CONCERNING RECOGNIZING "NATIONAL OVARIAN
CANCER AWARENESS MONTH".

WHEREAS, Ovarian cancer remains the leading cause of death from gynecologic cancer among women in the United States; and

WHEREAS, "National Ovarian Cancer Awareness Month" honors all those affected by this cancer and renews our commitment to fighting an illness that takes the lives of many in the United States; and

WHEREAS, Women are often diagnosed with ovarian cancer when it is already at an advanced stage--a problem that can be attributed to a lack of effective early detection technologies and vague symptoms associated with the disease; and

WHEREAS, By learning more about risk factors, knowing the symptoms, and maintaining regular physician consultations, women have their best chance at early detection of ovarian cancer; and

WHEREAS, Through dedicated research, treatment outcomes have improved for many, and a foundation is being built for the development of evidence-based screening, which can help diagnose the disease at the earliest possible stage when the likelihood of a cure is high; now, therefore,

Be It Resolved by the Senate of the Seventy-first General Assembly of the State of Colorado, the House of Representatives concurring herein:

That we, the members of the General Assembly, hereby:

(1) Declare each September to be "National Ovarian Cancer Awareness Month" in Colorado; and

(2) Encourage the citizens of Colorado to wear teal on the first Friday of September every year in honor of ovarian cancer awareness.

Be It Further Resolved, That copies of this Joint Resolution be sent to the Colorado Ovarian Cancer Alliance; the Great West Division of the American Cancer Society; the American Cancer Society Cancer Action Network; HERA Ovarian Cancer Foundation; the Colorado Cancer Coalition; Cancer League of Colorado; the Susan Danapoli Ovarian Cancer Society; the Colorado Medical Society; the Colorado Section of

the American Congress of Obstetricians and Gynecologists; and the Colorado Department of Public Health and Environment.
