- Defining "property values" as the sum of the actual value of all property, including the actual value of all tax-exempt property, as of December 31 of the prior year;
- Requiring documented negative gaming impacts to be explicitly identifiable;
- Defining "negative impacts"; and
- Allowing grants from the gambling addiction account to be used to provide gambling addiction treatment training to staff at nonprofit community mental health centers or clinics; this is in addition to the current authorized use for gambling addiction counseling services to Colorado residents.
