Current Appropriations Clause in Bill
The bill includes an appropriation clause that appropriates $6,000 cash funds from the Workers' Compensation Cash Fund to the Department of Labor and Employment.

Points to Consider

TABOR/ Excess State Revenues Impact
The Joint Budget Committee has proposed a budget package for FY 2017-18 based on the March 2017 Legislative Council Staff revenue forecast. This bill is projected to increase state revenues by $45,000 for FY 2017-18, which would increase the amount required to be refunded under TABOR based on this revenue forecast. As TABOR refunds are paid from the General Fund, this bill would reduce the amount of General Fund available for other purposes.
