fund; and

- ! The requirement that \$127,000 be transferred to a special account in the general fund that is used by the mined land reclamation board. This annual transfer is currently one of the transfers to the natural resources and energy grant programs that only occurs after funding for the core departmental programs and a reserve requirement.

As state money will no longer be transferred to the abandoned mine reclamation fund, the section containing it and another one with related definitions are repealed on July 1, 2023. The state treasurer will transfer any money in the fund on June 30, 2023, to the severance tax operational fund.
