FISCAL NOTE

Drafting Number: LLS 19-0970
Prime Sponsors: Rep. Wilson; McLachlan; Sen. Bridges

Date: March 26, 2019
Bill Status: House Education
Fiscal Analyst: Marc Carey | 303-866-4102; marc.carey@state.co.us

Bill Topic: STATE FUNDING FOR FULL-DAY KINDERGARTEN

- Summary of Fiscal Impact: State Revenue, State Expenditure, State Transfer, TABOR Refund, School District, Statutory Public Entity

This bill provides funding for full-day kindergarten educational programs through the school finance formula. The bill will result in an annual increase in state expenditures related to school finance for school districts and charter schools.

Appropriation Summary: For FY 2019-20, the bill requires a General Fund appropriation of \$183,722,505 and a cash fund appropriation reduction of \$8,939,591 from the State Education Fund.

Fiscal Note Status: This fiscal note reflects the introduced bill.

Table 1
State Fiscal Impacts Under House Bill 19-1262

Table with 4 columns: Category, Sub-category, FY 2019-20, FY 2020-21. Rows include Revenue, Expenditures (General Fund, Cash Funds - State Ed Fund, Total), Transfers, and TABOR Refund.

Summary of Legislation

Under current law, the school finance formula provides funding for half-day kindergarten programs plus an additional amount of supplemental kindergarten funding. Beginning with FY 2019-20, this bill provides funding through the school finance formula for full-day kindergarten (FDK) educational programs. Students that choose to stay enrolled in FDK programs will be funded at the same amount (1.0 FTE) as students enrolled full-time in other grades. Students enrolled in half-day kindergarten programs will continue to be funded as a half-day student (0.5 FTE) plus the existing amount of supplemental kindergarten funding (0.08 FTE), for a total of 0.58 FTE.

Current full day kindergarten hold-harmless funding. Under current law, 60 school districts get supplemental funding under a separate line item for FDK hold-harmless funding. This bill repeals this line item and supplemental funding.

Prohibition of FDK fees. Under current law, many school districts charge fees for students enrolled in FDK to supplement program funding. This bill prohibits school districts and charter schools providing FDK from charging any fees for attending kindergarten that are not routinely charged for students enrolled in other grades.

Prohibition of ECARE slots for kindergarten. Under current law, a school district may use a half-day preschool (ECARE) slot to enroll a child in FDK. This bill prohibits using a preschool position to enroll a child in FDK. School districts that used preschool slots in this manner in FY 2018-19 will retain those slots in FY 2019-20 and thereafter, as long as the district fills the slots with preschool students.

Phase-in Plan for FDK. While the bill does not require school districts to offer FDK programs, it directs any district not offering such a program by FY 2019-20 to submit a plan to the CDE addressing how it could phase-in a FDK program.

Expansion of charter school programs. If a charter school seeks to expand an existing half-day kindergarten educational program to full day, it must notify its authorizer and amend its charter contract, if necessary. If the authorizer objects to program expansion, the school and authorizer must negotiate a change to the charter contract. If the parties cannot agree, the school may appeal the issue to the State Board of Education (SBE) for a determination. Any renegotiation of the school's contract is limited to the expansion of the kindergarten program.

State Expenditures

The bill is expected to increase state expenditures by \$174.8 million in FY 2019-20 and \$184.6 million in FY 2020-21.

Total Program Funding. By funding kindergarten students at 1.0 FTE instead of the current 0.58 FTE funding level, House Bill 19-1262 increases the statewide funded pupil count. It should be noted that the bill does not require students to enroll in FDK, only that funding be increased for those students that choose to enroll in FDK. Thus, the actual funding increases will depend on the increase in funded pupil count, which in turn will depend on the utilization rate of the FDK option. In FY 2018-19, about 81 percent of kindergarten students statewide are enrolled in FDK programs. Table 2 presents estimates of increases in funded pupil count, total program funding, and required state aid for FY 2019-20 for four different utilization rates above the current 81 percent, assuming the budget stabilization factor remains at its current level of \$672.4 million.

