## **Summary of Legislation**

This bill repeals the Local Government Retail Marijuana Impact Grant Program administered by the Department of Local Affairs (DOLA) as of July 1, 2019. Effective July 1, 2018, the bill removes the ability of Marijuana Tax Cash Fund moneys to be used for the grant program.

## **Background**

The Local Government Retail Marijuana Impact Grant Program was created in 2015 through House Bill 15-1367 to provide grants to eligible local governments for documented marijuana impacts. The program is intended to fund law enforcement activities, youth services, and to mitigate other impacts on services provided by an eligible local government. The General Assembly has appropriated a total of \$3 million since FY 2015-16. DOLA requested that the program be discontinued given minimal demand and the establishment of the new Gray and Black Market Marijuana Enforcement Grant Program.

## **State Expenditures**

This bill reduces state expenditures by up to \$865,430 in FY 2018-19 only. Under current law, DOLA has roll forward spending authority, meaning that they are authorized to expend unencumbered or unexpended moneys for this program from the prior fiscal year in the current fiscal year. It is anticipated that \$865,430 will be unspent from the current FY 2017-18 appropriation. In the absence of this bill, that money would have been available for expenditure in FY 2018-19. Under this bill, it will revert to the Marijuana Tax Cash Fund at the end of the current FY 2017-18.

## **Local Government**

This bill reduces the opportunity to apply for grant funds from the Local Government Retail Marijuana Impact Grant Program. As the program has been winding down, the fiscal impact to local governments is assumed to be minimal.

## **Effective Date**

The Governor signed the bill into law on April 30, 2018, and it takes effect July 1, 2018.
