Council Staff**

*Nonpartisan Services for Colorado's Legislature*

**FISCAL NOTE**

**Drafting Number:** LLS 19-0772  
**Prime Sponsors:** Rep. Sirota; Snyder

**Date:** February 28, 2019  
**Bill Status:** House Energy & Environment  
**Fiscal Analyst:** Ariel Hammerquist | 303-866-3469  
 Ariel.Hammerquist@state.co.us

**Bill Topic:** GREENHOUSE GAS POLLUTION IMPACT IN FISCAL NOTES

**Summary of Fiscal Impact:**

<input type="checkbox"/> State Revenue	<input type="checkbox"/> TABOR Refund
<input checked="" type="checkbox"/> State Expenditure	<input type="checkbox"/> Local Government
<input type="checkbox"/> State Transfer	<input type="checkbox"/> Statutory Public Entity

This bill requires Legislative Council Staff to assess whether legislation results in an increase or decrease in greenhouse gas emissions as part of every fiscal note. This bill increases state expenditures on an ongoing basis.

**Appropriation Summary:** For FY 2019-20, the bill requires an appropriation of \$81,911 to the Legislative Department.

**Fiscal Note Status:** The fiscal note reflects the introduced bill.

<b>TABOR Refund</b>		-	-

## Summary of Legislation

Beginning in the 2020 legislative session, this bill requires Legislative Council Staff (LCS) to include an assessment of whether the bill impacts greenhouse gas emissions as part of every fiscal note. LCS will assess whether a bill is likely to directly cause a net increase or decrease in greenhouse gas emissions over a 10-year period; however, LCS is not required to estimate the magnitude of the increase or decrease. Greenhouse gas means carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, or sulfur hexafluoride.

The LCS Director of Research must develop the format for these greenhouse gas assessments and procedures for completing and updating these analyses by December 1, 2019, and memorialize these procedures in a letter to the Executive Committee of the Legislative Council Committee. The bill requires that state agencies with subject matter expertise provide information to LCS for the development of procedures and the preparation of fiscal notes.

## State Expenditures

This bill increases General Fund costs for the Legislative Department by \$96,685 and 0.9 FTE in FY 2019-20, and by \$100,413 and 1.0 FTE in FY 2020-21 and future years. Impacts to LCS and other state agencies are displayed in Table 2 and described below.

**Table 2**  
**Expenditures Under HB 19-1188**

	FY 2019-20	FY 2020-21
<b>Legislative Department</b>		
Personal Services	\$76,258	\$83,189
Operating Expenses and Capital Outlay Costs	\$5,653	\$950
Centrally Appropriated Costs*	\$14,774	\$16,274
<b>Total Cost</b>	<b>\$96,685</b>	<b>\$100,413</b>
<b>Total FTE</b>	<b>0.9 FTE</b>	<b>1.0 FTE</b>

\* Centrally appropriated costs are not included in the bill's appropriation.

**Legislative Council Staff.** LCS requires the additional 1.0 FTE for a subject matter expert to accomplish the work under this bill. Currently, LCS does not employ a person with the necessary environmental expertise to aid in the analysis of these assessments. Beginning in current FY 2018-19, staff time will be required to develop procedures for conducting greenhouse gas impact assessments. Starting at the 2020 legislative session, workload will increase to prepare and review these impacts.

**State agency workload.** The Department of Natural Resources, the Colorado Energy Office, and any other state agency with subject matter expertise, such as the Colorado Department of Public Health and Environment, will have increased workload to respond to information requests from LCS related to greenhouse gas pollution assessments in fiscal notes. Workload will vary depending on the complexity of the measure under consideration. This minimal workload does not require a change in appropriations. Should an agency regularly experience a high volume of requests or require additional resources associated with information sharing, additional funding will be requested through the annual budget process.

**Centrally appropriated costs.** Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are estimated to be \$14,774 in FY 2019-20 and \$16,274 in FY 2020-21.

### **Effective Date**

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

### **State Appropriations**

For FY 2019-20, the bill requires a General Fund appropriation of \$81,911 and an allocation of 0.9 FTE for the Legislative Department.
