forfeiture and the use of the proceeds. Based on the reports, the department is to post on its website a searchable database that includes the information contained in the biannual reports and a summary report of the information.

Seizing agencies are required to submit the biannual reports containing information known to the agency by specified dates; except that an agency need not include information if the disclosure of the information could endanger a person or disclose certain confidential information. The executive director of the department may issue civil penalties for failure to file or late filing of the reports.

The bill directs the executive director of the department to submit an annual report to the governor, the attorney general, and the judiciary committees of the general assembly on seizure and forfeiture activity in the state.

The bill prohibits seizing agencies from receiving forfeiture proceeds from the federal government unless the aggregate net equity value of the property and currency seized in the case is in excess of \$50,000 and the federal government commences a forfeiture proceeding that relates to a filed criminal case.
