**Prime Sponsor(s):** Sen. Zenzinger  
Rep. Pettersen

**Date:** February 1, 2017  
**Bill Status:** Senate Education  
**Fiscal Analyst:** Josh Abram (303-866-3561)

**BILL TOPIC:** PROHIBIT USE OF CERTAIN STUDENT PERSONAL INFO

Fiscal Impact Summary	FY 2017-2018	FY 2018-2019
State Revenue		
State Expenditures	Minimal workload increase.	
<b>Appropriation Required:</b> None.		
<b>Future Year Impacts:</b> None.		

**Summary of Legislation**

This bill prohibits commercial entities that provide school services by formal contract with the Colorado Department of Education (CDE) or with a local education provider from collecting, selling, using, or sharing student information that identifies the citizenship status or religion of a student, or of the student's parents or family. The CDE, schools, and school districts are prohibited from entering into or renewing contracts with school service providers that refuse to accept these terms.

**Background**

House Bill 16-1423 created the Student Data Transparency and Security Act. That act requires that the State Board of Education (SBE), the CDE, and local education providers take actions to increase the transparency and security of student personally identifiable information. The act imposes requirements on both contract providers, and on the commercial entities that school or district employees choose to use without entering into a formal, negotiated contract.

**State Expenditures**

The bill will minimally increase workload for the CDE to update the department's model student information privacy and protection policy for use by LEPs, and to incorporate the bill's additional restrictions into training materials, technical assistance, and professional development to schools and districts. The department does not require additional appropriations to implement the bill.

**School District Impact**

Schools and districts will have a minimal increase in workload to adopt the bill's additional restrictions on service providers into existing student information privacy and protection policies. Schools and districts will also have increased workload to ensure that all contracted service providers adhere to these expanded limitations, and to communicate policies to vendors, staff, parents, and students.

**Effective Date**

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
