## Summary of Legislation

This bill allows attorneys under contract with the Office of the Respondent Parents' Counsel (ORPC) to have read-only access to the name index and register of actions for the Judicial Department. The bill also clarifies that a parent who files a petition for reinstatement of rights in a parent-child relationship is entitled to counsel through the ORPC if he or she meets the income eligibility requirements.

## State Expenditures

To the extent that attorneys under contract with the ORPC are allowed additional access to the Judicial Department's government access system, workload for Judicial's IT Division will increase. However, the expected increase in workload increase is minimal. The bill may also decrease costs for court-appointed counsel in the trial courts and increase workload and costs to the ORPC to appoint counsel. The fiscal note assumes that reinstatement cases are rare and that any change in workload and costs does not require a change in appropriations.

## Effective Date

This bill was signed into law by the Governor on March 7, 2019, and takes effect August 2, 2019, assuming no referendum petition is filed.
