Summary of Legislation

This bill permits the Department of Human Services to continue leasing to third-party behavioral health providers on the Grand Junction Regional Center (GJRC) campus through June 30, 2020.

Background

Under current law, the department is directed to vacate and list the GJRC campus for sale no later than July 1, 2018, or as soon as each person receiving services on the campus is transitioned to nonregional center campus residences. A FY 2018-19 capital budget request to construct new, off-campus homes for the current residents reflects an anticipated occupancy date of December 2020.

State Revenue

There will be a continuing state revenue impact within the department from lease payments for space on the GJRC campus. There is currently one tenant on campus. Its annual lease payment for FY 2017-18 is about \$85,000. This fiscal note assumes that this tenant will remain on campus through June 2020 and that no additional tenants will be added to the campus.

TABOR Refund

This bill increases state revenue from rental income, which will increase the amount of money required to be refunded under TABOR for FY 2018-19 and FY 2019-20. A TABOR refund obligation is not expected for the current FY 2017-18.

Since the bill increases the TABOR refund obligation without a corresponding change in General Fund revenue, the amount of money available in the General Fund for the budget will decrease by an identical amount.

State revenue subject to TABOR is not estimated for years beyond FY 2019-20.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
