State Fiscal Impacts Under HB 20-1418

## Summary of Legislation

The bill makes changes to state law regarding the funding of public schools and associated programs within the Colorado Department of Education (CDE).

Base per pupil funding. The bill increases base per pupil funding for FY 2020-21 by $\$ 132.08$ to $\$ 7,083.61$, which reflects a 1.9 percent inflation rate.

Budget stabilization factor. The bill increases the budget stabilization factor by $\$ 601.1$ million, from $\$ 572.4$ million in FY 2019-20 to a total of $\$ 1.17$ billion in FY 2020-21. For FY 2021-22, the budget stabilization factor cannot exceed the FY 2020-21 level.

Building Excellent Schools Today (BEST). For FY 2020-21 only, the bill transfers $\$ 100.0$ million from the Public School Capital Construction Assistance Fund to the State Public School Fund, and diverts revenue above the first $\$ 40$ million received in retail marijuana excise tax from the assistance fund to the State Public School Fund.

Under current law, state lease-purchase agreements for public school capital construction projects cannot exceed $\$ 110$ million. The bill increases the maximum annual amount of lease payments under the agreements to $\$ 125$ million for FY 2020-21. The bill appropriates $\$ 15.0$ million from the Public School Capital Construction Assistance Fund for FY 2020-21 to make lease payments.

State land revenue. In FY 2020-21, the bill diverts $\$ 10.0$ million in state lands revenue that would otherwise be deposited in the Permanent Fund to the State Public School Fund.

Transfers. On July 1, 2020, the bill makes the following transfers to the State Education Fund (SEF):

- $\quad \$ 3.5$ million from the Early Literacy Fund;
- $\quad \$ 11,831$ from the Teacher of the Year Fund; and
- all unexpended and unencumbered money in the following funds:
- Full Day Kindergarten Facilities Capital Construction Fund;
- Retaining Teachers Fund;
- School Cardiopulmonary Resuscitation and Automated External Defibrillator Training Fund, and repeals the fund;
- Closing the Achievement Gap Cash Fund, and repeals the fund;
- Great Teachers and Leaders Fund;
- Nonpublic School Fingerprint Fund, as it existed prior to its 2006 repeal; and
- Student Re-engagement Grant Program Fund, as it existed prior to its repeal in 2019.

The bill also transfers $\$ 2.5$ million from the Marijuana Tax Cash Fund (MTCF) and any unexpended and unencumbered principal in the High Cost Special Education Trust Fund to the State Public School Fund on July 1, 2020.

Repealing required appropriations. The bill repeals the required FY 2020-21 appropriations for the following programs:

- $\$ 250,000$ for the school counselor corps grant program to assist with completion of state and federal financial aid forms; and
- $\$ 250,000$ for the computer science education grant program.

The bill decreases the FY 2019-20 appropriation for the Quality Teacher Recruitment program by $\$ 1.0$ million from the State Education Fund.

Repealing and delaying programs. The bill repeals the Grow Your Own Educator program and the Advanced Placement (AP) incentives pilot program. The bill delays the implementation of the Local School Food Purchasing program and the K-5 Social and Emotional Health Pilot program, and makes related changes.

Audit payments. The bill authorizes the Commissioner of Education to expend money to correct the underpayment of state funding to a local education provider when the determination of state funding includes an error in the information submitted to CDE.

Budget deadlines. For the FY 2020-21 budget year, the bill modifies school district budget submittal, notice, and adoption deadlines and requirements. Districts must submit a budget no later than June 23, 2020 and notice must be made by June 25. The bill clarifies that local boards of education may review and change the budget after its adoption.

Technical changes. The bill clarifies that students enrolled part-time in a kindergarten program are counted as 0.58 of a full-day pupil, and that five year old first graders are counted as a full-time student.

Distribution of READ Act per pupil intervention. The bill requires that CDE use student enrollment numbers from FY 2018-19 to calculate a local education providers' READ Act per pupil intervention money for FY 2020-21 only.

