Summary of Legislation

This bill extends the repeal date for the Legislative Oversight Committee Concerning the Treatment of Persons with Mental Health Disorders in the Criminal and Juvenile Justice Systems (oversight committee) and the associated task force from July 1, 2020, until July 1, 2023. In addition, the bill changes the name and scope of the committee and task force to address the treatment of persons with behavioral health disorders in the criminal and juvenile justice systems, and reduces the size of the task force from 32 to 28.

Legislative Council Staff and the Office of Legislative Legal Services are required to supply staff assistance to the oversight committee. The Legislative Council Staff is required to provide staff assistance to the task force. If existing appropriations are not adequate to supply staff assistance, the Director of Legislative Council is required to request additional funding through the annual budget process.

Oversight Committee. The oversight committee is required to meet at least three times per year and provide oversight to the task force. Each committee member is required to attend or call into at least one regular task force meeting. The committee is required to submit an annual report to the General Assembly by January 15 of each year, including recommended legislation resulting from the work of the task force. Committee members may receive per diem and reimbursement for expenses. The committee may report up to five bills or other measures

Task force. The task force is required to meet at least six times per year and provide annual recommendations on policy and legislation to the oversight committee by October 1 each year. The three public members of the task force may receive reimbursement for expenses by the Legislative Council. Any state department or agency that is represented on the task force may receive and expend gifts, grants, and donations, for deposit into the newly created Treatment of Persons with Behavioral Health Disorders in the Criminal and Juvenile Justice Systems Fund (cash fund). Among its new duties, the task force must provide evidence-based feedback, or indicate a lack of evidence, on the potential benefits or consequences of a legislative or other policy proposal, within two weeks of the request.

State Revenue

The bill potentially increases state revenue from gifts, grants, and donations but no source of gifts, grants, or donations has been identified at this time.

State Expenditures

The bill increases General Fund expenditures by \$92,242 and 0.9 FTE in FY 2020-21 and \$93,129 and 1.0 FTE in FY 2021-22 for the Legislative Department. The bill requires the Office of Legislative Council Staff and the Office of Legislative Legal Services to provide staff within existing appropriations; however there are no existing appropriations available to implement the bill. New costs are shown in Table 2 and explained below.

Other participating agencies. A number of agencies are required to participate in the task force. These agencies can accomplish this increased workload within existing appropriations.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill.
