A BILL FOR AN ACT

101 **CONCERNING ENSURING EDUCATIONAL STABILITY FOR STUDENTS IN**
102 **OUT-OF-HOME PLACEMENT, AND, IN CONNECTION THEREWITH,**
103 **MAKING AN APPROPRIATION.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill aligns state law with federal "Every Student Succeeds Act" (ESSA) provisions relating to students in foster care, referred to in state statutes as "students in out-of-home placement". ESSA permits students in out-of-home placement at any time during the school year to remain in their school of origin, as defined in the bill, rather than move

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.
*Capital letters or bold & italic numbers indicate new material to be added to existing statute.
Dashes through the words indicate deletions from existing statute.*

to a different school upon placement outside of the home or changes in placement, unless the county department of human or social services (county department) or juvenile court determines that it is not in the child's best interest to remain in his or her school of origin. Specifically, the bill:

- ! Defines "education provider" to include public schools, school districts, and boards of cooperative services;
- ! Clarifies the role of an education provider's child welfare education liaison with respect to the best interest determination, the transfer of records, transition planning, and immediate enrollment of the child or youth;
- ! Establishes a permanent foster care education coordinator at the department of education and creates a state advisory group on foster care education;
- ! Requires education providers to immediately enroll students in out-of-home placement in school even without academic and immunization records and includes provisions for requesting and receiving records from a sending school;
- ! Requires education providers and county departments to enter into agreements relating to how transportation and other necessary services for students in out-of-home placement will be provided, arranged, and funded; and
- ! Removes barriers to obtaining a high school diploma by allowing education providers to waive course requirements or provide competency-based measures to satisfy graduation requirements.

The bill creates the educational stability grant program (grant program) in the department of education to provide grants to education providers to provide educational services and supports to highly mobile students. The state board of education shall adopt rules for the grant program and award the grants. The department of education shall report on the implementation and outcomes of the grant program.

The bill requires county departments to develop a process for determining the best interests of a child or youth in remaining in the school of origin. Counties are required to provide services, including transportation, for students remaining in the school of origin and services for those students transferring to another school, and to enter into agreements with education providers regarding the provision of these services and funding for the services.

The bill updates the definition of "homeless child" to include children and youth and amends education statutes relating to school attendance and services for homeless children and youth.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds that:

4 (a) For the class of 2017, only twenty-three percent of students
5 who had been in foster care at any time during high school graduated on
6 time;

7 (b) Half of Colorado students in foster care change schools at least
8 once, and often several times, each year;

9 (c) Multiple school transitions create gaps in a student's
10 knowledge and create barriers to educational attainment;

11 (d) Improving educational stability is likely to increase the
12 four-year graduation rate;

13 (e) A University of Northern Colorado study found that when a
14 student has three or more moves during high school, the odds of the
15 student exiting without a credential are greater than the odds of
16 graduating;

17 (f) In 2008, Colorado was among the first eleven states to enter
18 into the Interstate Compact on Educational Opportunity for Military
19 Children, which removes barriers to high school graduation for youth in
20 military families;

21 (g) Foster youth often experience even more school changes than
22 military youth and would benefit from similar protections; and

23 (h) It is imperative to remove barriers to the educational success
24 of students in foster care due to frequent moves and lack of continuity in
25 education.

26 (2) Therefore, the general assembly declares that implementing a
27 policy that ensures flexibility and cooperation between the education

1 system, child welfare system, and families and students is necessary to
2 ensure that students in foster care and other highly mobile student
3 populations achieve educational success.

4 **SECTION 2.** In Colorado Revised Statutes, 22-32-138, **amend**