Total program mill levies. For tax year 2020, the bill resets the total program mill levy for each school district at:

- for districts that have obtained voter approval to keep revenue above the constitutional limit, the lesser of 27 mills, the number of mills necessary to fully fund the district's total program, or the number of mills the district would have levied but for reductions in the mill levy after receiving voter approval to retain excess revenue; and
- for districts that have not obtained voter approval to keep revenue above the constitutional limit, the lesser of 27 mills, the number of mills levied in the preceding property tax year, or the number of mills that generates an amount that does not exceed the constitutional limit.

Beginning in tax year 2021, school districts must levy the lesser of:

- 27 mills;
- the number of mills levied in the preceding year;
- the number of mills necessary to fully fund the district's total program; or
- if the district has not obtained voter approval to keep revenue above the constitutional limit, the number of mills that generates an amount of revenue that does not exceed the constitutional limit.

In a property tax year in which a district is required to levy more mills than it levied for tax year 2019, the school district board of education must approve a tax credit equal to the number of mills levied that exceeds the number of mills levied in 2019. Revenue generated by the number of mills for which there is a tax credit is not included in calculating the school district's local and state shares of school finance.

Changes related to school disruptions. The bill specifies that CDE must not assign accreditation ratings or recommend school plan types for school districts and the state Charter School Institute for FY 2020-21 and instead shall use the rating or plan type from the previous school year. It also
removes the requirement that CDE determine attainment of performance indicators for the 2019-20 school year, and extends the deadline for probationary teacher contract nonrenewal notifications until June 26, 2020, as long as the reason for nonrenewal is related to budget shortfalls.

No later than September 15, the Commissioner of Education must convene stakeholders to review the impact of disruptions related to COVID-19, including remote learning, accountability, assessments, accreditation, and educator evaluations, and make recommendations on how to proceed during the FY 2020-21.

## Background

Allocation of federal COVID-19 relief funds. For informational purposes, Appendix B includes the distribution of the federal COVID-19 relief funds allocated for K-12 education by the Governor and distributed to local education providers by CDE. The appendix includes the estimated allocation of $\$ 121$ million from the Elementary and Secondary School Emergency Relief (ESSER) Fund in FY 2020-21 and $\$ 510$ million from the Coronavirus Relief Fund in FY 2019-20. It does not include the allocation of $\$ 37.0$ million from the Coronavirus Relief Fund for the expected increase in the number of at-risk students in FY 2020-21. The bill includes informational appropriations for these amounts. ESSER funds are contingent upon the state meeting a maintenance of effort requirement, or receipt of a waiver from the federal Department of Education.

## State Transfers

In FY 2020-21, the bill transfers $\$ 105.0$ million to the State Public School Fund and $\$ 6.4$ million to the SEF.

State Public School Fund. In FY 2020-21, the bill transfers the amounts listed in Table 2 to the State Public School Fund. The transfer from the High Cost Special Education Trust Fund reflects the amount of the principal deposited in the trust fund by Senate Bill 19-066. Interest and earnings on the principal, which totals about $\$ 37,000$, remains in the trust fund. The transfer from the MTCF reflects the amount that was anticipated for the K5 Social Emotional Health Pilot Program in House Bill 19-1017.

| Transferred to State Education Fund | $\$ 6,401,424$ |

## State Diversions

The bill diverts $\$ 48.2$ million in state public lands and marijuana excise tax revenue to the State Public School Fund.

State public lands revenue. Under current law, state public lands revenue is distributed to first to BEST and State Land Board administration, and then to the Permanent Fund. In FY 2020-21, the bill diverts $\$ 10.0$ million that would otherwise have been deposited in the Permanent Fund to the State Public School Fund.

Marijuana excise tax. Under current law, all revenue from the retail marijuana excise tax is used for BEST. This bill diverts excise tax revenue above the first $\$ 40$ million. Based on the LCS May 2020 revenue forecast, revenue from the excise tax is expected to be $\$ 78.2$ million in FY 2020-21. In FY 2020-21 only, this bill diverts $\$ 38.2$ million in excise tax revenue from the Public School Capital Construction Assistance Fund to the State Public School Fund.

