The bill allows restaurants to permit pet dogs in outdoor dining areas if certain conditions are met. Local jurisdictions may prohibit this practice. The bill may increase local government workload beginning in FY 2020-21.

**Appropriation  
Summary:** No appropriation is required.

**Fiscal Note  
Status:** The fiscal note reflects the enacted bill.

## Summary of Legislation

The bill creates exceptions to the Food Protection Act that would allow restaurants to permit pet dogs in outdoor dining areas, if certain conditions are met including:

- a separate entrance is available so that the pet dog does not pass through the interior of the restaurant;
- the pet dog is not permitted on chairs, benches, seats, or other furniture;
- the outdoor dining area is not used for food or drink preparations;
- the pet dog is under the control of a person, either on a leash or in a pet carrier;
- the licensee of the restaurant ensures compliance with local ordinances related to sidewalks, public nuisances, and sanitation; and
- the restaurant is in compliance with any other control measures approved by the county or district public health agency.

Local governments may prohibit allowing pet dogs in outdoor dining areas in their jurisdiction.

## Local Government

The bill may increase workload for local governments on an ongoing basis. Local governments that elect to prohibit dogs from restaurant patios may have additional enforcement work to ensure compliance with the bill.

**Effective Date**

The bill was signed into law by the Governor on March 23, 2020, and takes effect on September 14, 2020, assuming no referendum petition is filed.
