECT

1 MATTER EXPERTISE within the governmental body responsible for  
2 monitoring whether the criteria described in subsection (2) of this section  
3 are met, whether and to what extent the contract was completed according  
4 to the performance schedule specified in the contract, satisfaction of the  
5 scope of the vendor's work as specified in the contract, and whether and  
6 to what extent the vendor met or exceeded budgetary requirements under  
7 the contract DAY-TO-DAY MANAGEMENT OF THE CONTRACT, INCLUDING  
8 PERFORMANCE MONITORING.

9 (4) ~~Before the governmental body may enter into a personal~~  
10 ~~services contract, the person selected in subsection (3) of this section~~  
11 ~~shall certify that the proposed performance measures and standards, data~~  
12 ~~sources, and data collection methods provide a valid basis for assessing~~  
13 ~~the vendor's performance.~~

14 (5) (4) ~~In the case of a contract that has been renewed in a~~  
15 ~~subsequent fiscal year, the governmental body shall certify annually~~  
16 ~~whether the vendor on any contract is complying with the terms of the~~  
17 ~~contract. If the governmental body determines that the vendor has not~~  
18 ~~complied with the contract terms, including but not limited to~~  
19 ~~performance standards and measurable outcomes, the state MAY PURSUE~~  
20 ~~REMEDIES IN ACCORDANCE WITH ARTICLE 109 OF THIS TITLE 24 AND shall~~  
21 ~~be entitled to any remedy available under law in the case of contract~~  
22 ~~nonperformance, including but not limited to termination of the contract~~  
23 ~~and the return of any and all payments made to the vendor by the state~~  
24 ~~under the contract; except that the recovery of any moneys by the state~~  
25 ~~shall be reduced by the value of any contractual benefits realized by the~~  
26 ~~state from partial performance by the vendor under the contract. If a~~  
27 ~~vendor is deemed to be in default under any one particular contract with~~

1 the state, the state may, upon a showing of good cause, declare any or all  
2 other contracts it has entered into with the vendor to be in default.

3 ~~(6) The centralized contract management system required by~~  
4 ~~section 24-102-205 (3) (a) shall include such information as will allow~~  
5 ~~the executive director and the governmental body to evaluate the prior~~  
6 ~~record of a particular vendor in meeting performance measures and~~  
7 ~~standards under paragraph (a) of subsection (2) of this section in~~  
8 ~~connection with a personal services contract to which it has been a party.~~  
9 ~~If a particular vendor demonstrates a gross failure to meet such~~  
10 ~~performance measures and standards in connection with one or more~~  
11 ~~contracts to which it has been a party, the executive director, upon the~~  
12 ~~request of and with a showing of good cause by a governmental body,~~  
13 ~~may remove the name of the vendor from the database and prohibit the~~  
14 ~~vendor from bidding on future contracts. Upon a showing of good cause~~  
15 ~~by a vendor or governmental body, the executive director may reinstate~~  
16 ~~the name of the vendor to the database. If a vendor disputes the removal~~  
17 ~~of its name from the database or the prohibition of the vendor from~~  
18 ~~bidding on future contracts, the vendor may exercise the debarment~~  
19 ~~protest and appeal rights specified in section 24-109-105, 24-109-107,~~  
20 ~~24-109-201, or 24-109-202. If, upon completion of an appeal filed with~~  
21 ~~the executive director or the Denver district court, as applicable, the~~  
22 ~~vendor is not satisfied with the resolution of the appeal, the vendor may~~  
23 ~~file a rebuttal statement that shall be maintained as part of the vendor~~  
24 ~~evaluation record. The vendor's sole remedy in contesting such removal~~  
25 ~~or prohibition shall be reversal of the debarment or submission of the~~  
26 ~~rebuttal statement in accordance with the requirements of this subsection~~  
27 ~~(6).~~

1           ~~(7)~~ (5) Notwithstanding any other provision of this section,  
2           (a) nothing in this section shall be construed to apply to any

6 "Colorado Indigent Care Program", part 1 of article 3 of title 25.5. ~~C.R.S.~~  
7           ~~(b) The provisions of this section shall not take effect until the~~  
8 ~~centralized contract management system required by section 24-102-205~~
