HOUSE
Amended 2nd Reading
April 16, 2019

The training may be provided to law enforcement agencies, organizations that provide direct services to human trafficking victims, school personnel and parents or guardians of students, and any other organization, agency, or group that would benefit from such training. The training must be developed in consultation with the Colorado human trafficking council. When considering requests for training, the division should give priority to requests from areas of the state that have limited access to training resources. Beginning in 2020, the council's annual human trafficking report must include an update on the training provided.

The bill requires the Colorado school safety resource center to include awareness and prevention of human trafficking in the materials and training that it provides.