Table 2
Changes in Pupil Count, Total Program, and State Aid Under House Bill 19-1262

Utilization Rate	Funded Pupil Count	Total Program (in millions)	State Aid (in millions)
100%	25,896	\$220.6	\$214.1
95%	24,702	\$210.3	\$203.8
90%	23,508	\$200.0	\$193.5
85%	22,367	\$190.2	\$183.7

Implementation of a FDK program that increases funding levels from 0.58 to 1.0 student will likely increase participation in FDK. This fiscal note assumes a utilization rate of 85 percent in FY 2019-20, rising to a rate of 90 percent in FY 2020-21 and beyond. Based on an increase in the funded pupil count of 22,367 students, the fiscal note estimates total program funding will increase by \$190.2 million in FY 2019-20 compared with current law. State expenditures for school finance and local funding will increase by \$183.7 million and \$6.5 million, respectively assuming the budget stabilization factor remains at its current level of \$672.4 million. Table 3 shows the estimate of school finance funding in FY 2019-20 under House Bill 19-1262, relative to current law. Appendix A details the funding changes that occur at the school district level as a result of this bill.

Table 3
Funding Changes Under House Bill 19-1262

	Pupil Count	Per Pupil Funding	Total Program Funding	State Aid	Local Share
FY 19-20 (Current Law)	872,202	\$8,362	\$7,293,027,118	\$4,441,968,291	\$2,851,058,828
FY 19-20 (HB19-1262)	894,569	\$8,365	\$7,483,199,086	\$4,625,690,795	\$2,857,508,291
Percent Change	2.56%	0.04%	2.61%	4.14%	0.23%
Increase	22,367	\$3	\$190,171,968	\$183,722,504	\$6,449,463

In FY 2020-21, total program funding is expected to increase by about \$200.0 million compared with current law. State expenditures for school finance and local funding will increase by \$193.5 million and \$6.5 million, respectively assuming the budget stabilization factor remains at its current level of \$672.4 million.

ECARE slots. The bill prohibits school districts from using preschool (ECARE) slots for children enrolled in a FDK program, but allows districts to retain the number of slots they used in FY 2018-19, as long as they are fully utilized for preschool enrollement. In FY 2018-19, 5,586 ECARE slots were used for FDK students. These slots will now be repurposed to expand preschool enrollment.

Hold-harmless FDK funding. Under current law, 60 school districts receive supplemental funding under a line item for hold-harmless FDK funding. In FY 2019-20 and FY 2020-21, funding for this line item is expected to total \$8,939,591. With passage of this bill, these districts will no longer receive this funding, but instead will receive funding through the FDK program.

School District Impact

Table 3 compares estimated FY 2019-20 school finance funding levels under House Bill 19-1262 with funding levels under current law. In FY 2019-20, the bill increases total program funding to school districts by \$190.2 million. State aid increases by \$183.7 and the local share by \$6.5 million, assuming the budget stabilization factor remains at \$672.4 million. The increase in local share is primarily from the four school districts that are subject to the TABOR property tax limit, which increases when enrollment increases.

Appendix A to this fiscal note contains a district-by-district overview of the impacts on funded pupil count, total program after application of the budget stabilization factor, and per pupil funding, relative to current law.

Hold-Harmless FDK Funding. The 60 districts that would have received \$8,939,591 in hold-harmless FDK funding in FY 2019-20 and FY 2020-21 will no longer receive this funding, but instead will receive funding through the FDK program under the bill.

Reporting Requirements. While the bill does not require school districts to offer FDK programs, it does require any district not offering such a program by FY 2019-20 to submit a plan to the CDE addressing how it could phase-in a FDK program. These districts will incur additional costs in developing and reporting on FDK phase-in plans.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

State Appropriations

For FY 2019-20, the bill requires the following appropriations to the Department of Education:

- a General Fund appropriation of \$183,722,505 for the state's share of total program; and
- a cash funds appropriation reduction of \$8,939,591 from the State Education Fund for hold-harmless full-day kindergarten funding.
