1 *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4           (a) A child's early years play a pivotal role in the child's literacy  
5 abilities. Literacy skills learned between birth and age 5 often predict  
6 literacy in later years. Children who struggle with literacy in kindergarten  
7 through third grade are unlikely to catch up to their peers, and the  
8 proficiency gap widens as students grow older.

9           (b) In 2019, the National Assessment of Educational Progress  
10 (NAEP) indicated that just 40% of Colorado students in fourth grade  
11 could read proficiently;

12           (c) NAEP results also demonstrate that Colorado has not made  
13 progress in improving literacy among historically underserved students.  
14 Similar to NAEP results in 1998, in 2019, Colorado's African American  
15 and Hispanic and Latino fourth graders saw average reading scores that

1 were 24 and 27 points lower, respectively, than the average score of their  
2 Caucasian peers. Also similar to results in 1998, in 2019, Colorado  
3 children from low-income families saw an average reading score that was  
4 30 points lower than higher income students.

5 (d) Access to printed reading materials is a key component in  
6 ensuring literacy among young children. Children with more exposure to  
7 printed reading materials excel in comprehension, technical reading, and  
8 spelling.

9 (e) Children in many of Colorado's small rural school districts on  
10 the eastern side of the state do not have access to a public library and  
11 therefore see zero per-student circulation of child reading materials  
12 through a library;

13 (f) Some larger rural school districts with larger percentages of  
14 children living in poverty and children of color have only one public  
15 library to serve their student populations and therefore see low circulation  
16 of reading materials; and

17 (g) Reading proficiently by the end of third grade is essential to  
18 mastering other academic subjects. Students who struggle with literacy  
19 are 4 times more likely to eventually drop out of school without earning  
20 their high school diploma.

21 (2) Therefore, the general assembly finds that it is imperative for  
22 children from birth to 5 years old have access to high-quality,  
23 age-appropriate books on a monthly basis at no cost to families.

24 **SECTION 2.** In Colorado Revised Statutes, **add** 24-90-120 as  
25 follows:

26 **24-90-120. Colorado imagination library program - creation**  
27 **- request for proposal - state librarian duties - report - definitions.**
