(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The bill provides funding as follows to support entities impacted by capacity restrictions imposed to address the COVID-19 pandemic:

- $37 million for direct relief payments to small businesses located in a county that is subject to, and in compliance with, severe capacity restrictions pursuant to a public health order, with payments allocated to the counties for
distribution to eligible small businesses, which businesses include restaurants, bars, movie theaters, and fitness and recreational sports centers;

- $7.5 million for direct relief payments to eligible arts, culture, and entertainment artists, crew members, and organizations, with payments allocated by the creative industries division in the Colorado office of economic development;

- $6,775,000 to the department of public health and environment to enable the department to contract with county or district boards of health to provide state funding in lieu of those local government agencies charging annual licensing fees to certain retail food establishments;

- $1.8 million to the department of revenue to offset the department's waiver of certain liquor license fees; and

- $4 million for use by the minority business office in the Colorado office of economic development to provide direct relief payments, grants and loans, and technical assistance and consulting support to minority-owned businesses.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

(a) Due to the COVID-19 pandemic and the ongoing public health emergency that Colorado has been battling since March of 2020, many small businesses in the state, including those that are subject to mandatory capacity restrictions, have suffered severe declines in revenue during the pandemic;

(b) Small, minority-owned, and women-owned businesses are among those most impacted by the pandemic;

(c) Arts venues and artists have also been severly impacted by the pandemic and associated public health restrictions;

(d) The closure of small businesses in the state also has a devastating effect on employees of those businesses, will further strain
the state's unemployment insurance program, and will have other ripple
effects throughout the state; and

(e) As more counties in the state move to heightened restrictions
on business operations to help contain COVID-19 and to protect the
health of all Coloradans, it is imperative that the state provide ___ relief
to those small businesses in the most severely restricted counties in order
to stem the tide of business closures, protect the state's economy and its
communities, and help small businesses continue their operations and
retain their employees.
