A BILL FOR AN ACT

CONCERNING THE CREATION OF THE FOOD PANTRY ASSISTANCE GRANT PROGRAM, AND, IN CONNECTION THEREWITH, AUTHORIZING AN ALLOCATION OF MONEY THE STATE RECEIVES FROM THE FEDERAL CORONAVIRUS RELIEF FUND.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The bill creates the food pantry assistance grant program (grant program) to aid Colorado food pantries and food banks in the purchase of foods to meet the needs of their clientele, which has expanded
significantly as a result of the COVID-19 public health emergency. A secondary purpose of the grant program is to create new market opportunities for Colorado's agricultural producers. Food purchased by a grant recipient using grant money from the grant program must be designated as a Colorado agricultural product.

The department of human services (department) is directed to administer and monitor the grant program. The bill repeals the grant program, effective September 1, 2026.

The bill authorizes an allocation of money from the "Coronavirus Aid, Relief, and Economic Security Act" (CARES Act) subfund in the general fund to the department for the grant program to meet expenses not approved as of March 27, 2020, and are necessary to respond to the COVID-19 public health emergency. The appropriations must be expended on or before December 30, 2020.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds that:

(a) On March 27, 2020, the federal government enacted the "Coronavirus Aid, Relief, and Economic Security Act" (CARES Act), Pub.L. 116-136 (2020), pursuant to which Colorado received approximately $1,674,000,000 from the federal coronavirus relief fund to use for necessary expenditures incurred due to the current COVID-19 public health emergency;

(b) On May 18, 2020, the Colorado governor issued Executive Order 2020 D 070, transferring $70,000,000 from the state CARES Act fund to the state general fund for eligible expenditures;

(c) The expenditures in the bill are considered an allowable use under the federal CARES Act and are necessary to respond to the COVID-19 public health emergency;

(d) The expenditures in the bill were not accounted for in the Colorado state budget most recently approved as of March 27, 2020, and
all of the expenses will be incurred on or before December 30, 2020; and

e) Any state department that receives expenditures in the bill for community programs and services shall:

(I) Distribute funding in a manner that utilizes existing infrastructure and contracts in the most expedited way possible; and

(II) Consider the needs of underserved populations and communities, including African American communities, indigenous communities, and other communities of people of color.

(2) The general assembly further finds and declares that:

(a) The COVID-19 public health emergency has created an exponential need for emergency food resources for all emergency food providers. Since the beginning of the COVID-19 public health emergency, food pantries across the state have seen 2 to 6 times the number of people coming in for food assistance, with many coming to a food pantry for the first time.

(b) Funding from the federal CARES Act will help more than 100 local food pantries purchase healthy, local food for more than 100,000 Coloradans. Funding for these grants provides critical resources for food pantries to meet the increased demand, while also helping to purchase the types of food their communities need from local food producers. Additionally, small farmers have struggled to stay afloat as their sources of revenue, including restaurants and farmers markets, diminish under the impact of the COVID-19 public health emergency.

(3) Therefore, the general assembly determines that funding from the federal CARES Act will help people in communities throughout Colorado access nutritious food and support local economies as we enter the years-long economic impact of the COVID-19 public health emergency.
emergency.
