SCOPE OF MANUFACTURED HOME SALES TAX EXEMPTION

No fiscal impact. This bill changes the reference to the definition of manufactured homes to conform with existing practice for administering a sales tax exemption.

No appropriation is required.

This fiscal note reflects the introduced bill. This bill is recommended by the Statutory Revision Committee.

This bill changes statutory language to conform with existing practice at the Department of Revenue. Current law references a definition of manufactured housing that no longer exists. In its place is a definition for modular homes. This bill changes the definition to that of a "manufactured home," which includes both modular and manufactured homes. Mentions of the word "vehicle" are also removed to conform with accompanying statutory references that expressly state a manufactured home cannot have motive power.

This bill is not anticipated to change how the sales tax exemption is administered in practice by the Department of Revenue, or increase the revenue, expenditure or workload of any state agency or local government. For these reasons, the bill is assessed as having no fiscal impact.

The bill takes effect July 1, 2019.

The revenue and expenditure impacts in this fiscal note represent changes from current law under the bill for each fiscal year. For additional information about fiscal notes, please visit: leg.colorado.gov/fiscalnotes.
