Summary of Legislation

This bill continues the Wholesale Food Manufacturing and Storage Protection Program at the Department of Public Health and Environment (DPHE) that is currently set to expire on July 1, 2017, and restructures the program's fees. The bill creates a \$100 annual application fee to be paid by all wholesale food manufacturing and storage businesses, and an additional registration fee associated with a specific business type.

Background

The Colorado Wholesale Food Manufacturing and Storage Program is a statewide food safety program that annually administers registration for over 1,800 facilities, 750 wholesale food inspections and compliance related activities, and 570 recalls. The program enables Colorado food manufacturers to ship their products out-of-state.

State Revenue and Expenditures for a Program Set to Expire

This bill continues a program in the Division of Environmental Health and Sustainability in the DPHE that is set to repeal effective June 30, 2017. This program is not part of the sunset review process so does not have a wind up period after its repeal date. There is no need for an appropriation of the FY 2017-18 base funding since ongoing funding for the program is included in the DPHE's base budget request for FY 2017-18.

The state revenue and state expenditures impact for FY 2017-18 and FY 2018-19 reflects the program's anticipated fee revenue and base budget request, plus revenue increases to cover the implementation of this bill. Based on the DPHE's budget request for FY 2017-18 for the Division of Environmental Health and Sustainability, costs are expected to be \$491,510 and 3.0 FTE in FY 2017-18 and FY 2018-19. The anticipated base revenue is \$396,595 based on DPHE's budget request.

New State Revenue. This bill increases state cash fund revenue by \$83,855 in FY 2017-18 and thereafter to the Wholesale Food Manufacturing and Storage Protection Cash Fund in the DPHE. The fiscal note assumes that the new fees will be collected beginning with the FY 2017-18 fiscal year.

Fee impact on business. Colorado law requires legislative service agency review of measures which create or increase any fee collected by a state agency. These fee amounts are set in the bill as shown in Table 1.

Table 1. Application and Registration Fees Under HB 17-1079				
Type of Business	Application Fee	Registration Fee	Number Affected	Total Fee Impact
gross annual sales less than \$100,000	\$100	\$100	816	\$163,200
gross annual sales of \$100,000 or more	100	250	827	289,450
nonprofit facilities, grain storage facilities, breweries, brew pubs, wineries, or distilleries	100	0	248	24,800
certificate of free sale	N/A	150	20	3,000
TOTAL			1,891	\$480,450

Because the fees are restructured, there is not a direct correlation between the existing fee categories and the new fee categories, but Table 2 below approximates the relationship between current and proposed fees and identifies the fee impact of this bill.
