Summary of Legislation

This bill declares that the intent of the General Assembly is to not reduce either total program funding or the state share of total program funding during the supplemental appropriations process in the 2021 legislative session, regardless of actual changes in overall student count, at-risk student count, local property tax revenue, or specific ownership tax revenue.

Assessment of No Fiscal Impact

This bill declares that the intent of the General Assembly is to not reduce total program funding or state aid for K-12 public education from what was appropriated during the 2020 legislative session. Because legislative declarations are not statutorily binding, the bill does not impact state or local government revenue or expenditures, and therefore, is assessed as having no fiscal impact.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.
