**Sunset bill.** This bill extends the Stroke Advisory Board indefinitely, which will continue a minimal amount of state agency workload.

**Appropriation Summary:** No appropriation is required.

**Fiscal Note Status:** The fiscal note reflects the enacted bill.

---

### Summary of Legislation

Under current law, the Stroke Advisory Board in the Colorado Department of Public Health and Environment (CDPHE) is scheduled to repeal on September 1, 2018. This bill continues this advisory board indefinitely.

### Background

The Stroke Advisory Board is an 18-member, Governor-appointed board created in 2013 to evaluate potential strategies for stroke prevention and treatment and develop a statewide needs assessment for stroke-related resources. The board typically meets monthly, with meetings conducted as a whole board or in separate working groups. Members of the advisory board serve without compensation or reimbursement of expenses. The CDPHE receives no appropriations for the Stroke Advisory Board.

### Continuing Program Impacts

By continuing the Stroke Advisory Board, a minimal amount of workload will continue in the CDPHE starting in FY 2018-19 for staff to assist with logistics for the board and to participate in any board discussions affecting programs in the CDPHE. If this bill is not enacted and the board is repealed, the CDPHE will have a minimal reduction in workload starting in FY 2018-19. No change in appropriations is required.

## Effective Date

The bill was signed into law by the Governor on May 4, 2018, and took effect September 1, 2018.