## State Expenditures

In FY 2020-21, the bill reduces state expenditures by $\$ 691.4$ million. In FY 2021-22, the bill increases expenditures by $\$ 577,067$; that amount does not include changes in funding for school finance. The bill also decreases state expenditures by $\$ 1.0$ million in the current FY 2019-20. The components of the expenditure changes are listed in Table 4 and discussed below.

Table 4
Expenditure Summary Under HB 20-1418

|  | FY 2019-20 | FY 2020-21 | FY 2021-22 |
| :--- | :---: | ---: | :---: |

| BEST Changes | - | $(\$ 85,000,000)$ | - |
| Audit payments |  | - | $\$ 2,200,000$ |

Total program funding. The bill sets total program funding for FY 2020-21 at $\$ 7.2$ billion. This represents a 14.04 percent ( $\$ 1.17$ billion) reduction from what funding levels would be without the budget stabilization factor. District-by-district funding changes can be found in Appendix A.

Compared to current law, the $\$ 7.2$ billion in total program funding represents an estimated decrease of $\$ 601.1$ million for FY 2020-21. Compared with actual funding levels for FY 2019-20, the $\$ 7.2$ billion in total program funding represents an estimated decrease of $\$ 367.6$ million for FY 2020-21. State expenditures for school finance will decrease by $\$ 445.0$ million and the local share of funding will increase by $\$ 77.4$ million, compared with FY 2019-20. State aid is funded from the General Fund, State Education Fund, and the State Public School Fund.

Since the budget stabilization factor is set at 14.04 percent, each district's total program funding will be reduced by 14.04 percent from the level set by the funding formula before application of the budget stabilization factor, provided the district receives at least an amount of state aid that is greater than this percentage reduction. Table 5 shows an estimate of school finance act funding under the bill, after the budget stabilization factor and relative to FY 2019-20.

Table 5
School Finance Act Funding Under HB 20-1418

| Change | 93 | $(\$ 411)$ | $(\$ 367,635,309)$ | $(\$ 445,009,492)$ | $\$ 77,374,183$ |

BEST. Transferring $\$ 100.0$ million in FY 2020-21 from the Public School Capital Construction Assistance Fund to the State Public School Fund reduces expenditures for capital construction grants from BEST by $\$ 100.0$ million, from $\$ 160$ million to $\$ 60$ million. In addition, the bill appropriates $\$ 15.0$ million for increasing the limit on lease-purchase agreements through BEST from $\$ 110$ million to $\$ 125$ million.

Audit payments. The bill includes an appropriation of $\$ 2.2$ million from the State Public School Fund for audit payments for underreported pupils during October Count. The fiscal note estimates that about $\$ 600,000$ will be required in FY 2021-22. CDE audit payments to districts are typically
paid using district audit payments to CDE as a result of over reporting by districts; however, in FY 2019-20, there were higher than usual audit payments as a result of under reporting in two districts.

Program changes. The bill makes changes to K-12 education programs, including delaying or repealing programs, or repealing required appropriations in statute. These program changes are listed in Table 6 and discussed below.

Table 6
Program Funding Changes

|  | FY 2019-20 | FY 2020-21 | FY 2021-22 |

Repealing required appropriations. Repealing required appropriations reduces required General Fund expenditures by $\$ 500,000$ in FY 2020-21 for the school counselor corps grant program and the computer science education grant program.

K-5 Social Emotional Health Pilot. Delaying the K-5 social emotional health pilot reduces expenditures from the Marijuana Tax Cash Fund by $\$ 2.5$ million and 1.0 FTE in FY 2020-21.

Grow Your Own Educator Program. Repealing the Grow Your Own Educator program reduces General Fund expenditures by $\$ 1,022,933$ in FY 2020-21 and $\$ 22,933$ in subsequent years. In FY 2020-21, this amount includes $\$ 1.0$ million that was appropriated in HB 18-1309, as well as $\$ 22,933$ that is appropriated on an annual basis for the 0.3 FTE to administer the program.

AP Incentives. Eliminating the AP incentive program reduces expenditures from the State Education Fund by \$262,763 and 0.3 FTE in FY 2020-21.

