## **Summary of Legislation**

The bill convenes a state tax system working group to meet during the 2019 legislative interim to evaluate the state tax system and make recommendations. Working group stakeholders include the nonpartisan legislative service agencies, the Department of Revenue, the Department of Personnel and Administration, and the Governor's Office of Information Technology. The working group must evaluate:

- the deficits of the current state tax system;
- the benefit of ownership of the current tax system in relationship to the cost of the total deficits of the current system;
- whether it would be more cost-effective for the state to make adjustments and new investments in the current tax system or to pursue a new system;
- options for managing for recurring changes in tax data and methods by which new tax reports are implemented and tracked; and
- any other topics the working group deems necessary.

The working group must hold its first meeting by June 1, 2019. By October 1, 2019, the working group must provide an update on its progress to the Joint Technology Committee and the Joint Budget Committee. By December 1, 2019, the working group must report to the General Assembly on its findings and recommendations; whether an independent third-party assessment of the state tax system is necessary; and whether the working group should be continued through the 2020 legislative interim.

## **Background**

In 2008, DOR undertook a project to modernize Colorado's income tax administration software and database. Completed in 2012, the project resulted in the GenTax system, a software solution supported through a maintenance and support contract with Fast Enterprises, Inc. The GenTax core functionality focuses on processing tax returns and payments, and issuing refunds. The system also includes support functions, such as a web-enabled functionality for taxpayers, refund approvals, collections, and fraud prevention. Approximately 25 states, including Colorado, use GenTax. The state has a maintenance agreement with Fast Enterprises, which currently provides technical support at an hourly rate.

**State Expenditures**

The bill increases General Fund expenditures by \$43,480 in FY 2019-20 only. These impacts are summarized in Table 2 and described below.

**Table 2  
Expenditures Under SB 19-248**

	<b>FY 2019-20</b>	<b>FY 2020-21</b>
<b>Legislative Council Staff</b>		
Personal Services	\$34,736	-
Operating Expenses and Capital Outlay Costs	\$2,261	-
Centrally Appropriated Costs*	\$6,483	-
FTE – Personal Services	0.4 FTE	-
<b>Total Cost</b>	<b>\$43,480</b>	<b>-</b>
<b>Total FTE</b>	<b>0.4 FTE</b>	<b>-</b>

\* Centrally appropriated costs are not included in the bill's appropriation.

**Legislative Council Staff.** Legislative Council Staff requires 0.4 FTE to staff and coordinate the working group and issue the report. The fiscal note assumes the majority of the work will be done by a staff person at an IT manager level.

**Governor's Office of Information Technology.** The bill will increase workload and potential costs for the Governor's Office of Information Technology to participate in the working group. This workload can be accomplished within existing resources and no appropriation is required.

**Department of Revenue.** The bill will increase workload and potential costs for the Department of Revenue to participate in the working group. Potential costs have not been estimated in this preliminary fiscal note. The fiscal note will be updated if more information becomes available.

**Department of Personnel and Administration.** The bill will increase workload for the Department of Personnel and Administration to participate in the working group. This workload can be accomplished within existing resources and no appropriation is required.

**Centrally appropriated costs.** Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are estimated to be \$6,483 in FY 2019-20.

**Effective Date**

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

**State Appropriations**

In FY 2019-20, the bill requires a General Fund appropriation of \$36,997 to the Legislative Department.
