A BILL FOR AN ACT

CONCERNING THE EXPANSION OF THE JUSTICE REINVESTMENT CRIME PREVENTION INITIATIVE, AND, IN CONNECTION THEREWITH, CREATING A SMALL BUSINESS GRANT PROGRAM FOR FORMERLY INCARCERATED PERSONS AND MAKING AN APPROPRIATION.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The justice reinvestment crime prevention initiative (initiative), administered by the Colorado department of local affairs in the division of local government (department), incorporates programs that expand
small business lending and provide grants aimed at reducing crime and promoting community development in certain target communities. Effective October 1, 2021, the bill:

• Expands the initiative to a statewide program; and
• Adds a small business grant program for formerly incarcerated persons (program) to the initiative.

The bill requires the department to work with the Colorado department of corrections and the Colorado office of economic development in developing and implementing the program. The program shall include:

• A training program in business, finance, and entrepreneurship for formerly incarcerated persons;
• A small business grant for formerly incarcerated persons who have completed the training program and are selected by the department through a rigorous application process; and
• An ongoing consulting program in business, finance, and entrepreneurship for the selected grant recipients.

Selected grant recipients are eligible for the consulting program for at least one year from selection. The grants are funded from the general fund and are limited to no more than $50,000 per selected grant recipient per year.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The justice reinvestment crime prevention initiative is a community-led program that provides grants for direct services aimed at reducing crime and recidivism as well as small business lending to promote employment and community development in the target communities of north Aurora and southeast Colorado Springs;

(b) This program is in its pilot phase, and preliminary data indicates successful outcomes in both of the target communities;

(c) There are likely strategies that can demonstrate effectiveness in both rural and urban settings, and there are also likely to be important differences and distinctions, so this initiative would be more meaningful.
and useful if it includes both rural and urban communities; and

(d) Therefore, there would be substantial benefit for the state to expand the program to include the two rural communities of Grand Junction and Trinidad, including surrounding unincorporated areas, in order to design and effectuate community-based safety strategies and services in a rural setting.

(2) The general assembly further finds and declares that:

(a) Approximately seventy-seven million Americans, or one in three adults, have a criminal record and there is substantial empirical evidence that having a criminal record is a barrier to employment;

(b) The National Conference of State Legislatures estimated that the employment barriers faced by people with felony convictions were associated with a reduction in the overall employment rate, amounting to an estimated loss of at least 1.7 million workers from the workforce and a cost of at least $78 billion to the economy;

(c) These circumstances negatively impact the individual, his or her family and community, and the state;

(d) Although there have been concerted efforts at both the policy and direct service levels to help people with criminal records obtain employment, little has been done specifically to provide training and other support for those who are interested in starting their own business; and

(e) Small business ownership is one of the ways to integrate people fully into society and, if given training and assistance by local nonprofit organizations, people who have previously been in the criminal justice system would be in a better position to provide valuable services, goods, and jobs to their communities and the state.
SECTION 2. In Colorado Revised Statutes, 24-32-120, amend (1)(a), (1)(b)(I), (2)(b), (2)(c) introductory portion, (2)(c)(I), (2)(c)(II), (2)(c)(V), (2)(c)(VI), (2)(d), (2)(e) introductory portion, (2)(f), (2)(i)(III), (2)(i)(IV), and (3); and add (2)(c)(VII) and (2.5) as follows:

(1) (a) The division of local government shall administer the justice reinvestment crime prevention initiative to expand small business lending and provide grants aimed at reducing crime and promoting community development in the target communities of north Aurora and southeast Colorado Springs. Effective September 1, 2021, the target communities must also include the Grand Junction and Trinidad areas, including unincorporated areas outside of city limits.

(b) Subject to available appropriations, on and after August 10, 2017, the division shall develop and implement an initiative in accordance with policies developed by the executive director specifically designed to expand small business lending in the target communities described in this subsection (1).