Local School Food Purchasing. Delaying the start of the local school food purchasing reduces General Fund expenditures in the CDE by $\$ 675,255$ in FY 2020-21. This amount includes the administrative expenses associated with 0.4 FTE, $\$ 150,000$ for the technical assistance grant program, and $\$ 500,000$ for the purchase incentive reimbursements.

Quality teacher recruitment program. The bill decreases FY 2019-20 expenditures for the quality teacher recruitment program by $\$ 1.0$ million from the State Education Fund; however, the program will instead be funded through federal funds allocated by the Governor.

Total program mill levy. The bill modifies state workload for CDE to calculate district's new total program mill levy, but this change does not impact the amount required for the state and local shares of school finance.

Technical changes. Clarifications in the bill regarding counting part-time kindergarten students and five year old first graders do not require additional expenditures for school finance. These changes align statute with current practices.

COVID-19 disruptions. The bill increases workload for CDE to convene stakeholders to discuss issues related to accountability, accreditation, personnel evaluations, state assessments as a result of COVID-19. No change in appropriations is required. Similarly, changes related to performance indicators, school plans, and accreditation ratings for FY 2020-19 modify CDE workload, but are not expected to change state expenditures.

## School District Impact

Total program. Table 5 compares estimated FY 2020-21 school finance funding levels with actual funding in FY 2019-20. In FY 2020-21, the bill decreases funding by $\$ 411$ per pupil and funds 93 new pupils statewide. Total program funding decreases by $\$ 367.6$ million from $\$ 7.6$ billion to $\$ 7.2$ billion. Of this amount, the state's share decreases by $\$ 445.0$ million, from $\$ 4.6$ billion to $\$ 4.2$ billion, and the local share increases by $\$ 77.3$ million, from $\$ 3.0$ billion to $\$ 3.1$ billion. Appendix A contains a district-by-district overview of the impacts on funded pupil count, total program after the application of the budget stabilization factor, and per pupil funding, relative to current law.

Total program mill levy. The bill increases workload for local boards of education to issue a tax credit to taxpayers equal to the number of mills levied that exceeds the mills levied in the 2019 property tax year. The bill does not change local property tax revenue.

Other changes in funding. Repealing, delaying implementation of, and rescinding required appropriations for individual programs reduces funding for participating local education providers. The impact on each local education provider depends on current and planned participation in these programs.

## Effective Date

The bill was signed into law by the Governor and took effect on June 30, 2020.

## State Appropriations

For FY 2020-21, the bill requires and includes the following appropriation reductions to the FY 2020-21 Long Bill for the Colorado Department of Education:

## General Fund

- $\$ 675,255$ and 0.4 FTE for the local school food purchasing program;
- $\$ 250,000$ for the counselor corps grant program;
- $\$ 250,000$ for computer science education grants; and
- $\$ 22,933$ and 0.3 FTE for the grow your own educator.

## Cash Funds

- \$100,000,000 from the Public School Capital Construction Assistance Fund for cash grants;
- $\$ 2,500,000$ and 1.0 FTE from the Marijuana Tax Cash Fund for the K-5 Social and Emotional Health pilot program;
- $\$ 2,500,000$ and 1.0 FTE from the Retaining Teachers Grant Program for the retaining teachers grant program; and
- $\$ 262,763$ and 0.3 FTE from the State Education Fund for the AP incentives pilot program.

For FY 2020-21, the bill includes the following appropriations changes to the FY 2020-21 Long Bill for the state share of district's total program:

- a reduction of $\$ 721,579,451$ from the General Fund;
- an increase of $\$ 7,664,187$ from the State Education Fund;
- an increase of $\$ 112,800,000$ from the State Public School Fund.

For FY 2020-21, the bill includes an appropriation of $\$ 15.0$ million from Public School Capital Construction Assistance Fund for lease payments and $\$ 2.2$ million from the State Public School Fund for audit payments. In addition, the bill decreases the FY 2019-20 appropriation for the quality teacher recruitment program by $\$ 1.0$ million from the State Education Fund, and includes informational appropriations for federal COVID-19 funds.
