The bill also requires the department to collect information that the owner of a vehicle voluntarily discloses about the disability of a person who is either authorized to drive, or a regular passenger of, the registered vehicle. The department shall make this information immediately available to a peace officer who queries information about the registered vehicle.

The department is required to notify peace officers about the creation of the disability identifier symbol and the availability of information regarding the disability of a driver or passenger of a motor vehicle.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 hereby finds and declares that:

4 (a) People living with visible and invisible disabilities, including  
5 cognitive disabilities, neurological diversities, mental health disorders,  
6 sensory needs, chronic illness, chronic pain, and physical disabilities, are  
7 equal and valuable citizens of the state of Colorado;

8 (b) According to a study published in 2016 by the Ruderman  
9 Family Foundation, up to half of all people killed by police in the United  
10 States have a disability, and almost all well-known cases of police  
11 brutality involve a person with a disability;

12 (c) Colorado's law enforcement officers perform honorably,  
13 courageously, and selflessly, and their safety remains of paramount  
14 importance;

15 (d) Law enforcement officers routinely encounter people living  
16 with disabilities such as neurodiversity or a mental health disorder while  
17 performing their duties;

18 (e) In Colorado, there are multiple instances every year of people  
19 living with disabilities such as neurodiversity or a mental health disorder  
20 having force applied against them by police officers. At times it is found

1 that the use of force is excessive, unjustified, or could have been avoided.

2 (f) Law enforcement officers may not have adequate training or  
3 experience identifying or interacting with people living with disabilities  
4 such as neurodiversity or a mental health disorder;

5 (g) Increasing an officer's knowledge of, and comfort with,  
6 interactions with people with disabilities such as neurodiversity or a  
7 mental health disorder will better serve Colorado's marginalized  
8 populations, as well as protect law enforcement officers while performing  
9 their duties; ■

10 (h) One way to avoid unnecessary escalation resulting from the  
11 failure of law enforcement officers to identify a person with a disability  
12 is by marking the person's driver's license or state identification card with  
13 a simple, widely recognized symbol, such as that adopted by the Invisible  
14 Disabilities Association, Inc., for this purpose, and by having disability  
15 information about a driver or regular passenger attached to a vehicle  
16 registration made available when law enforcement queries the vehicle's  
17 registration information, which symbol will indicate that the person has  
18 a disability that may result in behaviors or communications that may be  
19 misinterpreted in a stressful situation; and

20 (i) By directing the department of revenue to issue drivers'  
21 licenses and identification cards marked with such a symbol, the general  
22 assembly hopes to eliminate or reduce the number of use-of-force  
23 incidents between law enforcement officers and people with disabilities,  
24 including neurodiversity or a mental health disorder.
