Fiscal Note Status: The fiscal note reflects the introduced bill. This bill was not enacted into law; therefore, the impacts identified in this analysis do not take effect.

Summary of Legislation

The bill exempts the state from observing daylight saving time, making Mountain Standard Time the standard time year round.

Assessment of No Fiscal Impact

Exempting the state from observing daylight saving time will have no impact to the revenue, expenditures, or workload to any state or local government and therefore, is assessed as having no fiscal impact. Because state applications and servers are expected to update without any intervention, the fiscal note assumes that no IT modifications are necessary by the Office of Information Technology.

Effective Date

This bill was postponed indefinitely by the House Rural Affairs and Agriculture Committee on January 31, 2019.
