Bill Topic: COMPETITIVE SOLICITATION UNDER PROCUREMENT CODE

- Summary of Fiscal Impact: State Revenue, State Expenditure, State Transfer, TABOR Refund, Local Government, Statutory Public Entity

The bill allows state agencies to broadly construe the requirement to issue a request for proposals as any competitive solicitation method allowed by law. It minimally decreases workload in state agencies on an ongoing basis.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: The fiscal note reflects the introduced bill.

Summary of Legislation

When a state agency is required by law to issue a request for proposals (RFP) pursuant to the Colorado Procurement Code, the bill allows the agency to instead issue any competitive solicitation method allowed by the code, as the agency deems most appropriate and efficient.

State Expenditures

To the extent that a state agency employs a different competitive solicitation method than an RFP, it may experience a reduction in workload. As any reduction is assumed to be minimal, and no change in appropriations is required.

Effective Date

The bill takes effect August 5, 2020, if the General Assembly adjourns on May 6, 2020, as scheduled, and no referendum petition is filed.
