Summary of Legislation

This bill increases the court security cash fund surcharge from \$5 to \$10 and allocates the new revenue to the county that collected the fee.

Background

The Court Security Cash Fund is funded by a \$5 surcharge on certain docket and filing fees. The fund supports the Court Security Commission, which solicits and evaluates court security grant applications. Awarded court security grants are paid to counties out of the Court Security Cash Fund and are used for court security equipment, training, and emergency security needs.

State Revenue

By doubling the current court security surcharge from \$5 to \$10, this bill doubles the amount of Court Security Cash Fund revenue that will be collected. Currently approximately \$2.0 million is collected each year from this surcharge. Assuming the number of cases and fee collection rates remain relatively unchanged, beginning in FY 2018-19, \$1.8 million in additional surcharge revenue will be collected. For FY 2018-19, this amount is prorated due to the effective date of the bill. Beginning in FY 2019-20, \$2.0 million in additional surcharge revenue will be collected per year. Increased revenue collected is passed directly to the county that generated the docket or filing fee and is exempt from TABOR.

Fee impact on case filings. Colorado law requires legislative service agency review of measures which create or increase any fee collected by a state agency. These fee amounts are estimates only, actual fee collections will be based on case filings and collection rates. Table 2 identifies the fee impact of this bill.

**Table 2
Fee Impact on HB 18-1055**

Fiscal Year	Type of Fee	Current Fee	Proposed Fee	Number Affected	Total Fee Impact
FY2018-19	Court Security Surcharge	\$5	\$10	360,000	\$1,800,000
FY 2018-19 Total					\$1,800,000
FY2019-20	Court Security Surcharge	\$5	\$10	400,000	\$2,000,000
FY 2019-20 Total					\$2,000,000

State Expenditures

This bill increases Judicial Department cash fund expenditures by \$1.8 million in FY 2018-19 and \$2.0 million per year beginning in FY 2019-20 to transmit court security surcharge funds to the appropriate county. Workload is also increased by a minimal amount to update systems and processes to ensure that increased surcharge revenue is tracked and allocated to the county that collected the docket or filing fee. This workload can be accomplished within existing appropriations and expenditures will be paid out of the Court Security Cash Fund.

Local Government

This bill increases county revenue from the Court Security Cash Fund, which will increase the amount of money counties have to spend on court or probation office security. This increase will vary by county depending on the number case filings and collection rates. Estimated revenue by county is shown in Table 3. Overall, county revenue is expected to increase statewide by \$1.8 million in FY 2018-19 and \$2.0 million per year beginning in FY2019-20.
