Final Reading

1 WHEREAS, All recent designations were the culminations of
2 extensive public process, including stakeholder involvement, public
3 meetings and tours, and introduced bipartisan legislation in Congress; and

4 WHEREAS, Colorado's national monuments play an important
5 role in protecting our natural and cultural resources, supporting local and
6 regional economies, and guaranteeing our world-renowned outdoor
7 quality of life; and

8 WHEREAS, Former President of the United States Theodore
9 Roosevelt first used the Antiquities Act in 1906 and over the last 111
10 years, 16 former presidents, of whom 8 were Republicans and 8 were
11 Democrats, have used the Antiquities Act to protect the natural, cultural,
12 and historic heritage of the United States; and

13 WHEREAS, Many national monuments, including the Grand
14 Canyon, the Statue of Liberty, the Birmingham Civil Rights National
15 Monument, and the Stonewall Inn, reflect the rich cultural heritage of
16 tribal communities, minority communities, and communities of color, are
17 some of the most important public lands of the United States, and are
18 critical to telling a more inclusive and complete history of our nation; and

19 WHEREAS, The designation of national monuments provides
20 additional protections for public lands that are held in trust for all
21 Americans, and the management of national monuments is guided by
22 plans developed in cooperation with state, local, and tribal governments,
23 members of the public, and other stakeholders; and

24 WHEREAS, It has been argued that designating national
25 monuments prevents continued economic growth, but trends in key
26 economic indicators such as population, employment, personal income,
27 and per capita income either continued or improved in each of the regions
28 surrounding designated national monuments; and

29 WHEREAS, In fact, a recent report by the National Park Service
30 indicates that Dinosaur National Monument created more than \$20
31 million in economic benefits to nearby communities in 2016; and

32 WHEREAS, Recent polls indicate that approximately 83% of the
33 residents of Colorado support keeping in place protections for national
34 monuments such as Canyons of the Ancients National Monument; and

1 WHEREAS, The President of the United States, in an Executive
2 Order signed on April 26, 2017, is undertaking a review of all national
3 monuments designated since 1996 that exceed 100,000 acres in size or
4 otherwise may be perceived to have lacked sufficient public input and
5 making recommendations, which includes Colorado's Canyons of the
6 Ancients National Monument, to possibly either diminish in size or
7 revoke protections for these same monuments; now, therefore,

20 Antiquities Act.

21 *Be It Further Resolved,* That copies of this Resolution be sent to
22 the President of the United States, the Secretary of the Interior, each
