The bill also requires each educator preparation program, alternative teacher program, and alternative principal preparation program to include course work that provides educator candidates or alternative teacher or principals with an overview of federal laws relating to the education of students with disabilities, individualized education programs, and child find and that teaches educators effective special education classroom practices, including but not limited to inclusive learning environments.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds that:

4 (a) Every student needing special education services in
5 kindergarten through twelfth grade is covered by the "Individuals with
6 Disabilities Education Act", 20 U.S.C. sec. 1400 et seq., as amended, and
7 its implementing regulations, 34 CFR 300. This federal law states that
8 every child with a disability is entitled to a free and appropriate education,
9 with special education services delivered in the least restrictive
10 environment possible, and must be provided with specially designed
11 instruction according to the student's individualized education program
12 (IEP).

13 (b) Inclusive classroom environments where students with special
14 needs are included in general education classrooms benefit students both
15 with and without disabilities;

16 (c) Despite federal and state guidelines making sure special
17 education students get a proper education, many students with disabilities
18 and their families are being left behind in Colorado;

19 (d) In 2018, less than ten percent of students who had an IEP were
20 meeting grade level expectations in grades three through eight, and less
21 than sixty percent of students identified with a disability graduate high

1 school in four years;

2 (e) Moreover, thirty-three percent of all students who have been
3 suspended in kindergarten through second grade had an IEP; and

4 (f) Educator preparation programs in Colorado are not required to
5 prepare teacher and administrator candidates on special education laws
6 and regulations, creating great variability among educators on the
7 knowledge of federal and state laws regarding special education and best
8 practices for inclusive classrooms.

9 (2) Therefore, the general assembly declares that teachers, special
10 services providers, principals, and administrators should be aware of
11 special education laws and requirements and effective special education
12 practices, including but not limited to inclusive learning environments, as
13 part of the professional development requirements for renewal of
14 educator licenses, and that the teaching of special education laws and
15 effective special education practices should be required for all students
16 in Colorado's educator preparation programs.

17 **SECTION 2.** In Colorado Revised Statutes, 22-60.5-110, **amend**
