Fund. Joint Budget Committee staff estimates that at least \$1.7 billion, and up to \$2.8 billion when federal CARES act funding is included, consist of one-time budget measures. Many of these changes apply for FY 2020-21 only, and thus require scheduled increases in General Fund appropriations and transfers in FY 2021-22 and subsequent fiscal years. These amounts represent the 'deficit' with which the Joint Budget Committee and General Assembly would begin balancing efforts in FY 2021-22 without an offsetting increase in forecasted revenue. This bill would not require a General Fund appropriation for FY 2020-21. However, it is projected to require General Fund appropriations of \$40,000 in FY 2021-22 and \$150,000 in FY 2022-23, further increasing the base General Fund commitment in those fiscal years. This further reduces the amount of General Fund available for appropriations and obligations by the same amount.
